

Regulatory Commission (NRC) staff regarding the psychological foundation for HRA and an Integration Decision-tree Human Event Analysis System (IDHEAS) methodology for generic nuclear power plant (NPP) operations.

10:45 a.m.–11:45 a.m.: Overview of the Early Site Permit (ESP) Process (Open)—The Committee will hear presentations by and hold discussions with representatives of the NRC staff regarding the ESP process.

12:30 p.m.–2:00 p.m.: Meeting with Commissioner Magwood (Open)—The Committee will discuss items of mutual interest with Commissioner Magwood.

2:15 p.m.–4:15 p.m.: SECY-14-0016, “Ongoing Staff Activities to Assess Regulatory Considerations for Power Reactor Subsequent License Renewal” (Open)—The Committee will hear presentations by and hold discussions with representatives of the NRC staff regarding ongoing activities related to Subsequent License Renewal.

4:15 p.m.–6:00 p.m.: Preparation of ACRS Reports (Open)—The Committee will discuss proposed ACRS reports on matters discussed during this meeting. The Committee will also consider a response to the February 24, 2014, letter from the Executive Director for Operations regarding Chapters 6 and 7 of the Safety Evaluation Report with Open Items for Certification of the US-APWR design and related long term core cooling issues.

Friday, May 9, 2014, Conference Room T-2B1, 11545 Rockville Pike, Rockville, Maryland

8:30 a.m.–8:35 a.m.: Future ACRS Activities/Report of the Planning and Procedures Subcommittee (Open/Closed)—The Committee will discuss the recommendations of the Planning and Procedures Subcommittee regarding items proposed for consideration by the Full Committee during future ACRS Meetings, and matters related to the conduct of ACRS business, including anticipated workload and member assignments. [Note: A portion of this meeting may be closed pursuant to 5 U.S.C. 552b (c) (2) and (6) to discuss organizational and personnel matters that relate solely to internal personnel rules and practices of ACRS, and information the release of which would constitute a clearly unwarranted invasion of personal privacy.]

10:00 a.m.–10:15 a.m.: Reconciliation of ACRS Comments and Recommendations (Open)—The Committee will discuss the responses from the NRC Executive Director for Operations to comments and recommendations included in recent ACRS reports and letters.

10:30 p.m.–6:00 p.m.: Preparation of ACRS Reports (Open)—The Committee will continue its discussion of proposed ACRS reports on matters discussed during this meeting. The Committee will also consider a response to the February 24, 2014, letter from the Executive Director for Operations regarding Chapters 6 and 7 of the Safety Evaluation Report with Open Items for Certification of the US-APWR design and related long term core cooling issues.

Saturday, May 10, 2014, Conference Room T-2B1, 11545 Rockville Pike, Rockville, Maryland

8:30 a.m.–10:00 a.m.: Preparation of ACRS Reports (Open)—The Committee will continue its discussion of proposed ACRS reports on matters discussed during this meeting. The Committee will also consider a response to the February 24, 2014, letter from the Executive Director for Operations regarding Chapters 6 and 7 of the Safety Evaluation Report with Open Items for Certification of the US-APWR design and related long term core cooling issues.

10:00 a.m.–12:00 p.m.: Miscellaneous (Closed)—The Committee will discuss matters related to the conduct of Committee activities and specific issues that were not completed during previous meetings, as time and availability of information permit.

Procedures for the conduct of and participation in ACRS meetings were published in the **Federal Register** on November 8, 2013 (78 FR 67205–67206). In accordance with those procedures, oral or written views may be presented by members of the public, including representatives of the nuclear industry. Persons desiring to make oral statements should notify Quynh Nguyen, Cognizant ACRS Staff (Telephone: 301-415-5844, Email: Quynh.Nguyen@nrc.gov), five days before the meeting, if possible, so that appropriate arrangements can be made to allow necessary time during the meeting for such statements. In view of the possibility that the schedule for ACRS meetings may be adjusted by the Chairman as necessary to facilitate the conduct of the meeting, persons planning to attend should check with the Cognizant ACRS staff if such rescheduling would result in major inconvenience.

Thirty-five hard copies of each presentation or handout should be provided 30 minutes before the meeting. In addition, one electronic copy of each presentation should be emailed to the Cognizant ACRS Staff one day before meeting. If an electronic copy cannot be provided within this timeframe,

presenters should provide the Cognizant ACRS Staff with a CD containing each presentation at least 30 minutes before the meeting.

