

(ii) Alternative funding sources that reduce reliance on Federal, State, and local grants; and

(iii) The use of in-house personnel for providing services versus contracting out for that expertise. Please discuss your strategy for building in-house technical assistance capacity.

**A. Program Description**

The SSDPG Program is authorized by 310B (e) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1932). The primary objective of the SSDPG program is to provide Technical Assistance to Small, Socially-Disadvantaged Agricultural Producers.

Grants are awarded on a competitive basis. The maximum award amount per grant is \$200,000. Grants are available for Cooperative Development Centers, individual Cooperatives, or Groups of Cooperatives that serve Small Socially-Disadvantaged Producers and where a majority of the boards of directors or governing board is comprised of members of Socially-Disadvantaged Groups.

*Definitions*

*Agency*—Rural Business-Cooperative Service, an agency of the United States Department of Agriculture (USDA) Rural Development or a successor agency.

*Agricultural Commodity*—An unprocessed product of farms, ranches, nurseries, and forests. Agricultural commodities include: livestock, poultry, and fish; fruits and vegetables; grains, such as wheat, barley, oats, rye, triticale, rice, corn, and sorghum; legumes, such as field beans and peas; animal feed and forage crops; seed crops; fiber crops, such as cotton; oil crops, such as safflower, sunflower, corn, and cottonseed; trees grown for lumber and wood products; nursery stock grown commercially; Christmas trees; ornamentals and cut flowers; and turf grown commercially for sod. Agricultural commodities do not include horses or animals raised as pets, such as cats, dogs, and ferrets.

*Conflict of Interest*—A situation in which a person or entity has competing personal, professional, or financial interests that make it difficult for the person or business to act impartially. Federal procurement standards prohibit transactions that involve a real or apparent conflict of interest for owners, employees, officers, agents, or their immediate family members having a financial or other interest in the outcome of the project; or that restrict open and free competition for unrestrained trade. Specifically, project funds may not be used for services or goods going to, or coming from, a person or entity with a real or apparent conflict of interest, including, but not limited to, owner(s) and their immediate family members. Examples of conflicts of interest include using grant funds to pay a member of the applicant's board of directors to provide proposed technical assistance to socially-disadvantaged producers; pay an individual identified as a small-socially disadvantaged producer to provide proposed technical assistance to other small-socially disadvantaged producers; and pay an immediate family member of the applicant to provide proposed technical

assistance to socially-disadvantaged producers.

*Cooperative*—A farmer- or rancher-owned and -controlled business, organized and chartered as a cooperative, from which benefits are derived and distributed equitably on the basis of use by each of the farmer or rancher owners whose primary focus is to provide assistance to Small, Socially-Disadvantaged Agricultural Producers and where a majority of the board of directors or governing board is comprised of individuals who are members of Socially-Disadvantaged Groups.

*Cooperative Development Center*—A nonprofit corporation or accredited institution of higher education that is currently being operated by the grantee for rural cooperative development and where a majority of the board of directors or governing board is comprised of individuals who are members of Socially-Disadvantaged Groups. It may or may not be an independent legal entity separate from the grantee. The Center's main objective is to assist Cooperatives with their startup, expansion or operational improvement in order to promote development in rural areas of services and products, processes that can be used in the marketing of products, or enterprises that create Value-Added to farm products through processing or marketing activities. Cooperative development activities may include, but are not limited to, Technical Assistance, research services, educational services and advisory services. Operational improvement includes making the Cooperative more efficient or better managed.

*Cooperative Services*—The office within Rural Business-Cooperative Service, and any successor organization, that administers programs authorized by the Cooperative Marketing Act of 1926 (7 U.S.C. 451 *et seq.*) and such other programs identified in USDA regulations.

*Economic Development*—The economic growth of an area as evidenced by increase in total income, employment opportunities, decreased out-migration of population, value of production, increased diversification of industry, higher labor force participation rates, increased duration of employment, higher wage levels, or gains in other measurements of economic activity, such as land values.

*Feasibility Study*—An analysis of the economic, market, technical, financial, and management feasibility of a proposed Project.

*Group of Cooperatives*—A group of Cooperatives whose primary focus is to

provide assistance to Small, Socially-Disadvantaged Agricultural Producers and where a majority of the board of directors or governing board is comprised of individuals who are members of Socially-Disadvantaged Groups.

**Operating Cost**—The day-to-day expenses of running a business; for example: utilities, rent on the office space a business occupies, salaries, depreciation, product production costs, marketing and advertising, and other basic overhead items.

**Project**—Includes all activities to be funded by the Small Socially-Disadvantaged Producer Grant.

**Rural and Rural Area**—Any area of a State:

(1) Not in a city or town that has a population of more than 50,000 inhabitants, according to the latest decennial census of the United States; and

(2) The contiguous and adjacent urbanized area,

(3) Urbanized areas that are rural in character as defined by 7 U.S.C. 1991(a)(13), as amended by Section 6018 of the Food, Conservation, and Energy Act of 2008, Public Law 110–246 (June 18, 2008).

