I. Abstract

The National Park Service (NPS) Act of 1916, 38 Stat 535, 16 USC 1, et seq., requires that the NPS preserve national

parks for the use and enjoyment of present and future generations. The Visitor Survey Card contains eight questions regarding visitor evaluations of service and facility quality, awareness of park significance, and basic demographic information. Each year, all NPS units nationwide (approximately 330) are required to collect data using the Visitor Survey Card. Data and information collected are used to provide feedback that is used by Superintendents and other managers to develop performance improvement plans. We are, therefore, requesting the renewal of the Visitor Services Card so that we may continue to fulfill our program-specific mission to provide an interdisciplinary approach that ensures the integrated use of social science research in NPS decision making.

The public record for these investigations may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—The final phase of these investigations is being scheduled as a result of affirmative preliminary determinations by the Department of Commerce that imports of steel concrete reinforcing bar from Mexico and Turkey are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). Although the Department of Commerce has preliminarily determined that countervailable subsidies are not being provided to producers and exporters of steel concrete reinforcing bar from Turkey, for purposes of efficiency the Commission hereby waives rule 207.21(b)² so that the final phase of the investigations may proceed concurrently in the event that Commerce makes a final affirmative determination with respect to such imports.

The investigations were requested in a petition filed on September 4, 2013, by the Rebar Trade Action Coalition and its individual members: Nucor Corporation, Charlotte, NC; Gerdau Ameristeel U.S. Inc., Tampa, FL; Commercial Metals Company, Irving, TX; Cascade Steel Rolling Mills, Inc., McMinnville, OR; and Byer Steel Corporation, Cincinnati, OH.