In accordance with Subsection 10(d) Public Law 92-463, and 5 U.S.C. 552b(c), certain portions of this meeting may be closed, as specifically noted above. Use of still, motion picture, and television cameras during the meeting may be limited to selected portions of the meeting as determined by the Chairman. Electronic recordings will be permitted only during the open portions of the meeting.

ACRS meeting agenda, meeting transcripts, and letter reports are available through the NRC Public Document Room at pdr.resource@nrc.gov, or by calling the PDR at 1-800-397-4209, or from the Publicly Available Records System (PARS) component of NRC's document system (Agencywide Documents Access and Management System) which is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> or <http://www.nrc.gov/reading-rm/doc-collections/ACRS/>.

Video teleconferencing service is available for observing open sessions of ACRS meetings. Those wishing to use this service should contact Mr. Theron Brown, ACRS Audio Visual Technician (301-415-8066), between 7:30 a.m. and 3:45 p.m. (ET), at least 10 days before the meeting to ensure the availability of this service. Individuals or organizations requesting this service will be responsible for telephone line charges and for providing the equipment and facilities that they use to establish the video teleconferencing link. The availability of video teleconferencing services is not guaranteed.

Date: April 25, 2014.

Andrew L. Bates,

Advisory Committee Management Officer.

BILLING CODE 7590-01-P

POSTAL SERVICE

Privacy Act of 1974; System of Records

AGENCY: Postal Service™.

ACTION: Notice of modification to existing systems of records.

SUMMARY: The United States Postal Service® (Postal Service) is proposing to modify a Customer Privacy Act System of Records (SOR) to support the enforcement of United States customs, export control, and export statistics laws

with regards to mailpieces exported from the United States.

Additionally, the Postal Service is establishing a new Customer Privacy Act SOR to enable the collection and maintenance of electronic customs information received from foreign postal operators with regard to inbound, international mail pieces. Such information is intended to support domestic customs, operations, and other processes related to the international exchange of mail.

DATES: These revisions will become effective without further notice on June 2, 2014 unless comments received on or before that date result in a contrary determination.

ADDRESSES: Comments may be mailed or delivered to the Privacy and Records Office, United States Postal Service, 475 L'Enfant Plaza SW., Room 9517, Washington, DC 20260-1101. Copies of all written comments will be available at this address for public inspection and photocopying between 8 a.m. and 4 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Matthew J. Connolly, Chief Privacy Officer, Privacy and Records Office, 202-268-8582 or privacy@usps.gov.

SUPPLEMENTARY INFORMATION: This notice is in accordance with the Privacy Act requirement that agencies publish their systems of records in the **Federal Register** when there is a revision, change, or addition, or when the agency establishes a new system of records. The Postal Service™ has determined that one Customer Privacy Act System of Records should be revised to modify categories of individuals covered by the system, categories of records in the system, authority for maintenance of the system, purpose(s), routine uses of records in the system, including categories of users and the purpose of such uses, retrievability, and system manager(s) and address. Additionally, the Postal Service is creating a new Customer Privacy Act System of Records for customs data on inbound international mailpieces mailed from international locations to the United States.

I. Background

The Postal Service currently collects, stores, and retrieves electronic customs declaration information on mailpieces exported from the United States. This information is provided to domestic customs officials to support United States export requirements. To facilitate the entry and movement of mail throughout the world, the Postal Service also intends to send customs declaration information to postal operators as well

as intermediary companies involved in electronic data exchanges.

Furthermore, to facilitate the importation of items into the United States through customs control, the Postal Service is entering into agreements with foreign postal operators that will permit parties to the agreements (*i.e.*, postal operators) to exchange information on international shipments. To enable the Postal Service to maintain and use data received from foreign postal operators pursuant to these agreements, and to ensure that such information is maintained in accordance with the restrictions contained in those agreements, the Postal Service is establishing a new SOR, USPS 900.100, Customs Data Received from Foreign Posts.

II. Rationale for Changes to USPS Privacy Act Systems of Records

The Postal Service is proposing several modifications to SOR 900.000. First, the SOR is being amended to reflect that the Postal Service intends to maintain information on customers shipping to or from international locations as well as customers receiving items shipped to or from international locations. Second, the Postal Service is updating the categories of records in the SOR to account for the collection of additional types of shipment-specific information that is supplied by customers on current customs declaration forms. To complement these changes, the Postal Service is also clarifying that records may be retrieved by any information supplied by the customer on such forms.

