SUPPLEMENTARY INFORMATION: The America COMPETES Reauthorization Act of 2010 (America COMPETES), Public Law 111–358, enacted January 4, 2011, authorizes Federal agencies to issue competitions to stimulate innovations in technology, education, and science. The following is only a summary of each step. For more information please review the full details online at catalyst.energy.gov. Contest rules are subject to change.

Eligibility: The Contest is open only to: (a) Citizens or permanent residents of the United States; and (b) private entities, such as corporations or other organizations that are incorporated in and maintain a primary place of business in the United States. Individuals submitting on behalf of corporations, nonprofits, or groups of individuals (such as an academic class or other team) must meet the eligibility requirements for individual participants. An individual may join more than one team, corporation, or nonprofit organization. Anyone can participate in this contest by submitting problem statements online or by voting on existing submissions of problem statements during the active voting period. There will be five monetary prizes of \$1,000 each, based on the results of a subsequent Incubation Contest (Step 4). A contestant with a problem statement, in the Ideation Contest, may win \$1,000 in cash prizes, when a team, who adopted this referenced problem statement in their business solution, has been selected among top five winners in the Incubation Contest.