(4) For the purposes of this definition, cities and towns are incorporated population centers with definite boundaries, local self-government, and legal powers set forth in a charter granted by the State. Notwithstanding any other provision of this paragraph, within the areas of the County of Honolulu, Hawaii, and the Commonwealth of Puerto Rico, the Secretary may designate any part of the areas as a rural area if the Secretary determines that the part is not urban in character, other than any area included in the Honolulu census designated place (CDP) or the San Juan CDP.

**Rural Development**—A mission area within USDA consisting of the Office of Under Secretary for Rural Development, Rural Business-Cooperative Services, Rural Housing Service, and Rural Utilities Service and any successors.

**Small, Socially-Disadvantaged Producer**—Individual agricultural producers including farmers, ranchers, loggers, agricultural harvesters, and fishermen, that have averaged \$250,000 or less in annual gross sales of agricultural products in the last 3 years and are members of a Socially-Disadvantaged Group. In the event that there are multiple owners, the Agency requires that at least 51 percent of the ownership be held by members of a Socially-Disadvantaged Group.

**Socially-Disadvantaged Group**—A group whose members have been

subjected to racial, ethnic, or gender prejudice because of their identity as members of a group without regard to their individual qualities.

**State**—Includes each of the 50 states, the Commonwealth of Puerto Rico, the Virgin Islands of the United States, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and, as may be determined by the Secretary to be feasible, appropriate and lawful, the Federated States of Micronesia, the Republic of the Marshall Islands and the Republic of Palau.

**Technical Assistance**—An advisory service performed for the benefit of a Small, Socially-Disadvantaged Producer such as market research; product and/or service improvement; legal advice and assistance; Feasibility Study, business plan, and marketing plan development; and training. Technical Assistance does not include the Operating Costs of a cooperative being assisted.

**Value-Added**—The incremental value that is realized by the producer from an agricultural commodity or product as the result of a change in its physical state, differentiated production or marketing, as demonstrated in a business plan, or product segregation. Incremental value may be realized by the producer as a result of either an increase in value to buyers or the expansion of the overall market for the product. Examples include milling wheat into flour, slaughtering livestock or poultry, making strawberries into jam, and marketing of organic products.

number in the application. In addition, an applicant must maintain its registration in SAM during the time its application is active. Finally, an applicant must have the necessary processes and systems in place to comply with the reporting requirements in 2 CFR 170.200(b), as long as it is not exempted from reporting. 2. **Cost Sharing or Matching.** No matching funds are required.

3. **Other Eligibility Requirements.**

**Use of Funds:** Funds may only be used for Technical Assistance Projects as defined in this Notice.

**Project Area Eligibility:** The proposed Project must take place in a Rural Area as defined in this Notice. Rural Development is encouraging applications for Projects that will support Rural Areas where according to the American Community Survey data by census tracts show at least 20 percent of the population is living in poverty. This emphasis will support Rural Development's goal of providing 20 percent of its funding by 2016 to these areas of need.

**Grant Period Eligibility:** If awarded, grant funds must be used within 12 months. Applications must have a time frame of one year or less. Your proposed time frame should begin no earlier than the grant award date and end no later than December 31, 2015. However, you should note that the anticipated award date is September 1, so your proposed start date should be after September 1, 2014. Projects must be completed within the 12-month time frame. The Agency may approve requests to extend the grant period for up to an additional 12 months at its discretion. Further guidance on grant period extensions will be provided in the award document.

However, you may not have more than one active SSDPG during the same grant period. If you receive another SSDPG during the next grant cycle, the first grant must be closed before funds can be obligated for the new grant. Applications that request funds for a time period ending after December 31, 2015, will not be considered for funding.

If you have an existing SSDPG award, you must be performing satisfactorily to be considered eligible for a new award. Satisfactory performance includes being up-to-date on all financial and performance reports and being current on all tasks as approved in the work plan. The Agency will use its discretion to make this determination.

**Completeness Eligibility:** Your application must provide all of the information requested in Section D (2)

of this Notice. Applications lacking sufficient information to determine eligibility and scoring will be considered ineligible.

**Multiple Grant Eligibility:** You may only submit one SSDPG grant application each funding cycle.

#### 4. Submission Dates and Times

*Application Deadline Date:* June 30, 2014.

*Explanation of Deadlines:* Paper applications must be POSTMARKED and mailed, shipped, or sent overnight by June 30, 2014. #### 5. Intergovernmental Review

Executive Order (EO) 12372, Intergovernmental Review of Federal Programs, applies to this program. This EO requires that Federal agencies provide opportunities for consultation on proposed assistance with State and local governments. Many States have established a Single Point of Contact (SPOC) to facilitate this consultation. A list of States that maintain a SPOC may be obtained at [http://www.whitehouse.gov/omb/grants\\_spoc](http://www.whitehouse.gov/omb/grants_spoc). If your State has a SPOC, you may submit your application directly for review. Any comments obtained through the SPOC must be provided to Rural Development for consideration as part of your application. If your State has not established a SPOC or you do not want to submit your application to the SPOC, Rural Development will submit your application to the SPOC or other appropriate agency or agencies.

