

manganese, zinc, silicon, thorium, zirconium and rare earths.

Excluded from the scope of the order are alloy primary magnesium (that meets specifications for alloy magnesium), primary magnesium anodes, granular primary magnesium (including turnings, chips and powder) having a maximum physical dimension (*i.e.*, length or diameter) of one inch or less, secondary magnesium (which has pure primary magnesium content of less than 50% by weight), and remelted magnesium whose pure primary magnesium content is less than 50% by weight.

Pure magnesium products covered by the order are currently classifiable under Harmonized Tariff Schedule of the United States (“HTSUS”) subheadings 8104.11.00, 8104.19.00, 8104.20.00, 8104.30.00, 8104.90.00, 3824.90.11, 3824.90.19 and 9817.00.90. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope is dispositive.

Final Determination of No Shipments

As explained above, in the *Preliminary Results*, the Department found that TMI/TMM did not have reviewable entries during the POR.⁸ Also in the *Preliminary Results*, the Department stated that that consistent with its recently announced refinement to its assessment practice in non-market economy (“NME”) cases, it is appropriate not to rescind the review in part in this circumstance but, rather, to complete the review with respect to TMI/TMM and to issue appropriate instructions to CBP based on the final results of the review.⁹

After issuing the *Preliminary Results*, the Department received no comments from interested parties, nor has it received any information that would cause it to revisit its preliminary determination. Therefore, for these final results, the Department continues to find that TMI/TMM did not have any reviewable entries during the POR.

Assessment Rates

The Department determined, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.¹⁰ The Department intends to issue assessment instructions to CBP 15 days after the

date of publication of these final results of review.

Additionally, consistent with the Department’s refinement to its assessment practice in NME cases, because the Department determined that TMI/TMM had no shipments of subject merchandise during the POR, any suspended entries that entered under TMI/TMM’s antidumping duty case numbers (*i.e.*, at those exporters’ rates) will be liquidated at the PRC-wide rate.¹¹

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice of final results of the administrative review, as provided by section 751(a)(2)(C) of the Act: (1) For TMI/TMM, which claimed no shipments, the cash deposit rate will remain unchanged from the rate assigned to TMI/TMM in the most recently completed review of the company; (2) for previously investigated or reviewed PRC and non-PRC exporters who are not under review in this segment of the proceeding but who have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 111.73 percent;¹² and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these final results and this notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Solid Fertilizer Grade Ammonium Nitrate From the Russian Federation; Preliminary Results of Antidumping Duty Administrative Review; 2012–2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on solid fertilizer grade ammonium nitrate (ammonium nitrate) from the Russian Federation. The review covers two groups of producers/exporters of the subject merchandise, JSC Acron and its affiliate JSC Dorogobuzh (collectively, Acron) and MCC EuroChem and its affiliates OJSC NAK Azot and OJSC Nevinnomyssky Azot (collectively, EuroChem). The period of review (POR) is April 1, 2012, through March 31, 2013. We preliminarily determine that sales of subject merchandise to the United States have not been made at prices below normal value (NV). We invite all interested parties to comment on these preliminary results.

DATES: *Effective Date:* May 22, 2014.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise subject to this order is solid, fertilizer grade ammonium nitrate products. The merchandise subject to this order is classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings 3102.30.00.00 and 3102.290000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise within the scope is dispositive.¹

Methodology

The Department conducted this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Constructed export price is calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of the topics included in the Preliminary Decision Memorandum is attached as an Appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and

Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <http://iaaccess.trade.gov>, and it is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of the Review

The Department preliminarily determines that the following weighted-average dumping margins exist:

Producer/exporter	Weighted-average dumping margin (percent)
JSC Acron/JSC Dorogobuzh	0.00
MCC EuroChem/OJSC NAK Azot/OJSC Nevinnomyssky Azot	0.00

Disclosure and Public Comment

The Department intends to disclose to interested parties the calculations performed in connection with these preliminary results within five days of the date of publication of this notice.² Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs to the Department no later than seven days after the date of the final verification report issued in this proceeding. Rebuttal briefs, the content of which is limited to the issues raised in the case briefs, may be filed within five days from the deadline date for the submission of case briefs.³ A list of authorities used, a table of contents, and an executive summary of issues should accompany any briefs submitted to the Department.⁴ Executive summaries should be limited to five pages total, including footnotes. Interested parties who wish to comment on the preliminary results must file briefs electronically using IA ACCESS. An electronically-filed document must be received successfully in its entirety by the Department's electronic records system, IA ACCESS, by 5 p.m. on the date the document is due.

In accordance with section 774 of the Act, the Department will hold a hearing,

if timely requested, to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs, provided that such a hearing is requested by an interested party.⁵ Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, filed electronically using IA ACCESS, as noted above. Requests should contain the following information: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed.⁶ If a request for a hearing is made, we will inform parties of the scheduled date for the hearing which will be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.⁷ Parties should confirm by telephone the date, time, and location of the hearing.

The Department intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A)

of the Act and 19 CFR 351.213(h), unless this deadline is extended.

Assessment Rates

Upon issuance of the final results, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.⁸ If Acron's or EuroChem's weighted-average dumping margins are not zero or *de minimis* (i.e., less than 0.50 percent), we will calculate importer-specific assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales and the total entered value of those sales in accordance with 19 CFR 351.212(b)(1). We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is not zero or *de minimis*. Where either of the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

¹ For a complete description of the scope of the order, see the memorandum from Gary Taverman, Senior Advisor for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Acting Assistant Secretary for Enforcement and Compliance, entitled, "Decision Memorandum for the Preliminary Results of the

2012-2013 Administrative Review of the Antidumping Duty Order on Solid Fertilizer Grade Ammonium Nitrate from the Russian Federation," (Preliminary Decision Memorandum), dated concurrently with and hereby adopted by this notice.

⁸ See 19 CFR 351.212(b)(1).

The Department clarified its “automatic assessment” regulation on May 6, 2003.⁹ This clarification will apply to entries of subject merchandise during the POR produced by Acron or EuroChem for which these companies did not know that the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all others rate if there is no rate for the intermediate company(ies) involved in the transaction.

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for Acron and EuroChem will be equal to the weighted-average dumping margins established in the final results of this administrative review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 253.98 percent, the all others rate established in the order.¹⁰ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding

the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: May 16, 2014.

Certain Activated Carbon From the People’s Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2012–2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to requests from interested parties, the Department of Commerce (“Department”) is conducting the administrative review of the antidumping duty order on certain activated carbon from the People’s Republic of China (“PRC”) for the period of review (“POR”) April 1, 2012, through March 31, 2013. The Department preliminarily determines that sales have been made below normal value (“NV”). Interested parties are invited to comment on these preliminary results.

DATES: *Effective Date:* May 22, 2014.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise subject to the order is certain activated carbon. The products are currently classifiable under the Harmonized Tariff Schedule of the United States (“HTSUS”) subheading 3802.10.00.¹ Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the order remains dispositive.

Methodology

The Department conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (“the Act”). Constructed export prices and export prices have been calculated in accordance with section 772 of the Act. Because the PRC is a non-market economy (“NME”) within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, *see* the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). IA ACCESS is available to registered users at <https://iaaccess.trade.gov/login.aspx> and in the Central Records Unit, room 7046 of the main Department of Commerce building.
