RIN 2133-AB86

Requirements To Document U.S.-Flag Fishing Industry Vessels of 100 Feet or Greater in Registered Length

AGENCY: Maritime Administration, DOT.
ACTION: Notice of proposed rulemaking, request for comments.

SUMMARY: The Maritime Administration ("MARAD") is soliciting public comments on amendments to its regulations which implement new requirements regarding certain large fishing industry vessels set forth in the American Fisheries Act of 1998, as amended by the Coast Guard Authorization Act of 2010 ("CGAA") and the Coast Guard and Maritime Transportation Act of 2012 ("CGMTA"). The proposed revisions to the regulation adds two new exceptions to the restrictions on the eligibility of vessels over 165 feet in registered length to be documented with fishery endorsements, eliminates the 15-day application deadline for vessels whose fishery endorsements have become invalid, limits fishery endorsement eligibility for

certain large fishing industry vessels, and eliminates certain exemptions for specific vessels that were deleted in the CGMTA.

DATES: Comments must be received on or before August 11, 2014. MARAD will consider comments filed after this date to the extent practicable.

ADDRESSES: You may submit comments identified by DOT Docket Number MARAD-2014-0043 by any of the following methods:

SUPPLEMENTARY INFORMATION:

Background

Section 602(a) of the CGAA added two new exceptions to the restrictions on the eligibility of vessels over 165 feet in registered length to be documented with fishery endorsements found at 46 U.S.C. 12113(d): (1) Replaced or rebuilt vessels and (2) fish tender vessels. CGAA also eliminated the 15-day application deadline for vessels whose fishery endorsements had become invalid. Exemptions from the large fishing industry vessel restrictions are found in our regulations at 46 CFR 356.47.

In addition, section 601(b)(2) of the CGAA repealed section 203(g) of the AFA, which exempted particular vessels from the ownership requirements of 46 U.S.C. 12113. These exempt vessels are currently listed in our regulations at 46 CFR 356.51.

Section 307 of the CGMTA added further restrictions on large vessels under 46 U.S.C. 12113(d) by limiting those vessels from participating in the non-AFA trawl catcher processor subsector.

Accordingly, MARAD finds it necessary to update its regulations under 46 CFR part 356 to reflect these amendments to the AFA and 46 U.S.C. 12113.

Public Participation

MARAD will consider all comments received before the close of business on the comment closing date indicated above under **DATES**. To the extent possible, MARAD will also consider comments received after that date. If a comment is received too late for MARAD to consider in developing a final rule (assuming that one is issued), MARAD will consider that comment as an informal suggestion for future rulemaking action.

Rulemaking Analysis and Notices

Executive Orders 12866 (Regulatory Planning and Review), 13563 (Improving Regulation and Regulatory Review) and DOT Regulatory Policies and Procedures. Under E.O. 12866 (58 FR 51735, October 4, 1993), supplemented by E.O. 13563 (76 FR 3821, January 18, 2011) and DOT policies and procedures, MARAD must determine whether a regulatory action is “significant,” and therefore subject to

OMB review and the requirements of the E.O. The Order defines “significant regulatory action” as one likely to result in a rule that may: (1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal government or communities. (2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another Agency. (3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof. (4) Raise novel legal or policy issues arising out of legal mandates, the President’s priorities, or the principles set forth in the E.O.

MARAD has determined that this notice of proposed rulemaking is not considered a significant regulatory action under section 3(f) of Executive Order 12866 and, therefore, it was not reviewed by the Office of Management and Budget. This rulemaking will not result in an annual effect on the economy of \$100 million or more. It is also not considered a major rule for purposes of Congressional review under Public Law 104-121. This rulemaking is also not significant under the Regulatory Policies and Procedures of the Department of Transportation (44 FR 11034, February 26, 1979). The costs and overall economic impact of this rulemaking do not require further analysis.

Executive Order 13132 (Federalism)

We analyzed this rulemaking in accordance with the principles and criteria contained in Executive Order 13132 (“Federalism”) and have determined that it does not have sufficient Federalism implications to warrant the preparation of a Federalism summary impact statement. This rulemaking has no substantial effect on the States, or on the current Federal-State relationship, or on the current distribution of power and responsibilities among the various local officials. Nothing in this document preempts any State law or regulation. Therefore, MARAD did not consult with State and local officials because it was not necessary.

Executive Order 13175 (Consultation and Coordination With Indian Tribal Governments)

MARAD does not believe that this rulemaking will significantly or uniquely affect the communities of Indian tribal governments when analyzed under the principles and

criteria contained in Executive Order 13175 (Consultation and Coordination with Indian Tribal Governments). Therefore, the funding and consultation requirements of this Executive Order do not apply.

Executive Order 12372 (Intergovernmental Review)

The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities do not apply to this rulemaking.

Regulatory Flexibility Act

The Regulatory Flexibility Act of 1980 requires MARAD to assess whether this rulemaking would have a significant economic impact on a substantial number of small entities and to minimize any adverse impact. MARAD certifies that this rulemaking will not have a significant economic impact on a substantial number of small entities.

Environmental Assessment

We have analyzed this rulemaking for purposes of compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) and have concluded that under the categorical exclusions provision in section 4.05 of Maritime Administrative Order (MAO) 600-1, "Procedures for Considering Environmental Impacts," 50 FR 11606 (March 22, 1985), neither the preparation of an Environmental Assessment, an Environmental Impact Statement, nor a Finding of No Significant Impact for this rulemaking is required. This rulemaking has no environmental impact.

