**SUPPLEMENTARY INFORMATION:** This ICR seeks approval under the PRA for revisions to the Claim for Continuance of Compensation information collection. The Federal Employees' Compensation Act (FECA) authorizes this information collection. See 5 U.S.C. 8133. More specifically, the OWCP uses Form CA-12 to obtain information from eligible survivors receiving death benefits for an extended period of time. This information is necessary to ensure the OWCP pays accurate compensation. This information collection has been classified as a revision, because the Form CA-12 instructions and questions have been revised to comply with current Federal law and FECA Bulletin No. 14-01, December 12, 2013. In addition, the OWCP has added an accommodation statement to the form in order to inform a claimant with mental or physical limitations to contact OWCP if further assistance is needed in the claims process.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0015. The current approval is scheduled to expire on June 30, 2014; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension

while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on March 4, 2014 (79 FR 12225).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1240-0015. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

By application dated May 6, 2014, workers requested administrative reconsideration of the negative

The determination was issued on March 19, 2014 and the Department’s Notice of determination was published in the **Federal Register** on April 8, 2014 (79 FR 19382).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

The initial investigation resulted in a negative determination based on the findings that there was no increase in imports by the workers’ firm or its customers, nor was there a shift in the supply of services to a foreign country (or foreign acquisition of such services) by the workers’ firm.

The request for reconsideration asserts that the subject firm continues to
