There are three (3) existing buildings located on the parcel. These buildings are not needed for aeronautical use and are to be removed. This will ensure that all activities contemplated on the parcel will be compatible with FAA requirements and airport operations.

The disposition of proceeds from the lease of the airport property will be in accordance with FAA's Policy and Procedures Concerning the Use of Airport Revenue, published in the **Federal Register** on February 16, 1999 (64 FR 7696).

This notice announces that the FAA is considering the release of the subject airport property at the Port Columbus International Airport, Columbus, Ohio from its obligations to be maintained for aeronautical purposes. Approval does not constitute a commitment by the FAA to financially assist in the change in use of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA.