Executive Order 13211 (Energy Supply, Distribution, or Use)

MARAD has determined that this rulemaking will not significantly affect energy supply, distribution, or use. Therefore, no Statement of Energy Effects is required.

Executive Order 13045 (Protection of Children)

Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks, requires agencies issuing "economically significant" rules that involve an environmental health or safety risk that may disproportionately affect children, to include an evaluation of the regulation's environmental health and safety effects on children. As discussed previously, this rulemaking is not economically significant, and will cause no environmental or health risk that disproportionately affects children.

Executive Order 12988 (Civil Justice Reform)

This action meets applicable standards in sections 3(a) and 3(b)(2) of E.O. 12988, Civil Justice Reform, to minimize litigation, eliminates ambiguity, and reduce burden.

Executive Order 12630 (Taking of Private Property)

This rulemaking will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

International Trade Impact Assessment

This rulemaking is not expected to contain standards-related activities that create unnecessary obstacles to the foreign commerce of the United States.

Privacy Impact Assessment

Section 522(a)(5) of the Transportation, Treasury, Independent Agencies, and General Government Appropriations Act, 2005 (Pub. L. 108-447, div. H, 118 Stat. 2809 at 3268) requires the Department of Transportation and certain other Federal agencies to conduct a privacy impact assessment of each proposed rule that will affect the privacy of individuals. Claims submitted under this rule will be treated the same as all legal claims received by MARAD. The processing and treatment of any claim within the scope of this rulemaking by MARAD shall comply with all legal, regulatory and policy requirements regarding privacy.

Unfunded Mandates Reform Act of 1995

The Unfunded Mandates Reform Act of 1995 requires Agencies to evaluate whether an Agency action would result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$141.3 million or more (as adjusted for inflation) in any 1 year, and if so, to take steps to minimize these unfunded mandates. This rulemaking will not impose unfunded mandates under the Unfunded Mandates Reform Act of 1995. It will not result in costs of \$141.3 million or more to either State, local, or tribal governments, in the aggregate, or to the private sector, and is the least burdensome alternative that achieves the objectives of the rule.

Regulation Identifier Number (RIN)

A regulation identifier number (RIN) is assigned to each regulatory action listed in the Unified Agenda of Federal

Regulations. The Regulatory Information Service Center publishes the Unified Agenda in April and October of each year. The RIN number contained in the heading of this document can be used to cross-reference this action with the Unified Agenda.

Paperwork Reduction Act

Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501 *et seq.*), Federal agencies must obtain approval from OMB for each collection of information they conduct, sponsor, or require through regulations. This rulemaking proposes to update the regulations with two new exceptions to the restrictions on the eligibility of vessels over 165 feet in registered length to be documented with fishery endorsements, removes certain exemptions relating to specific vessels, and adds restrictions on large vessels by limiting those vessels from participating in the non-AFA trawl catcher processor subsector. This rulemaking contains no new or amended information collection or recordkeeping requirements that have been approved or require approval by the Office of Management and Budget.

SUPPLEMENTARY INFORMATION: This is a summary of the Order in PS Docket No. 07–114, released on June 4, 2014, which extends the reply comment deadline established in the Third Further Notice of Proposed Rulemaking published under FCC No. 14–13 at 79 FR 17819, March 28, 2014. The full text of this document is available for public inspection during regular business hours in the FCC Reference Center, Room CY–A257, 445 12th Street SW., Washington, DC 20554, or online at—<http://www.fcc.gov/document/proposes-new-indoor-requirements-and-revisions-existing-e911-rules>.

Summary of Order

On February 20, 2014, the Commission adopted a Third Further Notice of Proposed Rulemaking (Third FNPRM) in this docket, seeking comment on proposed wireless E911 location accuracy requirements. The Third Further NPRM set deadlines for filing comments and reply comments of May 12, 2014 and June 11, 2014, respectively.

On May 29, 2014, CTIA—The Wireless Association (CTIA) filed a request to extend the reply comment deadline an additional 30 days, until July 14, 2014. CTIA states that an extension of time is warranted due to the complex issues presented by the Third NPRM and the large number of initial comments filed in this docket. The National Emergency Number Association, Competitive Carrier Association, and Texas 911 Entities filed letters in support of CTIA's request.

We grant the request for an extension of time. As set forth in Section 1.46 of the Commission's rules, the Commission's policy is that extensions of time for filing comments in rulemaking proceedings shall not be routinely granted. In this case, however, an extension of the reply comment period is warranted for the reasons identified by CTIA. Specifically, we find that extension of the reply comment deadline to July 14, 2014 is warranted to provide commenters with sufficient time to prepare reply comments that fully respond to the complex technical, economic, and policy issues raised in the Third FNPRM and comments filed thereafter.

Accordingly, *it is ordered* that, pursuant to Section 4(i) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), and Sections 0.191, 0.392, and 1.46 of the Commission's rules, 47 CFR 0.191, 0.392, and 1.46, the Motion for Extension of Time filed by CTIA is *granted*, and the deadline to file reply comments in this proceeding is extended to July 14, 2014.

Federal Communications Commission.

Chief, Public Safety and Homeland Security Bureau.
