

Section 7 of ANSI Z26.1 (1996) requires manufacturers to mark automotive glazing with the item of glazing number, e.g., "AS-1". Section 7 of ANSI Z26.1 (1996) states that the item of glazing number is to be placed in close proximity to other required markings.

According to the petition, the nature of the noncompliance is the lack of markings as required in FMVSS No. 205 and ANSI Z26.1 (1996).

NHTSA has reviewed Morgan's petition and for the reasons listed below, believes that in this case the noncompliance is inconsequential to vehicle safety.

There are two issues that are being addressed by the labeling and marking requirements of FMVSS No. 205. One is certification and the other is information on the glazing manufacturer and item of glazing.

Morgan stated that the wind deflector meets the requirements of FMVSS No. 205 (except marking requirements) for item of glazing number 6 (AS-6). In this particular situation NHTSA will allow Morgan's certification statement a surrogate for certification labeling.

The information on the glazing manufacturer and item of glazing could be relevant during replacement of the wind deflector. The probability of obtaining unmarked glazing is nonexistent since spare glazing is to be obtained through Morgan's dealers and the noncompliant population (139 items) is already mounted on the motorcycles and sold to customers.

In addition, Morgan stated that the glazing manufacturer has taken steps to correct the problem that caused the noncompliance.

In consideration of the foregoing, NHTSA has decided that Morgan has met its burden of persuasion that the FMVSS No. 205 noncompliance is inconsequential to motor vehicle safety. Accordingly, Morgan's petition is hereby granted and Morgan is exempted from the obligation of providing notification of, and a remedy for, the subject noncompliance under 49 U.S.C. 30118 and 30120.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allows NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, this decision only applies to the subject noncompliant vehicles that Morgan no longer controlled at the time it determined that the noncompliance

existed. However, the granting of this petition does not relieve vehicle distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant vehicles under their control after Morgan notified them that the subject noncompliance existed.
