

Appeals for the Federal Circuit (“CAFC”) in *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990) (“*Timken*”), as clarified by *Diamond Sawblades Mfrs. Coalition v. United States*, 626 F.3d 1374 (CAFC 2010) (“*Diamond Sawblades*”), the Department is notifying the public that the final judgment in this case is not in harmony with the Department’s final results and is amending the final results of the administrative review of certain frozen warmwater shrimp from the People’s Republic of China (“PRC”) with respect to the margin assigned to Hilltop International (“Hilltop”) covering the period of review (“POR”) February 1, 2009, through January 31, 2010.²

SUPPLEMENTARY INFORMATION: On November 30, 2012, the CIT remanded this case to the Department for reconsideration of the Department’s selection of the primary surrogate country.³ On January 9, 2013, based on a request from the Department, the CIT determined to “permit the agency to consider new evidence concerning the question of whether Hilltop International provided false or incomplete information regarding its affiliates in the course of the fifth administrative review (‘AR5’) of this antidumping duty (‘AD’) order.”⁴ Pursuant to the *Expanded Remand Order*, we reconsidered our determination in this review and found that Hilltop provided false and incomplete information regarding its affiliates and that none of its submissions could be relied upon.⁵ Accordingly, we found that Hilltop failed to rebut the presumption that it is part of the PRC-wide entity and applied total adverse facts available (“AFA”) to the PRC-wide entity, which includes

Hilltop.⁶ As AFA, we applied a dumping margin of 112.81 percent, which is the highest rate from any segment of the proceeding and the current PRC-wide rate.⁷ On July 23, 2013, the CIT sustained our *Remand I* with respect to the determination that Hilltop failed to demonstrate its eligibility for a separate rate and to apply AFA to the PRC-wide entity.⁸ However, the CIT remanded this case to the Department to reexamine and corroborate the 112.81 percent PRC-wide rate or choose a different countrywide rate that better reflects commercial reality.⁹ Pursuant to the *Remand Order II*, we reevaluated the rate applied as total AFA to the PRC-wide entity and found that it continues to be reliable and have probative value.¹⁰ The CIT sustained the Department’s *Remand Redetermination* on May 20, 2014, making the effective date of this notice May 30, 2014.¹¹

Timken Notice

In its decision in *Timken*, 893 F.2d at 341, as clarified by *Diamond Sawblades*, the CAFC held that, pursuant to section 516A(e) Tariff Act of 1930, as amended (“the Act”), the Department must publish a notice of a court decision that is not “in harmony” with a Department determination and must suspend liquidation of entries pending a “conclusive” court decision. The CIT’s May 20, 2014, judgment sustaining the Department’s *Remand Redetermination* with respect to Hilltop constitutes a final decision of that court that is not in harmony with the Department’s *Final Results*. This notice is published in fulfillment of the publication requirements of *Timken*. Accordingly, the Department will continue the suspension of liquidation of the subject merchandise pending the expiration of the period of appeal, or if appealed, pending a final and conclusive court decision. The cash deposit rate will remain the rate established for the most recent period during which the PRC-wide entity was reviewed.¹²

Amended Final Results

Because there is now a final court decision, we are amending the *Final Results* with respect to Hilltop’s margin for the period February 1, 2009, through January 31, 2010. The revised weighted-average dumping margin is as follows:

| Exporter | Percent margin |
|-------------------------------------|----------------|
| PRC-Wide Entity ¹³ | 112.81 |

In the event the CIT’s ruling is not appealed, the Department will instruct U.S. Customs and Border Protection to assess antidumping duties on entries during the POR of the subject merchandise exported by Hilltop using the revised assessment rate calculated by the Department in the *Remand Redetermination*.

This notice is issued and published in accordance with sections 516A(e)(1), 751(a)(1), and 777(i)(1) of the Act.

SUPPLEMENTARY INFORMATION:

Background

On February 10, 2014, the Department published the *Preliminary Results*. We preliminarily found that dumping was likely to continue or recur if the AD order were revoked, and determined to report to the International Trade Commission (ITC) the rates calculated in the *LTFV Final*² as the margins of dumping likely to prevail.

We invited interested parties to comment on the *Preliminary Results*. We received case briefs from Appvion, Inc. (Appvion³), a domestic manufacturer of lightweight thermal paper, and Papierfabrik August Koehler SE (Koehler), a German producer/exporter of lightweight thermal paper, on April 1, 2014, and rebuttal briefs from these parties on April 11, 2014.

Scope of the Order

The merchandise covered by the order is lightweight thermal paper. The merchandise subject to the order is currently classified under the following Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 3703.10.60, 4811.59.20, 4811.90.8000, 4811.90.8030, 4811.90.8040, 4811.90.8050, 4811.90.9000, 4811.90.9030, 4811.90.9035, 4811.90.9050, 4811.90.9080, 4811.90.9090, 4820.10.20, and 4823.40.00. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

For a full description of the scope, see “Final Results Issues and Decision Memorandum for the Full Sunset Review of the Antidumping Duty (AD) Order on Lightweight Thermal Paper from Germany,” dated concurrently with this notice (Decision Memorandum).

² See *Lightweight Thermal Paper from Germany: Notice of Final Determination of Sales at Less Than Fair Value*, 73 FR 57326, 57328 (October 2, 2008) (*LTFV Final*).

³ Appvion (formerly Appleton Papers) was the petitioner in the original investigation of lightweight thermal paper from Germany. See *LTFV Final*.

Analysis of Comments Received

All issues raised in this review are addressed in the Decision Memorandum, dated concurrently with this final notice, which is hereby adopted by this notice. The issues discussed in the accompanying Decision Memorandum include the likelihood of the continuation of dumping and the magnitude of the margins likely to prevail. The Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <http://iaaccess.trade.gov>. The Decision Memorandum is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Decision Memorandum are identical in content.

Final Results of Sunset Review

We determine that revocation of the AD order on lightweight thermal paper from Germany would be likely to lead to continuation or recurrence of dumping at the following weighted-average margins:

| Manufacturer/exporter | Margin (percent) |
|-----------------------|------------------|
| Koehler | 6.50 |
| All Others | 6.50 |

Notification to Interested Parties

Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the final results of this full sunset review in accordance with sections 751(c)(5)(A), 752(c), and 777(i) of the Tariff Act of 1930, as amended, and 19 CFR 351.218(f)(3).
