

announces that the Information Collection Request (ICR) abstracted below is being forwarded to the Office of Management and Budget (OMB) for review and comments. A **Federal Register** Notice with a 60-day comment period soliciting comments on the following information collection was published on March 14, 2014.

DATES: Comments must be submitted on or before June 26, 2014.

FOR FURTHER INFORMATION CONTACT:

Wayne McKenzie, Office of Crash Avoidance Standards (NVS-121), National Highway Traffic Safety Administration, West Building W43-462, 1200 New Jersey Avenue SE., Washington, DC 20590. Mr. McKenzie can be reached at (202) 366-1729.

SUPPLEMENTARY INFORMATION:

Title: 49 CFR Part 564, Replaceable Light Source Dimensional Information Collection.

OMB Control Number: 2157-0563.

Type of Request: Extension of a currently approved collection.

Abstract: The information to be collected is in response to 49 CFR part 564, "Replaceable Light Source Dimensional Information." Persons desiring to use newly designed replaceable headlamp light sources are required to submit interchangeability and performance specifications to the agency. After a short agency review to assure completeness, the information is placed in a public docket for use by any person who would like to manufacture headlamp light sources for highway motor vehicles. In Federal Motor Vehicle Safety Standard No. 108, Lamps, reflective devices and associated equipment, "Part 564 submissions" are referenced as being the source of information regarding the performance and interchangeability information for legal headlamp light sources, whether original equipment or replacement equipment. The submitted information about headlamp light sources becomes the basis for certification of compliance with safety standards. Comments from two major lighting suppliers have been in favor of the proposed information collection in regards to headlamp light sources.

Affected Public: Businesses or other for profit organizations.

Estimated Number of Respondents: 7.

Estimated Number of Responses: 7.

Annual Estimated Total Annual

Burden Hours: 28 hours.

Frequency of Collection:

ADDRESSES: Send comments regarding the burden estimate, including suggestions for reducing the burden, to the Office of Management and Budget, Attention: Desk Officer for the Office of

the Secretary of Transportation, 725 17th Street NW., Washington, DC 20503.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Claude H. Harris,

Acting Associate Administrator for Rulemaking.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

Reports, Forms and Record Keeping Requirements Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration, U.S. Department of Transportation.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The **Federal Register** Notice with a 60-day comment period was published on January 3, 2011 (76 FR 210).

This document describes a collection of labeling information on five Federal motor vehicle safety standards for which the National Highway Traffic Safety Administration (NHTSA) seeks OMB approval. The labeling requirements include brake fluid warning, glazing labeling, safety belt labeling, and vehicle certification labeling.

DATES: Comments must be submitted on or before June 26, 2014.

FOR FURTHER INFORMATION CONTACT: Mrs. Lori Summers, U.S. Department of

Transportation, NHTSA, Room W43-320, 1200 New Jersey Avenue SE., Washington, DC 20590. Mrs. Summer's telephone number is (202) 366-4917 and fax number is (202) 366-7002.

SUPPLEMENTARY INFORMATION: National Highway Traffic Safety Administration.

Title: Consolidated Labeling Requirements for Motor Vehicles (except the VIN).

OMB Control Number: 2127-0512.

Type of Request: Extension of a currently approved collection.

Abstract: In order to ensure that manufacturers are complying with the FMVSS and regulations, NHTSA requires a number of information collections in FMVSS Nos. 105, 135, 205, 209 and Part 567.

FMVSS No. 105, "Hydraulic and electric brake systems" and FMVSS No. 135, "Light vehicle brake systems," require that each vehicle shall have a brake fluid warning statement in letters at least one-eighth of an inch high on the master cylinder reservoirs and located so as to be visible by direct view.

