SUPPLEMENTARY INFORMATION:

A. Purpose

This is a request for an extension of an existing information collection requirement concerning the Office of Management and Budget (OMB) Control Number 9000-0183, Preventing Personal Conflicts of Interest for Contractor Employees Performing Acquisition Functions. The request uses the burden hours provided in the proposed FAR rule (2013-022).

The proposed rule expands the coverage and proposes to amend the FAR by implementing section 829 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) to extend the limitations on contractor employee personal conflicts of interest to apply to the performance of all functions that are closely associated with inherently governmental functions (not just acquisition functions) and to contracts for personal services (to the extent such contracts are authorized by law, e.g., legal or medical services).

In the current information collection, Section 841(a) requires the Administrator for Federal Procurement Policy to develop and issue a standard policy to prevent personal conflicts of interest by contractor employees performing acquisition functions closely associated with inherently governmental function, and an

associated personal conflicts-of-interest clause or set off clauses.

Contractors are required to notify contracting officers whenever they become aware of any personal conflict of interest violations by a covered employee. The objective of the notification requirement is to emphasize the critical importance of integrity in contracting and reduce the occurrence of personal conflict-of-interest violations by contractor employees performing acquisition-related functions.

In addition, contractors have the opportunity, in exceptional circumstances, to request mitigation or waiver of the personal conflict-of-interest standards. The information is used by the Government to evaluate the requested mitigation/waiver.

Respondents: 188.

Responses per Respondent: 1.

Total Responses: 188.

Hours per Response: 30.

The annual recordkeeping burden is estimated as follows:

Recordkeepers: 9,361.

Hours per recordkeeper: 59.

Total recordkeeping hours: 552,299.

C. Public Comments

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.
