

We will instruct CBP to assess antidumping duties on all appropriate entries covered by these new shipper reviews when the importer-specific assessment rate calculated in the final results of this review is above *de minimis*. Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The Department announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by Bonn Flooring, Fuerjia and Huade for these new shipper reviews, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. In addition, if the Department determines that the exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the PRC-wide rate.¹¹

The final results of these new shipper reviews shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of these reviews and for future deposits of estimated duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of these new shipper reviews for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For the companies listed above that have a separate rate, the cash deposit rate will be that rate established in the final results of these new shipper reviews (except, if the rate is zero or *de minimis*, then a zero cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing producer/exporter-specific combination rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash

deposit rate will be that for the PRC-wide entity, or 58.84 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC producer/exporter combination that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Act and 19 CFR 351.214.

Dated: June 6, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Taking of Threatened or Endangered Marine Mammals Incidental to Commercial Fishing Operations; Issuance of Permit

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: NMFS plans to issue a permit for a period of three years to authorize the incidental, but not intentional, taking of three stocks of marine mammals listed as threatened or endangered under the Endangered Species Act (ESA) by the Hawaii deep-set and shallow-set longline fisheries. In accordance with the Marine Mammal Protection Act (MMPA), NMFS must issue this permit provided that it can make the determinations that: The incidental take will have a negligible impact on the affected stocks; a recovery plan for all affected stocks of threatened or endangered marine mammals has been developed or is being developed; and as required by the MMPA, a take reduction plan and monitoring program have been implemented and vessels in the Hawaii deep-set and shallow-set longline fisheries are registered. NMFS has made a preliminary determination that incidental taking from commercial fishing will have a negligible impact on the endangered humpback whale, Central North Pacific (CNP) stock; sperm whale, Hawaii stock; and false killer whale, Main Hawaiian Islands (MHI) insular stock. Recovery plans have been completed for humpback and sperm whales, and a recovery plan has been initiated for MHI insular false killer whales. NMFS solicits public comments on the draft negligible impact determination and on the proposal to issue a permit to vessels that operate in these fisheries for the taking of affected endangered stocks of marine mammals.

DATES: Comments must be received by July 14, 2014.
