

National Historic Preservation Act [16 U.S.C. 470f], and the Clean Air Act [42 U.S.C. 7401–7671q]. This notice does not, however, alter or extend the limitation period for challenges of project decisions subject to previous notices published in the **Federal Register**. The projects and actions that are the subject of this notice are:

1. *Project name and location:*

Downtown Boise Multimodal Center, Boise, ID. *Project sponsor:* Valley Regional Transit. *Project description:* The proposed project consists primarily of an underground facility with eight bus bays and dedicated entry and exit ramps for buses. The facility would be complemented by four reconfigured bus bays on Main Street, for a total of 12 bus bays. The underground facility is to be built as part of a new office, convention, and retail development on the west side of the U.S. Bank Building near the corner of North 8th Street and Main Street. *Final agency actions:* No use determination of Section 4(f) resources; Section 106 finding of no historic properties affected; project-level air quality conformity; and Finding of No Significant Impact (FONSI), dated April 23, 2014. *Supporting documentation:* Environmental Assessment, dated March 2014.

2. *Project name and location:*

Post Oak Boulevard Reconstruction with Dedicated Bus Lanes, Houston, TX. *Project sponsor:* Uptown Houston District. *Project description:* The proposed project would reconstruct and make improvements to Post Oak Boulevard from IH 610 to Richmond Avenue. The reconstructed street would retain six lanes for general traffic while accommodating bi-directional bus service operating in dedicated lanes in the expanded median. Improvements would be made to sidewalks, landscape/hardscape, pedestrian lighting, and other pedestrian amenities. *Final agency actions:* Section 106 finding of no historic properties affected and determination of categorical exclusion. *Supporting documentation:* Categorical exclusion pursuant to 23 CFR 771.118(d), dated March 26, 2014.

Lucy Garliauskas,

Associate Administrator Planning and Environment.

BILLING CODE P

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA–2013–0002 (Notice No. 14–6)]

Information Collection Activities

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), Department of Transportation (DOT).

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, this notice announces that the Information Collection Requests (ICR) abstracted below will be forwarded to the Office of Management and Budget (OMB) for review and comments. The ICRs describe the nature of the information collections and their expected burden. A **Federal Register** Notice with a 60-day comment period soliciting comments on these collections of information was published in the **Federal Register** on February 12, 2014 [79 FR 8535] under Docket No. PHMSA–2013–0002 (Notice No. 14–1). PHMSA did not receive any comments in response to February 12, 2014 notice.

DATES: Interested persons are invited to submit comments on, or before June 9, 2014.

ADDRESSES: Interested parties are invited to submit comments regarding this notice. Comments should refer to the information collection by title and/or OMB Control Number. Send comments regarding the burden estimate, including suggestions for reducing the burden, to OMB, Attention: Desk Officer for PHMSA, 725 17th Street NW., Washington, DC 20503. Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the Department's estimate of the burden of the proposed information collection; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A comment to OMB is most effective if OMB receives it within 30 days of publication.

FOR FURTHER INFORMATION CONTACT: Steven Andrews or T. Glenn Foster, Standards and Rulemaking Division

(PHH–12), U.S. Department of Transportation, Pipeline and Hazardous Materials Safety Administration, 1200 New Jersey Avenue SE., East Building, 2nd Floor, Washington, DC 20590–0001, Telephone (202) 366–8553.

SUPPLEMENTARY INFORMATION: Section 1320.8 (d), Title 5, Code of Federal Regulations requires Federal agencies to provide interested members of the public and affected agencies an opportunity to comment on information collection and recordkeeping requests. This notice identifies information collection requests that PHMSA will be submitting to OMB for renewal and extension. These information collections are contained in 49 CFR parts 107, 130, 171, 173, 176, 177, 178, and 180 of the Hazardous Materials Regulations (HMR; 49 CFR parts 171–180). PHMSA has revised burden estimates, where appropriate, to reflect current reporting levels or adjustments based on changes in proposed or final rules published since the information collections were last approved. The following information is provided for each information collection: (1) Title of the information collection, including former title if a change is being made; (2) OMB Control Number; (3) abstract of the information collection activity; (4) description of affected persons; (5) estimate of total annual reporting and recordkeeping burden; and (6) frequency of collection. PHMSA will request a three-year term of approval for each information collection activity and, when approved by OMB, publish notice of the approvals in the **Federal Register**.

