

Office of Information and Regulatory Affairs at OMB. You may submit comments by the following methods:

- *Email:* [oira\\_submission@omb.eop.gov](mailto:oira_submission@omb.eop.gov). You must include the DS form number, information collection title, and OMB control number in the subject line of your message.
- *Fax:* 202-395-5806. Attention: Desk Officer for Department of State.

**FOR FURTHER INFORMATION CONTACT:**

Direct requests for additional information to Mr. Robert Hart, PM/DDTC, SA-1, 12th Floor, Directorate of Defense Trade Controls, Bureau of Political-Military Affairs, U.S. Department of State, Washington, DC, 20522-0112, who may be reached via phone at (202) 663-2918, or via email at [hartrl@state.gov](mailto:hartrl@state.gov).

**SUPPLEMENTARY INFORMATION:**

- Title of Information Collection: *Technology Security/Clearance Plans, Screening Records, and Non-Disclosure Agreements Pursuant to 22 CFR 126.18.*
- OMB Control Number: *1405-0195.*
- Type of Request: *Extension of Currently Approved Collection.*
- Originating Office: *Bureau of Political-Military Affairs, Directorate of Defense Trade Controls, PM/DDTC.*
- Form Number: *None.*
- Respondents: *Business and Nonprofit Organizations.*
- Estimated Number of Respondents: *100,000.*
- Estimated Number of Responses: *100,000.*
- Average Hours Per Response: *10 hours.*
- Total Estimated Burden: *1,000,000 hours.*
- Frequency: *On Occasion.*
- Obligation to Respond: *Mandatory.*

We are soliciting public comments to permit the Department to:

- Evaluate whether the proposed information collection is necessary for the proper functions of the Department.
- Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public records. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

*Abstract of proposed collection:* The export, temporary import, and brokering of defense articles, defense services, and related technical data are licensed by the Directorate of Defense Trade Controls (DDTC) in accordance with the International Traffic in Arms Regulations ("ITAR," 22 CFR 120-130) and Section 38 of the Arms Export Control Act.

ITAR § 126.18 eliminates, subject to certain conditions, the requirement for an approval by DDTC of the transfer of unclassified defense articles, which includes technical data, within a foreign business entity, foreign governmental entity, or international organization, that is an approved or otherwise authorized end-user or consignee (including transfers to approved sub-licensees) for defense articles, including the transfer to dual nationals or third-country nationals who are bona fide regular employees directly employed by the foreign consignee or end-user.

To use ITAR § 126.18, effective procedures must be in place to prevent diversion to any destination, entity, or for purposes other than those authorized by the applicable export license or other authorization. Those conditions can be met by requiring a security clearance approved by the host nation government for its employees, or the end-user or consignee have in place a process to screen all its employees and to have executed a Non-Disclosure Agreement that provides assurances that the employee will not transfer any defense articles to persons or entities unless specifically authorized by the consignee or end-user. ITAR § 126.18 also provides that the technology security/clearance plan, screening records, and Non-Disclosure Agreements will be made available to DDTC or its agents for law enforcement purposes upon request.

*Methodology:* This information collection may be sent to the Directorate of Defense Trade Controls via the following methods: electronically or mail.

Dated: May 30, 2014.

**Culturally Significant Object Imported for Exhibition Determinations: "Titian's Danaë"**

**SUMMARY:** Notice is hereby given of the following determinations: Pursuant to the authority vested in me by the Act of October 19, 1965 (79 Stat. 985; 22 U.S.C. 2459), Executive Order 12047 of March 27, 1978, the Foreign Affairs Reform and Restructuring Act of 1998 (112 Stat. 2681, *et seq.*; 22 U.S.C. 6501 note, *et seq.*), Delegation of Authority No. 234 of October 1, 1999, and Delegation of Authority No. 236-3 of August 28, 2000 (and, as appropriate, Delegation of Authority No. 257 of April 15, 2003), I hereby determine that the object to be included in the exhibition "Titian's Danaë," imported from abroad for temporary exhibition within the United States, is of cultural significance. The object is imported pursuant to a loan agreement with the foreign owner or custodian. I also determine that the exhibition or display of the exhibit object at the National Gallery of Art, Washington, DC, from on or about July 1, 2014, until on or about November 2, 2014, and at possible additional exhibitions or venues yet to be determined, is in the national interest. I have ordered that Public Notice of these Determinations be published in the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:** For further information, including a description of the imported object, contact Paul W. Manning, Attorney-Adviser, Office of the Legal Adviser, U.S. Department of State (telephone: 202-632-6469). The mailing address is U.S. Department of State, SA-5, L/PD, Fifth Floor (Suite 5H03), Washington, DC 20522-0505.

Dated: May 30, 2014.

[Public Notice: 8759]

**Call for Reviewers of the World Ocean Assessment**

**ACTION:** Notice of a certification.

**SUMMARY:** The U.S. Department of State, in coordination with the National Ocean

Council, requests expert review of the draft World Ocean Assessment.

The United Nations (UN) has embarked on a regular process for global reporting on, and assessment of, the state of the marine environment, including socioeconomic aspects, the product of which is called the World Ocean Assessment (WOA). The projected completion date for the first WOA is December 2014. Subsequent WOAs are expected to be generated every five years in order to document trends in the state of the marine environment. The WOA includes more than fifty subjects grouped within four main themes: marine environment and understanding of the ocean's role in the global integrated Earth system; food security and food safety; human activities that influence the ocean or are influenced by the ocean; and marine biological diversity. A scientific and technical summary will integrate content to show linkages through interdisciplinary subjects such as human impacts, ecosystem services, and habitats. More information regarding the evolution and methodology of the WOA can be found at [www.worldoceanassessment.org](http://www.worldoceanassessment.org).

