

**SECURITIES AND EXCHANGE  
COMMISSION**

[File No. 500-1]

**In the Matter of Alternative Energy  
Partners, Inc. and SK3 Group, Inc;  
Order of Suspension of Trading**

June 6, 2014.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Alternative Energy Partners, Inc. because of questions concerning the accuracy and adequacy of publicly available information about the company, including, among other things, its business activities, the control of the company, and trading in its securities. Alternative Energy Partners, Inc. is a Florida corporation with a business address in Boca Raton, Florida and its common stock is quoted on OTC Link (previously "Pink Sheets") operated by OTC Markets Group, Inc. ("OTC Link") under the ticker symbol AEGY.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of SK3 Group, Inc. because of questions concerning the accuracy and adequacy of publicly available information about the company, including, among other things, its business activities, the control of the company, and trading in its securities. SK3 Group, Inc. is a Delaware corporation with a business address in Los Angeles, California and its common stock is quoted on OTC Link under the ticker symbol SKTO.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed companies.

Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of the above-listed companies is suspended for the period from 9:30 a.m. EDT on June 6, 2014, through 11:59 p.m. EDT on June 19, 2014.

By the Commission.

**Jill M. Peterson,**

*Assistant Secretary.*

**DEPARTMENT OF TRANSPORTATION**
**Federal Aviation Administration**
**Noise Exposure Map; Notice for Merrill  
Field Airport, Anchorage, AK**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of availability.

**SUMMARY:** The Federal Aviation Administration (FAA) announces its determination that the noise exposure maps submitted by Municipality of Anchorage, for Merrill Field Airport under the provisions of 49 U.S.C. 47501 et. seq (Aviation Safety and Noise Abatement Act) and 14 CFR part 150 are in compliance with applicable requirements.

**DATES:** The effective date of the FAA's determination on the noise exposure maps is June 3, 2014.

**FOR FURTHER INFORMATION CONTACT:** Michael Edelmann, Federal Aviation Administration, 222 W7th Ave. Suite 14, Anchorage, AK 99513, 907 271-5026, [mike.edelmann@faa.gov](mailto:mike.edelmann@faa.gov)

**SUPPLEMENTARY INFORMATION:** This notice announces that the FAA finds that the noise exposure maps submitted for Merrill Field Airport are in compliance with applicable requirements of 14 Code of Federal Regulations (CFR) part 150 (hereinafter referred to as "Part 150"), effective June 3, 2014. Under 49 U.S.C. section 47503 of the Aviation Safety and Noise Abatement Act (hereinafter referred to as "the Act"), an airport operator may submit to the FAA noise exposure maps which meet applicable regulations and which depict non-compatible land uses as of the date of submission of such maps, a description of projected aircraft operations, and the ways in which such operations will affect such maps. The Act requires such maps to be developed in consultation with interested and affected parties in the local community, government agencies, and persons using the airport. An airport operator who has submitted noise exposure maps that are found by FAA to be in compliance with the requirements of Part 150, promulgated pursuant to the Act, may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes to take to reduce existing non-compatible uses and prevent the introduction of additional non-compatible uses.

The FAA has completed its review of the noise exposure maps and accompanying documentation submitted by the Municipality of Anchorage. The documentation that

constitutes the "Noise Exposure Maps" as defined in section 150.7 of Part 150 includes: Existing Conditions NEM (2013), Forecast Conditions NEM (2018), narrative report titled Noise Exposure Map Update, Merrill Field Airport, including appendices. The FAA has determined that these noise exposure maps and accompanying documentation are in compliance with applicable requirements. This determination is effective on June 3, 2014.

FAA's determination on an airport operator's noise exposure maps is limited to a finding that the maps were developed in accordance with the procedures contained in Appendix A of Part 150. Such determination does not constitute approval of the applicant's data, information or plans, or a commitment to approve a noise compatibility program or to fund the implementation of that program. If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a noise exposure map submitted under section 47503 of the Act, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise contours, or in interpreting the noise exposure maps to resolve questions concerning, for example, which properties should be covered by the provisions of section 47506 of the Act. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under Part 150 or through FAA's review of noise exposure maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the airport operator that submitted those maps, or with those public agencies and planning agencies with which consultation is required under section 47503 of the Act. The FAA has relied on the certification by the airport operator, under section 150.21 of Part 150, that the statutorily required consultation has been accomplished.

Copies of the full noise exposure map documentation and of the FAA's evaluation of the maps are available for examination at the following locations:

Federal Aviation Administration,  
Alaskan Region,  
Airports Division, AAL-600,  
222 W7th Ave, Suite 14,  
Anchorage, AK 99513,  
Available for review 8 a.m. to 4 p.m.  
local time.
