#### Pacific Fishery Management Council; Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; public meeting.

**SUMMARY:** The Atlantis California Current Ecosystem Model will be reviewed by a panel composed of representatives from the Pacific Fishery Management Council's (Pacific Council) Scientific and Statistical Committee, the Center for Independent Experts, and NMFS. The review session is open to the public.

**DATES:** The review session will begin at 9 a.m. each day, from Monday, June 30 to Wednesday, July 2, 2014, and continue each day until business is concluded.

**ADDRESSES:** The review session will be held at the NOAA Northwest Fisheries Science Center Auditorium, 2725 Montlake Blvd. E., Seattle, WA 98112; telephone: (206) 860-3200.

**SUPPLEMENTARY INFORMATION:** The purpose of the session is to evaluate the strengths, weaknesses, appropriate uses, and potential areas of improvement for the Atlantis model with respect to the Pacific Council's management needs, in the context of ecosystem-based management. Reviewers will be asked to comment on the technical merits and/or deficiencies of the methodology and make recommendations for remedies. The review will follow the Methodology Review Process established by the Pacific Council, and Terms of Reference developed for this review.

Although non-emergency issues not contained in the meeting agenda may come before the panel participants for discussion, those issues may not be the subject of formal panel action during this meeting. Panel action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens

Fishery Conservation and Management Act, provided the public has been notified of the panel participants' intent to take final action to address the emergency.

All visitors to the NMFS science centers should bring photo identification to the meeting location. Visitors who are foreign nationals (defined as a person who is not a citizen or national of the United States) will require additional security clearance to access the NOAA facilities. Foreign national visitors should contact Jim Herkelrath at (206) 860-6798 at least two weeks prior to the meeting date to initiate the security clearance process.

#### Special Accommodations

This session is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt at (503) 820-2425 at least 5 days prior to the meeting date.

Dated: June 4, 2014.

#### Fisheries of the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of SEDAR 41 pre Data Workshop webinar.

**SUMMARY:** The SEDAR 41 assessments of the South Atlantic stocks of red snapper and gray triggerfish will consist of a series of workshops and webinars: a Data Workshop; a series of Assessment webinars; and a Review Workshop. This notice is for a webinar associated with the Data portion of the SEDAR process. See **SUPPLEMENTARY INFORMATION**.

**DATES:** A SEDAR 41 pre Data Workshop webinar will be held on Wednesday, July 2, 2014, from 9 a.m. until 1 p.m. The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from, or completed prior to the time established by this notice.

#### ADDRESSES:

*Meeting address:* The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julia Byrd at SEDAR (see **FOR FURTHER INFORMATION CONTACT** below) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

*SEDAR address:* 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405.

**FOR FURTHER INFORMATION CONTACT:** Julia Byrd, SEDAR Coordinator; telephone: (843) 571-4366; email: [julia.byrd@safmc.net](mailto:julia.byrd@safmc.net).

**SUPPLEMENTARY INFORMATION:** The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: Data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.