Third, the Postal Service is modifying the SOR to enable information maintained in this system to be used to facilitate the enforcement of domestic customs, export control, and export statistics laws. Finally, the Postal Service is amending standard routine use (a) to permit the sharing of information in this system with foreign postal operators and intermediary companies involved in electronic data exchanges with those foreign customs agencies and postal operators. Additional clarifications specify that records are shared with domestic export control agencies. Collectively, these changes are intended to enhance the Postal Service's role in facilitating the movement of cross-border mail, while ensuring that customs and export requirements, as well as governmental objectives for trade statistics reporting, are fulfilled. Technical corrections are also being made to the sections on legal authority and system managers.

As mentioned above, the Postal Service is entering into agreements with

foreign postal operators that will permit parties to the agreements (*i.e.*, postal operators) to exchange information on international shipments. SOR 900.100, Customs Data Received from Foreign Posts, will allow the Postal Service to receive and maintain electronic information supplied by foreign posts on mailings sent from foreign jurisdictions to domestic recipients. To facilitate enforcement of domestic customs laws and regulations, the Postal Service intends to disclose such information to domestic customs officials, subject to the conditions of any agreement between the Postal Service and a foreign postal operator transmitting customs data to the Postal Service.

III. Description of Changes to Systems of Records

Pursuant to 5 U.S.C. 552a(e)(11), interested persons are invited to submit written data, views, or arguments on this proposal. A report of the proposed modifications has been sent to Congress and to the Office of Management and Budget for their evaluations. The Postal Service does not expect this amended system of records to have any adverse effect on individual privacy rights. The affected systems are as follows:

USPS 900.000

SYSTEM NAME: International Services

IV. Description of New System of Records

The United States Postal Service is adding a new system of records to its Customer Privacy Act Systems of Records Management System. This new system of records is being established to account for information being collected and stored for inbound international mail and packages. The Postal Service proposes adding the system as shown below:

USPS 900.100

SYSTEM NAME: Customs Data Received from Foreign Posts

Accordingly, for the reasons stated, the Postal Service proposes changes in the existing system of records as follows:

USPS 900.000

SYSTEM NAME:

[CHANGE TO READ]

USPS International Services

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

[CHANGE TO READ]

USPS customers shipping to or from international locations. Customers receiving items shipped to or from international locations.

CATEGORIES OF RECORDS IN THE SYSTEM:

* * * * *

* * * * *

[ADD NEW TEXT/SYSTEM OF RECORD]

USPS 900.100**SYSTEM NAME:**

Customs Data Received From Foreign Posts

SYSTEM LOCATION:

USPS Headquarters, Integrated Business Solutions Services Centers, and USPS facilities.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Customers shipping from international locations. Customers receiving items shipped from international locations.

CATEGORIES OF RECORDS IN THE SYSTEM:

1. The S10 13-character item identifier or any bilaterally agreed identifier.
2. The full name and postal address of the mailer.
3. The name and postal address of the intended recipient.
4. The gross weight of the item.
5. The total value of the item with the currency used.
6. The nature of the content (gift, document, a commercial sample, or some other content).
7. For each distinct type of content of the item: Its description, the quantity and unit of measurement, its value, and its net weight.
8. For commercial items: The HS tariff number, the country of origin of the goods.
9. For items that require a Universal Postal Union (UPU) customs declaration form CN23: The importer's reference and details; the type and identifier of each document accompanying the item (invoice, certificate, license, authorization for goods subject to quarantine or other documents depending on the content and origin and destination of the item); other information and observations provided by the mailer and relevant for customs control, including, but not limited to, information about quarantine restrictions and the numbers of any licenses related to the item.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

39 U.S.C. 401, 404, and 407; Section 343(a) of the Trade Act of 2002, P.L. 107–210, and international agreements or regulations.

PURPOSE(S):

1. To collect data necessary for customs purposes.
2. To support processes related to the international exchange of mail.
3. To support operational purposes.

ROUTINE USES OF RECORDS IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

Standard routine uses 1. through 7., 10., and 11.

In addition:

Customs declaration records may be disclosed to domestic customs officials. When USPS has executed an agreement with a foreign postal operator for the exchange of customs declaration records, discretionary routine use disclosures for records exchanged in accordance with the agreement may be further restricted to extent provided by the agreement.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM STORAGE:

Automated databases, computer storage media, and digital and paper files.

