SUPPLEMENTARY INFORMATION:

I. Background

In the *Federal Register* of March 3, 2014 (79 FR 11990), we published a proposed rule entitled “Food Labeling: Serving Sizes of Foods That Can Reasonably Be Consumed At One-Eating Occasion; Dual-Column Labeling; Updating, Modifying, and Establishing Certain Reference Amounts Customarily Consumed; Serving Size for Breath Mints; and Technical Amendments” with a 90-day comment period to request comments on amending the definition of a single-serving container; requiring dual-column labeling for certain containers; updating and modifying several reference amounts customarily consumed; adding several food products and food product categories to the reference amounts customarily consumed per eating occasion for the general food supply; amending the label serving size for breath mints; and making technical amendments to various aspects of the serving size regulations. Comments on the proposed rule will inform FDA's rulemaking to amend the regulations for serving sizes for the Nutrition Facts Label.

We received multiple requests for a 90-day extension of the comment period for the proposed rule. Each request conveyed concern that the original 90-day comment period does not allow sufficient time to develop a meaningful or thoughtful response to the proposed rule.

We have considered the requests and are extending the comment period for

the proposed rule for 60 days, until August 1, 2014. We believe that a 60-day extension allows adequate time for interested persons to submit comments without significantly delaying rulemaking on these important issues.

II. Request for Comments

Interested persons may submit either electronic comments regarding this document to <http://www.regulations.gov> or written comments to the Division of Dockets Management (see **ADDRESSES**). It is only necessary to send one set of comments. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday, and will be posted to the docket at <http://www.regulations.gov>.

Dated: May 21, 2014.

Assistant Commissioner for Policy.
