

Agency has not attempted to describe all the specific entities that may be affected by this action.

B. How can I get copies of this document and other related information?

The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2005-0123, is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), EPA West Bldg., Rm. 3334, 1301 Constitution Ave. NW., Washington, DC 20460-0001. The

Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPP Docket is (703) 305-5805. Please review the visitor instructions and additional information about the docket available at <http://www.epa.gov/dockets>.

II. What action is the agency taking?

Methyl bromide is a broad-spectrum fumigant chemical that can be used as an acaricide, fungicide, herbicide, insecticide, nematocide, and vertebrate

control agent. It is used most prevalently as a soil fumigant, but is also used as a postharvest treatment of commodities. In the **Federal Register** of May 20, 2011 (76 FR 29238) (FRL-8872-2), EPA published a cancellation order that terminated various uses of methyl bromide products. In letters dated January 20, 2014, two registrants, Soil Chemicals Corporation D/B/A Cardinal Professional Products and Trical, Inc., asked EPA to revise the provisions for existing stocks of certain products subject to that order. These registrations are listed in sequence by registration number in Table 1 of this unit.

TABLE 1—METHYL BROMIDE PRODUCT CANCELLATIONS SUBJECT TO THIS NOTICE

Registration No.	Product name	Company
8536-19	Methyl Bromide 98%	Soil Chemicals Corporation D/B/A Cardinal Professional Products.
11220-17	Methyl Bromide 89.5%	Trical, Inc.
11220-32 (previously identified as 8853-1)	MBC Concentrate Soil fumigant (previously identified as MBC Soil fumigant).	Trical, Inc. (previously identified as Hendrix and Dail, Incorporated).

Table 2 of this unit includes the names and addresses of record for the registrants of the products listed in

Table 1 of this unit, in sequence by EPA company number. This number corresponds to the first part of the EPA

registration numbers of the products listed in Table 1 of this unit.

TABLE 2—REGISTRANTS REQUESTING REVISION OF THE CANCELLATION ORDER

EPA Company No.	Company name and address
8536	Soil Chemicals Corporation D/B/A Cardinal Professional Products, P.O. Box 782, Hollister, CA 95024-0782.
11220	Trical, Inc., P.O. Box 1327, Hollister, CA 95024-1327.

Soil Chemicals Corporation D/B/A Cardinal Professional Products, and Trical, Inc. have asked EPA to extend the last allowable date for the sale and distribution of existing stocks of the products identified above (as defined in the May 20, 2011 order) for use on golf courses from April 30, 2014 to November 30, 2014 to allow sale and distribution during the 2014 golf course use season.

EPA hereby modifies the May 20, 2011 cancellation order to permit the sale and distribution of existing stocks of the methyl bromide registrations identified in Table 1 of Unit II for use on golf courses. This notice:

1. Allows sale and distribution of existing stocks of the affected products until November 30, 2014;
2. Allows use of existing stocks of the products purchased prior to April 30, 2014 according to the directions on the label for the product until those stocks are exhausted; and
3. Allows use of existing stocks that were purchased after April 30, 2014 only on golf courses according to the directions for that use on the label for

the product until those stocks are exhausted.

Provisions in the May 20, 2011 cancellation order that do not relate to use on golf courses are not affected by this revision.

III. What is the agency's authority for taking this action?

Section 6(a)(1) of FIFRA provides that the Administrator may permit the continued sale and use of existing stocks of a pesticide whose registration is canceled to such extent, under such conditions, and for such uses as the Administrator determines that such sale or use is not inconsistent with the purposes of the Act. In the May 20, 2011 cancellation order, EPA established various conditions and expiration dates for sale and use of existing stocks of methyl bromide products based on different use sites. This authority also allows EPA to revise those conditions so long as the continued sale and use of existing stocks of the canceled pesticides will not be inconsistent with the purposes of FIFRA.

Public Water System Supervision Program Approval for the State of Ohio

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of tentative approval.

SUMMARY: Notice is hereby given that the Environmental Protection Agency (EPA) has tentatively approved revisions to the State of Ohio's public water system supervision program. Ohio EPA has revised two of its rules to comply with the National Primary Drinking Water Regulations, including the Long-Term 1 Enhanced Surface Water Treatment Rule (LT1ESWTR) and the Lead and Copper Rule Short-Term Revisions and Clarifications. EPA has determined that these revisions are consistent with and no less stringent than the corresponding federal regulations. Therefore, EPA intends to approve these revisions to the State of Ohio's public water system supervision program, thereby giving Ohio EPA primary enforcement responsibility for these regulations. Ohio EPA has been implementing the LT1ESWTR since August 3, 2004, and Ohio EPA has been administering the revised lead and copper requirements since July 24, 2009.

Any interested party may request a public hearing. A request for a public hearing must be submitted by May 23, 2014 to the Regional Administrator at the EPA Region 5 address shown below. The Regional Administrator may deny frivolous or insubstantial requests for a hearing. However, if a substantial request for a public hearing is made by May 23, 2014 EPA Region 5 will hold a public hearing, and a notice of such hearing will be given in the **Federal Register** and a newspaper of general circulation. If EPA Region 5 does not receive a timely and appropriate request for a hearing and the Regional Administrator does not elect to hold a hearing on her own motion, this determination shall become final and effective on May 23, 2014. Any request for a public hearing shall include the following information: The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; a brief statement of the requesting person's interest in the Regional Administrator's determination and a brief statement of the information that the requesting person intends to submit at such hearing; and the signature of the individual making the request, or, if the request is made on