FMVSS No. 205, "Glazing materials," provides labeling requirements for glazing and motor vehicle manufacturers. In accordance with the standard, NHTSA requires each new motor vehicle glazing manufacturer to request and be assigned a unique mark or number. This number is then used by the manufacturer as their unique company identification on their self-certification label on each piece of motor vehicle glazing. As part of that certification label, the company must identify with the simple two or three digit number assigned by the agency and the model of the glazing. In addition to these requirements, which apply to all glazing, certain specialty glazing items, such as standee windows in buses, roof openings, and interior partitions made of plastic require that the manufacturer affix a removable label to each item. The label specifies cleaning instructions, which will minimize the loss of transparency. Other information may be provided by the manufacturer but is not required.

FMVSS No. 209, "Seat belt assemblies," requires safety belts to be labeled with the year of manufacture, the model, and the name or trademark of the manufacturer (S4.1(j)). Additionally replacement safety belts that are for use only in specifically stated motor vehicles must have labels or accompanying instruction sheets to specify the applicable vehicle models and seating positions (S4.1(k)). All other replacement belts are required to be accompanied by an installation instruction sheet (S4.1(k)).

Seat belt assemblies installed as original equipment in new motor vehicles need not be required to be labeled with position/model information. This information is only useful if the assembly is removed with the intention of using the assembly as a replacement in another vehicle; this is not a common practice.

Part 567, "Certification," requires each manufacturer or distributor of motor vehicles to furnish to the dealer, or distributor of the vehicle, a certification that the vehicle meets all applicable FMVSS. This certification is required by that provision to be in the form of a label permanently affixed to the vehicle. Under 49 U.S.C. 32504, vehicle manufacturers are directed to make a similar certification with regard to bumper standards. To implement this requirement, NHTSA issued 49 CFR Part 567. The agency's regulations establish form and content requirements for the certification labels.

Affected Public: Businesses.

Estimated Total Annual Burden:
74,091 hours

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725-17th Street NW., Washington, DC 20503, Attention NHTSA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Departments estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A Comment to OMB is most effective if OMB receives it within 30 days of publication.

Authority: 44 U.S.C. 350(c); delegation of Authority at 49 CFR 1.50.

Claude H. Harris,

Acting Associate Administrator for Rulemaking.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2014-0033]

Reports, Forms, and Recordkeeping Requirements

AGENCY: National Highway Traffic Safety Administration (NHTSA), U.S. Department of Transportation (DOT).

ACTION: Notice and request for public comments on a proposed collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information. NHTSA invites public comments about our intention to request OMB approval for a new collection of information. The collection involves eligibility, demographic, scheduling preferences, and debriefing questionnaires. The information will be used to recruit participants for a research study that focuses on driver response with various automatic transmission gear selector designs during routine and emergency simulated driving scenarios.

DATES: Written comments must be received on or before July 28, 2014.

ADDRESS: You may submit comments identified by the Docket No. NHTSA-2014-0033 through one of the following methods:

Federal eRulemaking Portal: Go to <http://www.regulations.gov>. Follow the instructions for submitting comments on the electronic docket site by clicking "Help" or "FAQs."

Mail or Hand Delivery: Docket Management Facility, M-30, U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC 20590. Hand delivered documents accepted between 9 a.m. and 5 p.m. Eastern Time, Monday through Friday, except Federal Holidays. Telephone: (202) 366-9826.

Fax: (202) 493-2251

Instructions: Each submission must include the Agency name and the Docket number for this proposed collection of information. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000

(65 FR 19477-78) or you may visit <http://www.dot.gov/privacy.html>.

FOR FURTHER INFORMATION CONTACT: For background documents, contact Lisa Gavin, Office of Crash Avoidance Standards (NVS-121), U.S. Department of Transportation, National Highway Traffic Safety Administration, West Building, W43-432, 1200 New Jersey Avenue SE., Washington, DC 20590. Ms. Gavin can be reached at (202) 366-9291.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must request public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) How to enhance the quality, utility, and clarity of the information to be collected;

(iv) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collection of information:

Title: Recruitment and Debriefing of Human Subjects for Research Related to Motor Vehicle Gear Selection Controls

Type of Request: New information collection.

OMB Control Number: 2127-New.