PHMSA requests comments on the following information collections:

Title: Requirements for Cargo Tanks.

OMB Control Number: 2137–0014.

Summary: This information collection consolidates and describes the information collection provisions in Parts 107, 178, and 180 of the HMR involving the manufacture, qualification, maintenance, and use of all specification cargo tank motor vehicles. It also includes the information collection and recordkeeping requirements for persons who are engaged in the manufacture, assembly, requalification, and maintenance of Department of Transportation (DOT) specification cargo tank motor vehicles. The types of information collected include:

(1) Registration Statements: Cargo tank manufacturers and repairers, and cargo tank motor vehicle assemblers are required to be registered with DOT by furnishing information relative to their qualifications to perform the functions in accordance with the HMR. The

registration statements are used to identify these persons in order for DOT to ensure they possess the knowledge and skills necessary to perform the required functions, and that they are performing the specified functions in accordance with the applicable regulations.

(2) Requalification and maintenance reports: These reports are prepared by persons who requalify or maintain cargo tanks. This information is used by cargo tank owners, operators and users, and DOT compliance personnel to verify that the cargo tanks are requalified, maintained, and are in proper condition for the transportation of hazardous materials.

(3) Manufacturers' data reports, certificates, and related papers: These reports are prepared by cargo tank manufacturers and certifiers, and are used by cargo tank owners, operators, users and DOT compliance personnel to verify that a cargo tank motor vehicle was designed and constructed to meet all requirements of the applicable specification.

Affected Public: Manufacturers, assemblers, repairers, requalifiers, certifiers, and owners of cargo tanks.

Annual Reporting and Recordkeeping Burden

Number of Respondents: 41,366.
Total Annual Responses: 132,600.
Total Annual Burden Hours: 101,507.
Frequency of Collection: On occasion.
Title: Hazardous Materials Incident Reports.

OMB Control Number: 2137-0039.

Summary: This information collection is applicable upon occurrence of incidents as prescribed in §§ 171.15 and 171.16. A Hazardous Materials Incident Report, DOT Form F 5800.1, must be completed by a person in physical possession of a hazardous material at the time a hazardous material incident occurs in transportation, such as a release of materials, serious accident, evacuation, or closure of a major transportation artery. Incidents meeting criteria in § 171.15 also require a telephonic report. This information collection enhances the Department's ability to evaluate the effectiveness of its regulatory program, determine the need for regulatory changes, and address emerging hazardous materials transportation safety issues. The requirements apply to all interstate and intrastate carriers engaged in the transportation of hazardous materials by rail, air, water, and highway.

Affected Public: Shippers and carriers of hazardous materials.

Annual Reporting and Recordkeeping Burden

Number of Respondents: 1,781.
Total Annual Responses: 17,810.
Total Annual Burden Hours: 23,746.
Frequency of collection: On occasion.
Title: Flammable Cryogenic Liquids.
OMB Control Number: 2137-0542.

Summary: Provisions in § 177.840(a)(2) specify certain safety procedures and documentation requirements for drivers of motor vehicles transporting flammable cryogenic liquids. This information allows the driver to take appropriate remedial actions to prevent a catastrophic release of the flammable cryogenics should the temperature of the material begin to rise excessively or if the travel time will exceed the safe travel time. These requirements are intended to ensure a high level of safety when transporting flammable cryogenics due to their extreme flammability and high compression ratio when in a liquid state.

Affected Public: Carriers of cryogenic materials.

Annual Reporting and Recordkeeping Burden

Total Respondents: 65.
Total Annual Responses: 18,200.
Total Annual Burden Hours: 1,213.
Frequency of collection: On occasion.
Title: Container Certification Statement.

OMB Control Number: 2137-0582.
Summary: Shippers of explosives, in freight containers or transport vehicles by vessel, are required to certify on shipping documentation that the freight container or transport vehicle meets minimal structural serviceability requirements. This requirement is intended to ensure an adequate level of safety for transport of explosives aboard vessel and consistency with similar requirements in international standards.

