Agricultural Marketing Service

Title: Local Food Marketing Directories and Survey.

OMB Control Number: 0581-NEW.

Summary of Collection: The Marketing Services Division of USDA's Agricultural Marketing Service identifies marketing opportunities, provides analysis to help take advantage of those opportunities and develops and evaluates solutions including improving direct-to-customer marketing activities. Section 203(a) of the Agricultural Marketing Act of 1946, (7 U.S.C. 1621-1627), as amended, directs and authorizes the Secretary of Agriculture "to determine the needs and develop or assist in the development of plans for efficient facilities and methods of operating such facilities. In addition, the Farmer-to-Consumer Direct Marketing Act of 1976 supports USDA's work to enhance the effectiveness of direct marketing, such as the development of farmers markets, on-farm markets, CSA's and food hubs. On-farm markets, community supported agriculture (CSA) as well as food hubs comprise an integral part of the urban/farm linkage and have continued to rise in popularity, mostly due to the growing customer interest in obtaining fresh products directly from the farm.

Need and Use of the Information: On-farm markets, CSAs, and food hubs serve different parts of the food marketing chain, but all focus on the small-to-medium-sized agricultural producers. The survey will cover topics such as: characteristics and history of on-farm markets; CSAs and food hubs; types of products sold, including fresh, locally-grown farm products; location of the markets, special events, marketing methods, participation in federal

programs designed to increase consumption of fresh fruits and vegetables. The data collected will be used to build three web-based directories and describe the characteristics of each and identify trends in their communities.

Description of Respondents: Farm operators that operate on-farm stores, operators of Community Supported Agriculture (CSA's), farm operations, and operators of food hubs.

Number of Respondents: 56,750.

Frequency of Responses: Annually.

Total Burden Hours: 355.

Departmental Information Collection Clearance Officer.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Bureau of Industry and Security (BIS).

Title: Five-Year Records Retention Requirement for Export Transactions and Boycott Actions.

OMB Control Number: 0694-0096.

Form Number(s): N/A.

Type of Request: Regular submission (extension of a currently approved information collection).

Number of Respondents: 1,800,412.

Average Hours per Response: 1 minute.

Burden Hours: 30,007.

Needs and Uses: All parties involved in export transactions and the U.S. party involved in a boycott action are required to maintain records of these activities for a period of five years. These records may be retained in an electronic format or in paper form and include export control documents and other documents described in Section 762 of the Export Administration Regulations (EAR). The five-year record retention period corresponds with the five-year statute of limitations for criminal actions brought under the International Emergency Economic Powers Act, the Export Administration Act of 1979 and predecessor acts, and the five-year statute for administrative compliance proceedings. Without this authority, potential violators could discard records

demonstrating violations of the EAR prior to the expiration of the five-year statute of limitations.

Affected Public: Businesses and other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Required to obtain benefits.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: DOC National Environmental Policy Act Environmental Questionnaire and Checklist.

OMB Control Number: 0690-0028.

Form Number(s): NA.

Type of Request: Regular submission (revision and extension of a current information collection).

Number of Respondents: 1,000.

Average Hours per Response: 3 hours.

Burden Hours: 3,000.

Needs and Uses: This request is for revision and extension of a currently approved information collection.

The National Environmental Policy Act (NEPA) (42 U.S.C. 4321-4347) and the Council on Environmental Quality's (CEQ) Regulations for Implementing NEPA (40 CFR 1500-1508) require that an environmental analysis be completed for all major federal actions significantly affecting the environment. NEPA applies only to the actions of federal agencies. Those actions may include a federal agency's decision to fund non-federal projects under grants and cooperative agreements. In order to determine NEPA compliance

requirements for a project receiving Department of Commerce (DOC) bureau-level funding, DOC must assess information which can only be provided by the applicant for federal financial assistance (grant). These include mainly grants to applicants for federal assistance and federal entities proposing construction or infrastructure projects. NEPA requires that a number of items be considered prior to funding and conducting any activity.

The Environmental Questionnaire and Checklist (EQC) provides federal financial assistance applicants and DOC staff with a tool to ensure that the necessary project and environmental information is obtained. The EQC was developed to collect data concerning potential environmental impacts and help educate the Federal reviewer about the project, streamline the collection of data, and maintain consistency in quality and quantity of information received. The EQC will allow for a more rapid review of infrastructure projects and facilitate DOC in evaluating the potential environmental impacts of a project and level of NEPA required. DOC staff will use the information provided in answers to the questionnaire to determine compliance requirements for NEPA and conduct subsequent NEPA analysis as needed. Information provided in the questionnaire may also be used for other regulatory review requirements associated with the proposed project, such as the National Historic Preservation Act.

Revision: The checklist is being revised to improve understanding and clarity of the questions.

Affected Public: \$1,000 in miscellaneous costs (\$5 x approximately 200 respondents who would mail attachments rather than emailing them).

Frequency: On occasion.

Respondent's Obligation: Required to obtain or maintain benefits.
