Certain Steel Nails from the People's Republic of China: Amended Final Results of the Fourth Antidumping Duty Administrative Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("Department") is amending the final results¹ of the fourth administrative review of the antidumping duty order on certain steel nails ("nails") from the People's Republic of China ("PRC") to correct a certain ministerial error. The period of review is August 1, 2011, through July 31, 2012.

DATES: *Effective Date:* May 13, 2014.

FOR FURTHER INFORMATION CONTACT: Matthew Renkey or Javier Barrientos, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone 202-482-2312 or 202-482-2243, respectively.

SUPPLEMENTARY INFORMATION:

¹ See *Certain Steel Nails from the People's Republic of China: Final Results of the Fourth Antidumping Duty Administrative Review*, 79 FR 19316 (April 8, 2014) ("*Final Results*") and accompanying Issues and Decision Memorandum.

Background

On April 3, 2014, the Department disclosed to interested parties its calculations for the *Final Results*. On April 8, 2014, we received ministerial error comments from Certified Products International Inc. ("CPI").

Ministerial Errors

Section 751(h) of the Tariff Act of 1930, as amended ("Act"), and 19 CFR 351.224(f) define a "ministerial error" as an error "in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any similar type of unintentional error which the Secretary considers ministerial." CPI states that it submitted a letter stating that it had no shipments during the period of review.² CPI also notes that the Department considered it as a no-shipments company both in the *Preliminary Results*³ and in the *Final Results*,⁴ so its inclusion among the list of those companies being considered as part of the PRC-wide entity in the Appendix to the Issues and Decision Memorandum must be a clerical error.

After analyzing CPI's ministerial error comments, we determined, in accordance with section 751(h) of the Act and 19 CFR 351.224(e), that we made a ministerial error in listing it among the companies we found to be part of the PRC-wide entity in the Appendix to the Issues and Decision Memorandum. Additionally, after reviewing the list of companies in the Appendix to the Issues and Decision Memorandum, we noted that we inadvertently included other no-shipment companies on the list. The following no-shipment companies are those that we inadvertently included in the list of companies we found to be part of the PRC-wide entity: (1) Besco Machinery Industry (Zhejiang) Co., Ltd.; (2) Certified Products International Inc.; (3) Jining Huarong Hardware Products Co., Ltd.; (4) PT Enterprise Inc.; (5) Shanghai Jade Shuttle Hardware Tools Co., Ltd.; (6) Shanghai Tengyu Hardware Tools Co., Ltd.; and (7) Shanxi Yuci Broad Wire Products Co., Ltd.

Amended Final Results of the Administrative Review

In accordance with section 751(h) of the Act and 19 CFR 351.224(e), we are

amending the *Final Results* of the fourth administrative review of the antidumping duty order on nails from the PRC, specifically the appendix which appears at the end of the Issues and Decision Memorandum, to clarify that the seven companies listed above are no-shipment companies and should not be considered as part of the PRC-wide entity. We note this does not change the dumping margin for any of these companies, and thus their assessment rates and cash deposit rates remain the same as in the *Final Results*.

We are publishing these amended final results in accordance with sections 751(h) and 777(i)(1) of the Act.

SUPPLEMENTARY INFORMATION:

I. Abstract

The United States Patent and Trademark Office (USPTO) administers the Trademark Act, 15 U.S.C. 1051 *et seq.*, which provides for the Federal registration of trademarks, service marks, collective trademarks and service marks, collective membership marks,

and certification marks. Individuals and businesses that use or intend to use such marks in commerce may file an application to register their marks with the USPTO.

Such individuals and businesses may also submit various communications to the USPTO regarding their pending applications or registered trademarks, including providing additional information needed to process a pending application, filing amendments to the applications, or filing the papers necessary to keep a trademark in force. In the majority of circumstances, individuals and businesses retain attorneys to handle these matters. As such, these parties may also submit communications to the USPTO regarding the appointment of attorneys of record to represent applicants in the application process or, in the case of applicants or registrants who are not domiciled in the United States, the appointment of domestic representatives on whom may be served notices or process in proceedings affecting the mark, the revocation of an attorney's or domestic representative's appointment, and requests for permission to withdraw from representation.

The rules implementing the Act are set forth in 37 CFR Part 2. In addition to governing the registration of trademarks, the Act and rules also govern the appointments and revocations of attorneys and domestic representatives and provide the specifics for filing requests for permission to withdraw as the attorney of record. The information in this collection is available to the public.

The information in this collection can be submitted in paper format or electronically through the Trademark Electronic Application System (TEAS). The information in this collection can be collected in three different formats: Paper format, electronically using TEAS forms with dedicated data fields, or electronically using the TEAS Global Form format. The TEAS Global Form format permits the USPTO to collect information electronically when a TEAS form having dedicated data fields is not yet available.

This collection currently has two TEAS forms and two TEAS Global Forms. There are no official paper forms for the items in this collection. Individuals and businesses can submit their own paper forms, following the USPTO's rules and guidelines to ensure that all of the necessary information is provided.