Affected Public: Shippers of explosives in freight containers or transport vehicles by vessel.

Annual Reporting and Recordkeeping Burden

Annual Respondents: 650.
Annual Responses: 890,000.
Annual Burden Hours: 14,908.
Frequency of collection: On occasion.
Title: Response Plans for Shipments of Oil.

OMB Control Number: 2137-0591.
Summary: In recent years, several major oil discharges damaged the marine environment of the United States. Under authority of the Federal Water Pollution Control Act, as amended by the Oil Pollution Act of

1990, PHMSA issued regulations in 49 CFR Part 130 that require preparation of written spill response plans.

Affected Public: Carriers that transport oil in bulk, by motor vehicle or rail.

Annual Reporting and Recordkeeping Burden

Annual Respondents: 8,000.
Annual Responses: 8,000.
Annual Burden Hours: 10,560.
Frequency of collection: On occasion.
Title: Hazardous Materials Security Plans.

OMB Control Number: 2137-0612.

Summary: To assure public safety, shippers and carriers must take reasonable measures to plan and implement procedures to prevent unauthorized persons from taking control of, or attacking, hazardous materials shipments. Part 172 of the HMR requires persons who offer or transport certain hazardous materials to develop and implement written plans to enhance the security of hazardous materials shipments. The security plan requirements, as prescribed in § 172.800(b) applies to specific types of shipments. Such shipments include but are not limited to shipments greater than 3,000 kg (6,614 pounds) for solids or 3,000 liters (792 gallons) for liquids and gases in a single packaging such as a cargo tank motor vehicle, portable tank, tank car, or other bulk container; any quantity of a Division 1.1, 1.2, or 1.3 material; a large bulk quantity of a Division 2.1 material; or any quantity of a poison by inhalation material. A security plan will enable shippers and carriers to reduce the possibility that a hazardous materials shipment will be used as a weapon of opportunity by a terrorist or criminal.

Affected Public: Shippers and carriers of hazardous materials in commerce.

Annual Reporting and Recordkeeping Burden

Number of Respondents: 54,999.
Total Annual Responses: 54,999.
Total Annual Burden Hours: 427,719.
Frequency of collection: On occasion.
Title: Inspection and Testing of Meter Provers.

OMB Control Number: 2137-0620.

Summary: This information collection and recordkeeping burden results from the requirements pertaining to the use, inspection, and maintenance of mechanical displacement meter provers (meter provers) used to check the accurate flow of liquid hazardous materials into bulk packagings, such as portable tanks and cargo tank motor vehicles, under the HMR. These meter provers are used to ensure that the

amount of liquid hazardous materials being measured during load and unloading of bulk packagings is accurate. These meter provers consist of a gauge and several pipes that always contain small amounts of the liquid hazardous material in the pipes as residual material, and, therefore, must be inspected and maintained in accordance with the HMR to ensure they are in proper calibration and working order. These meter provers are not subject to the specification testing and inspection requirements in Part 178. However, these meter provers must be visually inspected annually and hydrostatic pressure tested every five years in order to ensure they are properly working as specified in § 173.5a of the HMR. Therefore, this information collection requires that:

(1) Each meter prover must undergo and pass an external visual inspection annually to ensure that the meter provers used in the flow of liquid hazardous materials into bulk packagings are accurate and in conformance with the performance standards in the HMR.

(2) Each meter prover must undergo and pass a hydrostatic pressure test at least every five years to ensure that the meter provers used in the flow of liquid hazardous materials into bulk packagings are accurate and in conformance with the performance standards in the HMR.

(3) Each meter prover must successfully complete the test and inspection and must be marked in accordance with 173.5a.

(4) Each owner must retain a record of the most recent visual inspection and pressure test until the meter prover is requalified.

Affected Public: Owners of meter provers used to measure liquid hazardous materials flow into bulk packagings such as cargo tanks and portable tanks.

Annual Reporting and Recordkeeping Burden

Number of Respondents: 50.
Total Annual Responses: 250.
Total Annual Burden Hours: 175.
Frequency of collection: On occasion.
Title: Requirements for United Nations (UN) Cylinders.

OMB Control Number: 2137-0621.

