BILLING CODE 3410-11-P

ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

Meetings

AGENCY: Architectural and Transportation Barriers Compliance Board

ACTION: Notice of meetings.

SUMMARY: The Architectural and Transportation Barriers Compliance Board (Access Board) plans to hold its regular committee and Board meetings in Washington, DC, Monday through Wednesday, July 7-9, 2014 at the times and location listed below.

DATES: The schedule of events is as follows:

Monday, July 7, 2014

10:00-3:00 p.m. Ad Hoc Committee Meetings: Closed to public
3:00-4:00 Ad Hoc Committee on Frontier Issues

Tuesday, July 8, 2014

9:30-10:30 a.m. Technical Programs Committee
10:30-Noon Planning and Evaluation Committee
1:30-2:30 p.m. Budget Committee

Wednesday, July 9, 2014

9:30-Noon Ad Hoc Committees: Closed to public
1:30-3:00 p.m. Board Meeting

ADDRESSES: Meetings will be held at the Access Board Conference Room, 1331 F Street NW., Suite 800, Washington, DC 20004.

FOR FURTHER INFORMATION CONTACT: For further information regarding the meetings, please contact David Capozzi, Executive Director, (202) 272-0010 (voice); (202) 272-0054 (TTY).

SUPPLEMENTARY INFORMATION: At the Board meeting scheduled on the afternoon of Wednesday, July 9, 2014, the Access Board will consider the following agenda items:

- Approval of the draft March 12, 2014 meeting minutes (vote)

- Ad Hoc Committee Reports: Self-Service Transaction Machines; Information and Communications Technologies; Accessible Design in Education; Public Rights-of-Way and Shared Use Paths; Classroom Acoustics (vote); Passenger Vessels; Frontier Issues; Transportation Vehicles (vote); and Medical Diagnostic Equipment (vote)
- Budget Committee (vote)
- Technical Programs Committee (vote)
- Planning and Evaluation Committee (vote)
- Election Assistance Commission Report
- Executive Director's Report

All meetings are accessible to persons with disabilities. An assistive listening system, Communication Access Realtime Translation (CART), and sign language interpreters will be available at the Board meeting and committee meetings. Persons attending Board meetings are requested to refrain from using perfume, cologne, and other fragrances for the comfort of other participants (see www.access-board.gov/the-board/policies/fragrance-free-environment) for more information.

David M. Capozzi,

Executive Director.

BILLING CODE 8150-01-P

DEPARTMENT OF COMMERCE**Submission for OMB Review; Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).
Title: Vessel Monitoring System (VMS) Requirement for Pacific Islands Fisheries.

OMB Control Number: 0648-0441.

Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 208.

Average Hours per Response: Installation, 4 hours; replacement, 4 hours; maintenance and repair, 1 hour.
Burden Hours: 170.

Needs and Uses: This request is for extension of a currently approved information collection.

As part of fishery management plans developed under the authority of the

Magnuson-Stevens Fishery Conservation and Management Act, owners of commercial fishing vessels in the Hawaii pelagic longline fishery, American Samoa pelagic longline fishery (only vessels longer than 50 feet), Northwestern Hawaiian Islands lobster fishery (currently inactive), and Northern Mariana Islands bottomfish fishery (only vessels longer than 40 feet) must allow the National Oceanic and Atmospheric Administration (NOAA) to install vessel monitoring system (VMS) units on their vessels when directed to do so by NOAA enforcement personnel. VMS units automatically send periodic reports on the position of the vessel. NOAA uses the reports to monitor the vessel's location and activities, primarily to enforce regulated fishing areas. NOAA pays for the units and messaging. There is no public burden for the automatic messaging; however, VMS installation and annual maintenance are considered public burden.

Affected Public: Business or other for-profit organizations.

Frequency: Annually and on occasion.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or faxed to (202) 395-5806.

Dated: May 30, 2014

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE**Census Bureau****Proposed Information Collection; Comment Request; Annual Survey of Manufactures**

AGENCY: U.S. Census Bureau, Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the

Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3506(c)(2)(A)).

DATES: To ensure consideration, written comments must be submitted on or before August 4, 2014.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Julius Smith, Jr., U.S. Census Bureau, Manufacturing and Construction Division, Room 7K055, 4600 Silver Hill Road, Washington, DC 20233, (301) 763–7662 (or via the Internet at julius.smith.jr@census.gov).

