FOR FURTHER INFORMATION CONTACT: Jo Amato Burns, Attorney, or Catherine B. Klion, Assistant General Counsel, Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026, 202-326-4024. (For TTY and TDD, call 800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION: Under section 4041 of the Employee Retirement Income Security Act of 1974, as amended, a single-employer pension plan may terminate voluntarily only if it satisfies the requirements for either a standard or a distress termination. Pursuant to ERISA section 4041(b), for standard terminations, and section 4041(c), for distress terminations, and PBGC's termination regulation (29 CFR part 4041), a plan administrator wishing to terminate a plan is required to submit specified information to PBGC in support of the proposed termination and to provide specified information regarding the proposed termination to third parties (participants, beneficiaries, alternate payees, and employee organizations). In the case of a plan with participants or beneficiaries who cannot be located when their benefits are to be distributed, the plan administrator is subject to the requirements of ERISA section 4050 and PBGC's regulation on missing participants (29 CFR part 4050). These regulations may be found on PBGC's Web site at <http://www.pbgc.gov/res/laws-and-regulations/code-of-federal-regulations.html>.

The collection of information under these regulations and the implementing forms and instructions has been approved by OMB under control number 1212-0036 (expires February 28, 2017). PBGC is requesting that OMB extend its approval for three years, with modifications. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC is proposing to require that the plan administrator of a plan terminating in a standard termination (or a distress termination that closes out in the private sector) must submit with the post-distribution certification (Form 501 or Form 602) the most recent plan document and proof of benefit distributions. PBGC is proposing this new information requirement to help address inquiries from individuals who

claim they are owed benefits from terminated plans.

PBGC receives approximately 2,500 inquiries a year from individuals seeking pension benefits; 800-850 of these inquiries involve standard terminations. These inquiries often result from an individual receiving a notice from the Social Security Administration that he or she may be owed a benefit from a plan. PBGC typically does not have the information to easily determine (or determine at all) whether the individual was owed a benefit from a terminated plan (and if so, the benefit amount) and whether the benefit was already paid in connection with the plan termination, and the plan's sponsor may no longer exist to assist PBGC. This new information requirement would help PBGC address these inquiries and, where appropriate, pay benefits to individuals entitled to them.

Many plans already submit plan documents and proof of benefit distributions to PBGC in the course of a standard termination audit. PBGC audits all standard terminations of plans with more than 300 participants and a random sample of smaller plans. For plans with a participant count of 300 or fewer, PBGC randomly selects plans to audit. PBGC also may audit a plan when there is reason to believe there may be a problem (for example, when PBGC receives a complaint by plan participants or a plan practitioner).¹ Thus for many plans, the new information requirement would simply shift the requirement to provide the information to an earlier date. In any case, plan administrators would simply be sending PBGC copies of documents that are already in their possession, and the additional burden would be small.

PBGC estimates that 1,430 plan administrators will be subject to the collection of information requirements in PBGC's regulations on termination and missing participants and implementing forms and instructions each year, and that the total annual burden of complying with these requirements will be 1,706 hours and \$2,830,000. (Much of the work associated with terminating a plan is performed for purposes other than meeting these requirements.)

PBGC is soliciting public comments to—

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
