Division of HIV/AIDS Training and Capacity Development (RV7)

The Division of HIV/AIDS Training and Capacity Development provides national leadership and manages the implementation of Part F under Title XXVI of the PHS Act as amended by the

Ryan White HIV/AIDS Treatment Extension Act of 2009, Pub. L. 111-87 (the Ryan White HIV/AIDS Program), including the Special Projects of National Significance and the AIDS Education and Training Centers Programs. The Special Projects of National Significance Program develops innovative models of HIV care and the AIDS Education and Training Centers Program increases the number of health care providers who are educated and motivated to counsel, diagnose, treat, and medically manage people with HIV disease and to help prevent high-risk behaviors that lead to HIV transmission. The division also implements the training and systems strengthening functions of the Global HIV/AIDS Program as part of the President's Emergency Plan for AIDS Relief (PEPFAR). This includes strengthening health systems for delivery of prevention, care and treatment services for people living with HIV/AIDS in PEPFAR funded countries. The division will translate lessons learned from both the Global HIV/AIDS Programs and Special Projects of National Significance projects to the Part A, B, C, D, and F grantee community. In collaboration with the Division of Policy and Data, the division assesses effectiveness of technical assistance efforts/initiatives, identifies new technical assistance needs and priority areas, and participates in the bureau-wide technical assistance workgroup.