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau has conducted the Annual Survey of Manufactures (ASM) since 1949 to provide key measures of manufacturing activity during intercensal periods. In census years ending in “2” and “7”, we mail and collect the ASM as part of the Economic Census covering the Manufacturing Sector. This survey is an integral part of the Government’s statistical program. The ASM furnishes up-to-date estimates of employment and payroll, hours and wages of production workers, value added by manufacture, cost of materials, value of shipments by product class, inventories, and expenditures for both plant and equipment and structures. The survey provides data at the two-through six-digit North American Industry Classification System (NAICS) levels. It also provides geographic data by state at a more aggregated industry level.

The survey also provides valuable information to private companies, research organizations, and trade associations. Industry makes extensive use of the annual figures on product class shipments at the U.S. level in its market analysis, product planning, and investment planning. The ASM data are used to benchmark and reconcile monthly and quarterly data on manufacturing production and inventories. The Census Bureau plans to request a revision of a currently approved collection. We plan to make the following changes:

MA–10000 (L):

a. Question 9:

To improve, efficiency and understanding, the last-in, first-out

(LIFO)-related items 9B5 and 9B6 are no longer in this section.

b. Question 10:

Previously, item 10, titled “Inventories by valuation method”, queried for both LIFO and non-LIFO valuation methods together. Research done by the U.S. Census Bureau’s Response Improvement Research Staff found that these methods should be collected separately. The new version of item 10 replaces the former item 10A, and focuses ONLY on non-LIFO valuation methods.

c. Question 11:

Although this is a new item, this section houses the LIFO-related items that were removed from the items 9 and 10. This item begins with a Yes/No question that allows respondents to skip to item 12 if there is no applicable LIFO data. Pieces removed from items 9 and 10, the amount subject to LIFO (previously item 10A) and LIFO reserve (previously item 9B5), are a part of item 11, along with a total that will tie back to the inventory total in item 9B4.

MA–10000 (L) and MA–10000 (S):

a. Question 16:

Item 16B, normal depreciation charges for tangible assets, is being removed. In addition to it being one of the most poorly reported items that we collect, depreciation is highly correlated to and dependent on assets, which is not collected for the ASM. As a result, we are not able to accurately impute or edit data for this item.

As stated above, we need to revise the above information in items 9–11 to improve the responses for this section. The primary objective is to improve reporting and avoid confusion for non-LIFO respondents. In previous reporting cycles, reporting on these items were filled with errors that revolved around non-LIFO respondents reporting data in the LIFO-related items due to confusion on what was being requested. After research, we feel that grouping all of the LIFO-related items together and moving to the end of the inventory section will greatly decrease confusion for the large majority of respondents that do not use the LIFO valuation method. The removal of item 16B will simplify what respondents are required to report and remove an item that does not have the supplemental variables that it needs for editing and imputation.

II. Method of Collection

The ASM statistics are based on a survey that includes both mail and nonmail components. The mail portion of the survey consists of a probability sample that will be redesigned for the 2014 ASM using a methodology similar to the one that was used for the 2009

ASM. However, the industry strata for the 2014 ASM sample will be based on the 2012 NAICS, which combines many of the six-digit codes in the Manufacturing Sector. For the 2009 ASM, approximately 51,000 establishments were selected from a frame of approximately 117,000 manufacturing establishments located in the United States. The frame contained all manufacturing establishments of multiunit companies (companies with operations at more than one location) plus the largest single-location manufacturing companies within each manufacturing industry. In this document, we assume that the number of establishments in the 2014 ASM sample will be about the same as the number of establishments in the 2009 ASM sample. The 2009 ASM nonmail component contained the remaining single-location companies, approximately 211,000 companies. No data are collected from companies in the nonmail component. Rather, data are imputed based on models that incorporate the administrative records of the Internal Revenue Service (IRS), the Social Security Administration (SSA), and the Bureau of Labor Statistics (BLS). Though the nonmail companies account for nearly two-thirds of the universe, they account for less than 7 percent of the manufacturing output.

The 51,000 sampled establishments will be asked to report either on a long report form (MA–10000(L)) or a short form (MA–10000(S)) based on mail selection procedures. All establishments of multiunit companies plus the large single-location companies will be asked to report on the MA–10000(L). The remaining single-location companies in the sample will be asked to report on the MA–10000(S) form. We estimate that 48,000 establishments will be asked to report the MA–10000(L) and 3,000 establishments will be asked to report on the MA–10000(S).

