I. Additional Information About the Proposed Consent Decree

The proposed consent decree would resolve a lawsuit filed by WildEarth Guardians (“Guardians”) seeking to compel the Administrator to take action on an application for an Operating Permit under Title V of the CAA, 42 U.S.C. 7661–7661f, and EPA’s implementing regulations at 40 CFR part 71 (“Title V Permit”), for the Deseret Bonanza coal-fired power plant (“Deseret Bonanza Power Plant”), which is located in Uintah County in northeastern Utah, within the Uintah and Ouray Indian Reservation. Under the terms of the proposed consent decree, on or before August 29, 2014, EPA will issue a final Title V permit decision for the Deseret Bonanza Power Plant and provide notice to Guardians in accordance with 40 CFR 71.11(i). In addition, the proposed consent decree arranges for payment to the Plaintiffs for the costs of litigation, including attorney fees.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who are not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice

determines that consent to this consent decree should be withdrawn, the terms of the consent decree will be affirmed.

II. Additional Information About Commenting on the Proposed Consent Decree

A. How can I get a copy of the consent decree?

The official public docket for this action (identified by Docket ID No. EPA-HQ-OGC-2014-0368 contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through www.regulations.gov. You may use www.regulations.gov to submit or view public comments, access the index listing of the contents of the official public docket, and access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select “search”.

It is important to note that EPA’s policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at www.regulations.gov without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA’s policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA’s electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and to whom do I submit comments?

You may submit comments as provided in the **ADDRESSES** section.

Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked “late.” EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment and with any disk or CD-ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA’s electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the www.regulations.gov Web site to submit comments to EPA electronically is EPA’s preferred method for receiving comments. The electronic public docket system is an “anonymous access” system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment. In contrast to EPA’s electronic public docket, EPA’s electronic mail (email) system is not an “anonymous access” system. If you send an email comment directly to the Docket without going through www.regulations.gov, your email address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA’s electronic public docket.

The *Report and Order* contains potential information collection requirements with respect to the following seven requirements, all of which aims to ensure the sustainability and integrity of the TRS program and the TRS Fund. Though the *Report and Order* emphasizes VRS, many of the requirements also apply to other or all forms of TRS—which includes the adoption of the interim rule, several new information collection requirements.

(1) *Provider Certification Under Penalty of Perjury.* The Chief Executive Officer (CEO), Chief Financial Officer (CFO), or other senior executive of a TRS provider shall certify, under penalty of perjury, that: (1) Minutes submitted to the Interstate TRS Fund (Fund) administrator for compensation were handled in compliance with section 225 of the Act and the Commission's rules and orders, and are not the result of impermissible financial incentives, or payments or kickbacks, to generate calls, and (2) cost and demand data submitted to the Fund administrator related to the determination of compensation rates or methodologies are true and correct.

(2) *Requiring Providers to Submit Information about New and Existing Call Centers.* (a) VRS providers shall submit a written statement to the Commission and the TRS Fund administrator containing the locations of all of their call centers that handle

VRS calls, including call centers located outside the United States, twice a year, on April 1st and October 1st. In addition to the street address of each call center, the rules require that these statements contain (1) the number of individual CAs and CA managers employed at each call center; and (2) the name and contact information (phone number and email address) for the managers at each call center. (b) VRS providers shall notify the Commission and the TRS Fund administrator in writing at least 30 days prior to any change to their call centers' locations, including the opening, closing, or relocation of any center.

(3) *Data Filed with the Fund Administrator to Support Payment Claims.* (a) VRS providers shall provide the following data associated with each VRS call for which a VRS provider seeks compensation in its filing with the Fund Administrator: (1) The call record ID sequence; (2) CA ID number; (3) session start and end times; (4) conversation start and end times; (5) incoming telephone number and IP address (if call originates with an IP-based device) at the time of call; (6) outbound telephone number and IP address (if call terminates with an IP-based device) at the time of call; (7) total conversation minutes; (8) total session minutes; (9) the call center (by assigned center ID number) that handles the call; and (10) the URL address through which the call was initiated.

(b) All VRS and IP Relay providers shall submit speed of answer compliance data to the Fund administrator.

(4) *Automated Call Data Collection.* TRS providers shall use an automated record keeping system to capture the following data when seeking compensation from the Fund: (1) The call record ID sequence; (2) CA ID number; (3) session start and end times, at a minimum to the nearest second; (4) conversation start and end times, at a minimum to the nearest second; (5) incoming telephone number (if call originates with a telephone) and IP address (if call originates with an IP-based device) at the time of the call; (6) outbound telephone number and IP address (if call terminates to an IP-based device) at the time of call; (7) total conversation minutes; (8) total session minutes; and (9) the call center (by assigned center ID number) that handles the call.

(5) *Record Retention.* Internet-based TRS providers shall retain the following data that is used to support payment claims submitted to the Fund administrator for a minimum of five years, in an electronic format: (1) The call record ID sequence; (2) CA ID

number; (3) session start and end times; (4) conversation start and end times; (5) incoming telephone number and IP address (if call originates with an IP-based device) at the time of call; (6) outbound telephone number and IP address (if call terminates with an IP-based device) at the time of call; (7) total conversation minutes; (8) total session minutes; and (9) the call center (by assigned center ID number) that handles the call.

(6) *Third-party Agreements.* (a) VRS providers shall maintain copies of all third-party contracts or agreements so that copies of these agreements will be available to the Commission and the TRS Fund administrator upon request. Such contracts or agreements shall provide detailed information about the nature of the services to be provided by the subcontractor.

(b) VRS providers shall describe all agreements in connection with marketing and outreach activities, including those involving sponsorships, financial endorsements, awards, and gifts made by the provider to any individual or entity, in the providers' annual submissions to the TRS Fund administrator.

(7) *Whistleblower Protection.* TRS providers shall provide information about these TRS whistleblower protections, including the right to notify the Commission's Office of Inspector General or its Enforcement Bureau, to all employees and contractors, in writing. Providers that already disseminate their internal business policies to their employees in writing (e.g. in employee handbooks, policies and procedures manuals, or bulletin board postings—either online or in hard copy) must also explicitly include these TRS whistleblower protections in those written materials.

Lastly, the Commission is revising this collection to remove the "Required Submission for Waiver Request" requirement from this collection because it is no longer necessary, as this provision has expired.
