#### SUPPLEMENTARY INFORMATION:

##### I. Background

The information collection on ETA Form 9089 is required by sections 203(b)(2) and (b)(3) and 212(a)(5)(A) of the Immigration and Nationality Act (INA) (8 U.S.C. 1153(b)(2) and (3) and 1182(a)(5)(A)). DOL and the Department of Homeland Security (DHS) have promulgated regulations to implement the INA. Specifically for this collection, the regulations at 20 CFR 656 and 8 CFR 204.5 (the regulations) are applicable. Section 212(a)(5)(A) of the INA requires the Secretary of Labor to certify that any alien seeking to enter the United States for the purpose of performing skilled or unskilled labor is not adversely affecting wages and working conditions of U.S. workers similarly employed and that there are not sufficient U.S. workers able, willing, and qualified to perform such skilled or unskilled labor. Before any employer may request any skilled or unskilled alien labor, it must submit a request for certification to the Secretary of Labor containing the elements prescribed by the INA and the regulations. The regulations require employers to document their recruitment efforts and to substantiate the reasons no U.S. workers were hired.

##### II. Review Focus

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information,

including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

##### III. Current Actions

In order to meet its statutory responsibilities under the INA, DOL must extend without modification an existing collection of information pertaining to employers seeking to import foreign labor. The form used to collect the information is used not only by DOL, but also by Department of Homeland Security U.S. Citizenship and Immigration Services (USCIS) to meet the requirements of the INA. DOL uses the information collected in its permanent certification program. USCIS uses the form for its National Interest Waiver program, and to consider employment-based immigration applications by employers of employees engaged in Schedule A-Shortage Occupations, and by employers of sheepherders.
