BILLING CODE 6560–50–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

45 CFR Part 18

Official Symbol, Logo, and Seal

AGENCY: Office of the Secretary, HHS.

ACTION: Direct final rule.

SUMMARY: The U.S. Department of Health and Human Services (HHS) published a direct final rule in the **Federal Register** on April 14, 2014, that would have adopted requirements on the use of HHS’s official logo and seal. HHS stated in the direct final rule that if it received a significant adverse comment, HHS would publish a notice of withdrawal. HHS received two comments and considers at least one of these comments a significant adverse comment. The direct final rule was not withdrawn prior to its effective date. As a result, HHS is now publishing this removal of the direct final rule.

DATES: Effective June 4, 2014.

FOR FURTHER INFORMATION CONTACT: Gloria Barnes, Office of the Assistant Secretary for Public Affairs (gloria.barnes@hhs.gov).

SUPPLEMENTARY INFORMATION: The U.S. Department of Health and Human Services (HHS) published a direct final rule in the **Federal Register** on April 14, 2014 (79 FR 20801) that would have adopted requirements on the use of HHS’s official logo and seal. HHS stated in the direct final rule that if any significant adverse comment were received, HHS would publish a notice of

withdrawal. HHS received two comments and considers at least one of these comments a significant adverse comment.

Due to time constraints, a notice of withdrawal was not published prior to the direct final rule going into effect. As a result, HHS is now publishing this removal of the direct final rule, deleting Part 18 from Title 45, Subtitle A, subchapter A of the Code of Federal Regulations. HHS believes that it is appropriate for this removal to become effective on the date of its publication, and that notice and comment in this instance is unnecessary.

Executive Order No. 12866

This rule does not meet the criteria for a significant regulatory action under Executive Order 12866. Thus, review by the Office of Management and Budget is not required.

Regulatory Flexibility Act

This rule will not have a significant economic impact on a substantial number of small entities. Therefore, a regulatory flexibility analysis as provided by the Regulatory Flexibility Act, as amended, is not required.

Fisheries of the Northeastern United States; Summer Flounder Fishery; Quota Transfer

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; quota transfer.

SUMMARY: NMFS announces that the State of North Carolina is transferring a portion of its 2014 commercial summer flounder quota to the Commonwealth of Virginia. NMFS is adjusting the quotas and announcing the revised commercial quota for each state involved. NMFS is also correcting the 2014 summer flounder quota for the State of New Jersey to account for quota transfers to date.

DATES: Effective May 30, 2014, through December 31, 2014.

FOR FURTHER INFORMATION CONTACT:

Carly Bari, Fishery Management Specialist, 978–281–9224.

SUPPLEMENTARY INFORMATION:

Regulations governing the summer flounder fishery are in 50 CFR part 648, and require annual specification of a commercial quota that is apportioned among the coastal states from North Carolina through Maine. The process to set the annual commercial quota and the percent allocated to each state are described in § 648.102.

The final rule implementing Amendment 5 to the Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan, which was published on December 17, 1993 (58 FR 65936), provided a mechanism for summer flounder quota to be transferred from one state to another. Two or more states, under mutual agreement and with the concurrence of the Administrator, Greater Atlantic Region, NMFS (Regional Administrator), can transfer or combine summer flounder commercial quota under § 648.102(c)(2). The Regional Administrator is required to consider the criteria in § 648.102(c)(2)(i) to evaluate requests for quota transfers or combinations.

North Carolina has agreed to transfer 2,758 lb (1,251 kg) of its 2014 commercial quota to Virginia. This transfer was prompted by summer flounder landings of the F/V *Storm*, a North Carolina vessel that was granted safe harbor in Virginia due to mechanical failure on April 24, 2014, thereby requiring a quota transfer to account for an increase in Virginia’s landings that would have otherwise accrued against the North Carolina quota. The Regional Administrator has determined that the criteria set forth in § 648.102(c)(2)(i) have been met.

The revised 2014 summer flounder specifications that published on May 22, 2014 (79 FR 29371), did not include quota transfers. This rule will also update the 2014 summer flounder quota for New Jersey to take into account all quota transfers to date. The revised