Summary: This information collection and recordkeeping burden is the result of efforts to amend the HMR to adopt standards for the design, construction, maintenance, and use of cylinders and multiple-element gas containers (MEGCs) based on the standards contained in the United Nations (UN) Recommendations on the Transport of

Dangerous Goods. Aligning the HMR with the UN Recommendations promotes flexibility, permits the use of technological advances for the manufacture of the pressure receptacles, provides for a broader selection of pressure receptacles, reduces the need for special permits, and facilitates international commerce in the transportation of compressed gases. Information collection requirements address domestic and international manufacturers of cylinders that request approval by the approval agency for cylinder design types. The approval process for each cylinder design type includes review, filing, and recordkeeping of the approval application. The approval agency is required to maintain a set of the approved drawings and calculations for each design it reviews and a copy of each initial design type approval certificate approved by the Associate Administrator for not less than 20 years.

Affected Public: Fillers, owners, users, and retesters of UN cylinders.

Annual Reporting and Recordkeeping Burden

Number of Respondents: 50.
Total Annual Responses: 150.
Total Annual Burden Hours: 900.
Frequency of collection: On occasion.

Dated: May 5, 2014.

Charles E. Betts,

Director, Standards and Rulemaking Division.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

Senior Executive Service Performance Review Board (PRB) and Executive Resources Board (ERB) Membership

AGENCY: Surface Transportation Board, DOT.

ACTION: Senior Executive Service Performance Review Board (PRB) and Executive Resources Board (ERB) Membership.

SUMMARY: Effective immediately, the membership of the PRB and ERB is as follows:

Performance Review Board

Leland L. Gardner, Chairman
Rachel D. Campbell, Member
Craig M. Keats, Member
Lucille Marvin, Alternate Member

Executive Resources Board

Rachel D. Campbell, Chairman
Lucille Marvin, Member

Joseph H. Dettmar, Member
Craig M. Keats, Alternate Member

FOR FURTHER INFORMATION CONTACT: If you have any questions regarding this matter, please contact Paula Chandler at 202-245-0340.

Dated: May 1, 2014.

Jeffrey Herzig,

Clearance Clerk.

BILLING CODE 4915-01-P

DEPARTMENT OF THE TREASURY

Fiscal Service

Surety Companies Acceptable on Federal Bonds: Amerisure Insurance Company, Amerisure Partners Insurance Company

AGENCY: Bureau of the Fiscal Service, Fiscal Service, Department of the Treasury.

ACTION: Notice.

SUMMARY: This is Supplement No. 9 to the Treasury Department Circular 570, 2013 Revision, published July 1, 2013, at 78 FR 39440.

FOR FURTHER INFORMATION CONTACT: Surety Bond Branch at (202) 874-6850.

SUPPLEMENTARY INFORMATION: A Certificate of Authority as an acceptable surety on Federal bonds is hereby issued under 31 U.S.C. 9305 to the following companies:

Amerisure Insurance Company (NAIC #19488)

Business Address: P.O. Box 2060, Farmington Hills, MI 48331-3586.

Phone: (248) 615-9000. *Underwriting Limitation b/:* \$21,566,000. *Surety Licenses c/:* AL, AK, AZ, AR, CO, DC, DE, FL, GA, HI, ID, IL, IN, IA, KS, KY, LA, MD, MA, MI, MN, MS, MO, MT, NE., NV, NH, NJ, NM, NY, NC, ND, OH, OK, OR, PA, PR, RI, SC, SD, TN, TX, UT, VT, VA, WA, WV, WI, WY.

Incorporated In: Michigan.

Amerisure Partners Insurance Company (NAIC #11050)

Business Address: P.O. Box 2060, Farmington Hills, MI 48331-3586.

Phone: (248) 615-9000. *Underwriting Limitation b/:* \$2,215,000. *Surety Licenses c/:* AL, AK, AZ, AR, CO, DE, DC, GA, HI, ID, IL, IN, IA, KS, KY, LA, MD, MA, MI, MN, MS, MO, MT, NE., NV, NM, NC, ND, OH, OK, OR, PA, RI, SC, SD, TN, TX, UT, VT, VA, WA, WV, WI, WY. *Incorporated In:* Michigan.