RETRIEVABILITY:

1. The S10 13-character item identifier or any bilaterally agreed identifier.
2. The full name and postal address of the mailer.
3. The name and postal address of the intended recipient.
4. The gross weight of the item.
5. The total value of the item with the currency used.
6. The nature of the content (gift, document, a commercial sample, or some other content).
7. For each distinct type of content of the item: Its description, the quantity and unit of measurement, its value, and its net weight.
8. For commercial items: The HS tariff number, the country of origin of the goods.
9. For items that require a Universal Postal Union (UPU) customs declaration form CN23: The importer's reference and details; the type and identifier of each document accompanying the item (invoice, certificate, license, authorization for goods subject to quarantine or other documents depending on the content and origin and destination of the item); other information and observations provided by the mailer and relevant for customs control, including, but not limited to, information about quarantine restrictions and the numbers of any licenses related to the item.

SAFEGUARDS:

Paper records, computers, and computer storage media are located in controlled-access areas under supervision of program personnel. Access to these areas is limited to authorized personnel, who must be identified with a badge.

Access to records is limited to individuals whose official duties require such access. Contractors and licensees are subject to contract controls and unannounced on-site audits and inspections.

Computers are protected by mechanical locks, card key systems, or other physical access control methods. The use of computer systems is regulated with installed security software, computer logon identifications, and operating system controls including access controls, terminal and transaction logging, and file management software.

RETENTION AND DISPOSAL:

Customs declaration records stored in electronic data systems are retained 5 years, and then purged according to the requirements of domestic and foreign customs services.

Records existing on computer storage media are destroyed according to the applicable USPS media sanitization practice.

SYSTEM MANAGER(S) AND ADDRESS:

Vice President, Network Operations, United States Postal Service, 475 L'Enfant Plaza SW., Washington, DC 20260.

NOTIFICATION PROCEDURE:

Customers wanting to know if other information about them is maintained in this system of records must address inquiries in writing to the system manager, and include their name and address.

RECORD ACCESS PROCEDURES:

Requests for access must be made in accordance with the Notification Procedure above and USPS Privacy Act regulations regarding access to records and verification of identity under 39 CFR 266.6.

CONTESTING RECORD PROCEDURES:

See *Notification Procedure* and *Record Access Procedures* above.

RECORD SOURCE CATEGORIES:

Customers and USPS personnel.

BILLING CODE 7710-12-P

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

Summary: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Pension Plan Reports; OMB 3220-0089.

Under Section 2(b) of the Railroad Retirement Act (RRA), the Railroad Retirement Board (RRB) pays supplemental annuities to qualified RRB employee annuitants. A supplemental annuity, which is computed according to Section 3(e) of the RRA, can be paid at age 60 if the employee has at least 30 years of creditable railroad service or at age 65 if the employee has 25-29 years of railroad service. In addition to 25 years of service, a "current connection" with the railroad industry is required. Eligibility is further limited to employees who had at least one month of rail service before October 1981 and were awarded regular annuities after

June 1966. Further, if an employee's 65th birthday was prior to September 2, 1981, he or she must not have worked in rail service after certain closing dates (generally the last day of the month following the month in which age 65 is attained). Under Section 2(h)(2) of the RRA, the amount of the supplemental annuity is reduced if the employee receives monthly pension payments, or a lump-sum pension payment from a private pension from a railroad employer, to the extent the payments are based on contributions from that employer. The employee's own contribution to their pension account does not cause a reduction. A private railroad employer pension is defined in 20 CFR 216.42.

The RRB requires the following information from railroad employers to calculate supplemental annuities: (a) The current status of railroad employer pension plans and whether such plans cause reductions to the supplemental annuity; (b) whether the employee receives monthly payments from a private railroad employer pension, elected to receive a lump-sum in lieu of month pension payments from such a plan; (c) the date monthly pension payments began or a lump-sum payment was received; and (d) the amount of the payments attributable to the railroad employer's contributions. The requirement that railroad employers furnish pension information to the RRB is contained in 20 CFR 209.2.

The RRB currently utilizes Form G-88p, *Employer's Supplemental Pension Report*, and Form G-88r, *Request for Information About New or Revised Employer Pension Plan*, to obtain the necessary information from railroad employers. One response is requested of each respondent. Completion is mandatory.

The RRB proposes to revise Forms G-88p and G-88r to remove information related to the reporting of 401(k) savings plans and to make other editorial changes. The RRB also proposes the implementation of an Internet equivalent version of Form G-88p that can be submitted through the Employer Reporting System.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form No.	Annual responses	Time (minutes)	Burden (hours)
G-88p	100	8	13
G-88p (Internet)	200	6	20
G-88r	10	8	1
Total	310	34