This fall, UN Member States will have an opportunity to review the draft WOA, which is expected to be comprised of 50 chapters (approximately 15 pages each) and a 70-page technical summary; the *outline* illustrates the very wide range of expertise needed for such review. The Department of State invites experts in relevant fields of expertise to participate in the U.S. Government review of the draft WOA. Beginning on 1 August 2014, experts may register to review the draft WOA at [review.globalchange.gov](http://review.globalchange.gov), a Web-based review and comment system. Registered experts will have access to the draft WOA on 2 September 2014 and will have until midnight 30 September 2014 to submit their review comments using the Web-based review and comment system. Detailed instructions for review and submission of comments are available at [review.globalchange.gov](http://review.globalchange.gov).

A Review Coordination Team comprised of Federal scientists and program managers will develop a consolidated U.S. Government review submission. Only comments received via the Web-based review and comment system within the comment period will be considered by the Review Coordination Team for inclusion in the U.S. Government review submission.

This certification will be published in the **Federal Register**.

Dated: June 2, 2014.

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### Office of Commercial Space Transportation; Notice of Availability of the Final Environmental Impact Statement for the SpaceX Texas Launch Site

**AGENCY:** Federal Aviation Administration (FAA), Department of Transportation (DOT).

**ACTION:** Notice of Availability.

**SUMMARY:** In accordance with the National Environmental Policy Act of 1969, as amended (NEPA; 42 United States Code [U.S.C.] 4321 et seq.), Council on Environmental Quality NEPA implementing regulations (40 Code of Federal Regulations parts 1500 to 1508), and FAA Order 1050.1E, Change 1, the FAA, Office of Commercial Space Transportation is announcing the availability of the *Final Environmental Impact Statement for the SpaceX Texas Launch Site* (Final EIS). This Final EIS is also submitted pursuant to the following public law requirements: Section 4(f) of the Department of Transportation Act (49 U.S.C. Section 303); Section 106 of the National Historic Preservation Act (16 U.S.C. 470); Executive Order 11988, *Floodplain Management*; DOT Order 5650.2, *Floodplain Management and Protection*; Executive Order 11990, *Protection of Wetlands*; and DOT Order 5660.1A, *Preservation of the Nation's Wetlands*. This Final EIS includes the FAA's determination of *de minimis* impacts to Section 4(f) property under 23 CFR 771.135. The Proposed Action would include a significant encroachment on floodplains per DOT Order 5650.2, *Floodplain Management and Protection*.

The FAA submitted the Final EIS to the U.S. Environmental Protection Agency (EPA). The EPA will post a separate notification in the **Federal Register** announcing the availability of the Final EIS. The FAA will issue a Record of Decision no sooner than 30 days following EPA's notice in the **Federal Register**. The Record of Decision will be published in the **Federal Register**.

An electronic version of the Final EIS is available on the FAA Web site: [www.faa.gov/about/office\\_org/headquarters\\_offices/ast/environmental/nepa\\_docs/review/documents\\_progress/spacex\\_texas\\_launch\\_site\\_environmental\\_impact\\_statement/](http://www.faa.gov/about/office_org/headquarters_offices/ast/environmental/nepa_docs/review/documents_progress/spacex_texas_launch_site_environmental_impact_statement/). In addition, copies of the Final EIS were sent to persons and agencies on the distribution list (found in Chapter 11 of the Final EIS). A paper copy and an electronic version of the Final EIS may be reviewed during regular business hours at the following Brownsville, Texas, locations:

- Brownsville Public Library Main Branch, 2600 Central Blvd.
- Southmost Branch Library, 4320 Southmost Blvd.
- University of Texas at Brownsville, Oliveira Library, 80 Fort Brown St.

**FOR FURTHER INFORMATION CONTACT:** Ms. Stacey M. Zee, Environmental Specialist, Federal Aviation Administration, Office of Commercial Space Transportation, 800 Independence Avenue SW., Suite 325, Washington, DC 20591; email [Stacey.Zee@faa.gov](mailto:Stacey.Zee@faa.gov); or phone (202) 267-9305.

**SUPPLEMENTARY INFORMATION:** The Final EIS for the proposed Space Exploration Technologies Corp. (SpaceX) Texas Launch Site evaluates the potential environmental impacts that may result from the FAA Proposed Action of issuing launch licenses and/or experimental permits that would allow SpaceX to launch the Falcon 9, Falcon Heavy, and a variety of reusable suborbital launch vehicles from a launch site on privately owned property in Cameron County, Texas. SpaceX would be required to apply to the FAA for the appropriate launch licenses and/or experimental permits. Under the Proposed Action, which is the Preferred Alternative, SpaceX proposes to construct a vertical launch area and a control center area to support up to 12 commercial launch operations per year with a maximum of two Falcon Heavy launches. Launch operations include not only launches, but also pre-flight activities such as mission rehearsals and static fire engine tests. The environmental analysis in the EIS focuses on proposed construction and operational activities associated with the FAA's Proposed Action (issuing launch licenses and/or experimental permits to SpaceX) and includes all related actions considered connected to the Proposed Action. Alternatives under consideration include the Proposed Action and the No Action Alternative. Under the No Action Alternative, the FAA would not issue licenses and/or experimental permits to SpaceX, and Space X would not construct the
