

exporters.⁹ Specifically, the Department must analyze at least 20 complex alleged subsidy programs, most of which have never before been examined by the Department.¹⁰ These programs include debt discount and forgiveness, grants, various tax benefits, and preferential loans, which must be examined for each respondent selected and any company that is cross-owned with such respondents. If certain companies are selected as respondents, the Department will also analyze several company-specific uncreditworthiness allegations.¹¹ As such, the Department will likely have to issue multiple supplemental questionnaires. Moreover, the Department determines that additional time is necessary to make the preliminary determination in this investigation because initial questionnaires for this investigation have not yet been issued to the GOM or respondents and the Department will require additional time to review and analyze questionnaire responses once received from the GOM, respondents, and any companies cross-owned with respondents.

For these reasons, pursuant to section 703(c)(1) of the Act, the Department is hereby postponing the due date for the preliminary CVD determination to no later than 130 days after the day on which the investigation was initiated. As a result of this postponement, the deadline for completion of the preliminary determination is now August 25, 2014.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: May 28, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.
