SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* New Collection (Request for a new control number); *Title of Information Collection:* Marketplace Quality Standards; *Use:* Section 1311(c)(3) of the Affordable Care Act directs the Secretary to develop a rating system for qualified health plans (QHPs) on the relative basis of quality and price and requires Marketplaces to display this quality rating information on their Web sites. Section 1311(c)(4) of the Affordable Care Act requires the Secretary to develop an enrollee satisfaction survey system (ESS) that assesses consumer experience with QHPs (with more than 500 enrollees in the previous year) offered through a Marketplace and requires Marketplaces to display enrollee satisfaction information to allow individuals to easily compare enrollee satisfaction levels between comparable plans. Section 1311(h) requires QHPs to contract with certain hospitals that meet specific patient safety and health care quality standards beginning January 1, 2015. The collection of information from QHP issuers is necessary to implement these quality standards and to provide adequate and timely health care quality information to consumers, regulators and Marketplaces. Specifically, for implementation and reporting for the Federal Quality Rating System (QRS) and for the ESS, the collection, validation and submission of validated data is required as outlined in § 156.1120 and § 156.1125. In addition, QHP issuers must demonstrate compliance with the patient safety standards outlined in § 156.1110 which involves associated information collection, recordkeeping and disclosure requirements. It is also necessary to collect information per § 156.1105 to appropriately monitor and provide a process for survey vendors to appeal HHS' decision to not approve ESS vendor applications.