You are also encouraged to contact Cooperative Programs at 202-720-7558 or [cpgrants@wdc.usda.gov](mailto:cpgrants@wdc.usda.gov) if you have questions about this process.

However, if your application is successful, those ineligible costs must be removed and replaced with eligible costs before the Agency will make the grant award or the amount of the grant award will be reduced accordingly. If we cannot determine the percentage of

ineligible costs, your application will not be considered for funding.

#### 7. National Environmental Policy Act

This NOFA has been reviewed in accordance with 7 CFR part 1940, subpart G, "Environmental Program." We have determined that an Environmental Impact Statement is not required because the issuance of regulations and instructions, as well as amendments to them, describing administrative and financial procedures for processing, approving, and implementing the Agency's financial programs is categorically excluded in the Agency's National Environmental Policy Act (NEPA) regulation found at 7 CFR § 1940.310(e)(3) of subpart G, "Environmental Program." We have determined that this NOFA does not constitute a major Federal action significantly affecting the quality of the human environment. Individual awards under this NOFA are hereby classified as Categorical Exclusions according to 7 CFR § 1940.310(e), the award of financial assistance for planning purposes, management and feasibility studies, or environmental impact analyses, which do not require any additional documentation.

#### 8. Civil Rights Compliance Requirements

#### E. Application Review Information

##### 1. Scoring Criteria

All eligible and complete applications will be evaluated based on the following criteria. Failure to address any one of the following criteria by the application deadline will result in the application being determined ineligible and the application will not be considered for funding. Evaluators will base scores only on the information provided or cross-referenced by page number in each individual scoring criterion. The total points possible for the criteria are 60.

I. *Technical Assistance (maximum score of 15 points).* A panel of USDA employees will evaluate your application to determine your ability to assess the needs of Small Socially-Disadvantaged Producers, plan and conduct appropriate and effective Technical Assistance, and identify the expected outcomes of that assistance.

Higher points are awarded if you identify specific needs of the Socially-Disadvantaged Producers to be assisted;

clearly explain a logical and detailed plan of assistance for addressing those needs; and discuss realistic outcomes of planned assistance.

II. *Experience (maximum score of 15 points)*. A panel of USDA employees will evaluate your length of experience for identified staff or consultants in providing Technical Assistance, as defined in this Notice. You must describe the specific type of Technical Assistance experience for each identified staff member or consultant, as well as years of experience in providing that assistance. In addition, resumes for each individual staff member or consultant must be included as an attachment, listing their experience for the type of Technical Assistance proposed. The attachments will not count toward the maximum page total. We will compare the described experience to the work plan to determine relevance of the experience. Applications that do not include the attached resumes will not be considered for funding.

Higher points will be awarded if a majority of identified staff or consultants demonstrate 5 or more years of experience in providing relevant Technical Assistance. ## DEPARTMENT OF AGRICULTURE

### Rural Business-Cooperative Service

#### Locally or Regionally Produced Agricultural Food Products

**AGENCY:** Rural Business-Cooperative Service, USDA.

**ACTION:** Notice.

**SUMMARY:** The Locally or Regionally Produced Agricultural Food Products provision, under the Business and Industry (B&I) Guaranteed Loan Program, is designed to help facilitate the production, processing, and distribution of locally and regionally produced agricultural food products. Although demand exists for locally and regionally produced foods, producers in many parts of the country have difficulties accessing markets and processing facilities as well as establishing distribution channels. In addition, some retail outlets are less willing to buy from smaller volume producers because the volume of food that the producers can supply at any one time is insufficient.

The Locally or Regionally Produced Agricultural Food Products provision provides loan guarantees for the purpose of establishing or facilitating enterprises that process, distribute, aggregate, store, and market locally or regionally produced agricultural food products to support community development and farm and ranch income. For purposes of this provision under the B&I Guaranteed Loan Program, 7 U.S.C. 1932(g)(9) provides: "The term 'locally or regionally produced agricultural food product' means any agricultural food product that is raised, produced, and distributed in the locality or region in which the final product is marketed, so that the total distance that the product is transported is less than 400 miles from the origin of the product, or in the State in which the product is produced." Food products could be raw, cooked, or a processed edible substance, beverages, or ingredients used or intended for use or for sale in whole or in part for human consumption.

To be eligible for funding through the Locally or Regionally Produced Agricultural Food Products provision, projects must ensure that there is an agreement that the local or regional nature of the food product is conveyed to the end consumer. If the end product is sold at a grocery retail facility or institution, local products must be identified to the consumer with a sticker, sign, or other indicator of the product's local or regional origin.

The Locally or Regionally Produced Agricultural Food Products provision gives priority to the financing of projects that provide a benefit to underserved communities. An underserved community is defined as a community (including an urban or rural community and an Indian tribal community) that has limited access to affordable, healthy foods, including fresh fruits and vegetables, in grocery retail stores or