Starting in 2014, the initial mailing will include only a letter and a flyer providing electronic reporting instructions. Establishments will have the option to request paper forms after the initial mail. By omitting paper forms from the initial mail package, we hope to reduce costs and to move establishments towards electronic reporting.

III. Data

OMB Control Number: 0607–0449.

Form Number(s): MA–10000(L), MA–10000(S).

Type of Review: Regular submission (revision of a currently approved information collection).

Affected Public: Business or other for profit, non-profit institutions, small businesses or organizations, and State or Local Governments.

Estimated Number of Respondents:

MA-10000(L)—(Long Form)	48,000
MA-10000(S)—(Short Form)	3,000
Total	51,000

Estimated Time per Response:

MA-10000(L)—(Long Form).	4.0 hrs
MA-10000(S)—(Short Form).	1.4 hrs

Estimated Total Annual Burden Hours: 196,200.

Estimated Total Annual Cost to Public: \$0.

Respondents Obligation: Mandatory. *Legal Authority:* Title 13, United States Code, Sections 182, 224, and 225.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: May 30, 2014.

Glenna Mickelson,
Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-41-2014]

Foreign-Trade Zone (FTZ) 244— Riverside County, California, Notification of Proposed Production Activity, ModusLink Global Solutions, (Camera and Accessories Kitting), Riverside, California

The March Joint Powers Authority, grantee of FTZ 244, submitted a

notification of proposed production activity to the FTZ Board on behalf of ModusLink Global Solutions (ModusLink) located in Riverside, California. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 21, 2014.

The ModusLink facility is located within Site 5 of FTZ 244. The facility is used for the kitting of cameras and accessories into retail packages on behalf of GoPro, Inc. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt ModusLink from customs duty payments on the foreign status components used in export production. On its domestic sales, ModusLink would be able to choose the duty rates during customs entry procedures that apply to protective lens covers, camera bundles, and lens replacement kits (duty rates range from 2.0 to 5.3%) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components and materials sourced from abroad include: 1 inch diameter clear plastic adhesive; double adhesive foam cushions; display boxes; plastic bags; plastic water housing assemblies; rubber seals for water housing door; molded plastic replacement camera housings; accessory boxes; tray tops for packaging; accessory boxes with shelf; warranty cards; printed carnets; security tethers; washers; Wi-Fi remotes (including with key ring); metal mounting adapters (micro SD to USB 2.0); battery transmitters; rechargeable batteries; Wi-Fi transmitters; remotes; cameras; LCD transmitters; cables (composite, 120 pin mini USB to CVBS audio/video and micro HDMI to HDMI); silicon dioxide for anti-fog inserts; flat and curved adhesive mounts; rubber floats for cameras; textile bag packs; stickers/labels; textile chest mount harnesses; Wi-Fi remote key ring attachments; thumbscrew wrench/bottle openers; rechargeable batteries; Wi-Fi transmitters—English/French; video players; micro SD memory cards; radar transmitters; composite cable bundles; microphone stand mounts; lens filters; 3D glasses; and 24 inch metal camera bars (duty rates range from duty-free to 20%). The request indicates that inputs included in certain textile categories (classified within HTSUS Subheadings

4202.92 and 6307.90) will be admitted to the zone in privileged foreign status (19 CFR 146.41), thereby precluding inverted tariff benefits on such items.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is July 15, 2014.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.

FOR FURTHER INFORMATION CONTACT:
Diane Finver at trade.gov or (202) 482-1367.

Dated: May 30, 2014.

Andrew McGilvray,
Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-42-2014]

Foreign-Trade Zone (FTZ) 183—Austin, Texas, Notification of Proposed Production Activity, Flextronics America, LLC, (Automated Data Processing Machines), Austin, Texas

Flextronics America, LLC (Flextronics) submitted a notification of proposed production activity to the FTZ Board for its facility in Austin, Texas within Subzone 183C. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 29, 2014.

Flextronics already has authority to produce automated data processing machines within Subzone 183C. The current request would add a finished product as well as foreign status materials/components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials/components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Flextronics from customs duty payments on the foreign status materials/components used in export production. On its domestic sales,
