

treatment for any of these reports pursuant to sections (b)(4) and (b)(6) of the Freedom of Information Act (5 U.S.C. 522(b)(4) and (b)(6)). The applicability of these exemptions would need to be determined on a case-by-case basis.

**Abstract:** The FR Y-7Q collects consolidated regulatory capital information from all FBOs either quarterly or annually. The FR Y-7Q is filed quarterly by FBOs that have effectively elected to become financial holding companies (FHCs) and by FBOs that have total consolidated assets of \$50 billion or more, regardless of FHC status. All other FBOs file the FR Y-7Q annually.

**Current Actions:** The Federal Reserve proposes to collect one new data item to implement the enhanced prudential standards for FBOs adopted pursuant to section 165 of the Dodd-Frank Act (DFA Section 165), Enhanced Prudential Standards for Large Domestic and Foreign Banking Organizations. The new data item, Total U.S. Non-Branch Assets, would be used to determine whether an FBO meets the threshold for formation of a U.S. intermediate holding company. This item would collect the sum of the total combined assets of a top-tier FBO's top-tier U.S. domiciled affiliates.<sup>2</sup> In situations where a top-tier U.S. domiciled affiliate is a parent of one or more subsidiaries, the total consolidated assets of the affiliate would include the assets of the affiliate and its subsidiaries, in accordance with U.S. Generally Accepted Accounting Principles (GAAP), and the total consolidated assets (or total assets, as applicable) of each top-tier U.S. domiciled affiliate should be combined. In situations where a top-tier U.S. domiciled subsidiary is not consolidated with the FBO for GAAP purposes, that entity shall be accounted for under the equity method and the sum of the amount of the investments should be included in the sum of the total combined assets of top-tier U.S. domiciled affiliates. The sum of the total combined assets of top-tier U.S. domiciled affiliates reported by a top-tier FBO should exclude intercompany balances and intercompany transactions between the FBO's U.S. domiciled affiliates to the extent such items are not already eliminated in consolidation. However, the sum of the total combined assets of top-tier U.S. domiciled affiliates reported by a top-tier FBO

should include asset exposures to U.S. branches, or agencies of the FBO and to non U.S. domiciled affiliates<sup>3</sup>.

U.S. domiciled affiliate is defined as a subsidiary, an associated company, or an entity treated as an associated company (e.g., a corporate joint venture) as set forth in the instructions for the Consolidated Financial Statements for Holding Companies (FR Y-9C; OMB No. 7100-0128). The proposed revision would be effective December 31, 2014.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Office of the Secretary

[Document Identifier HHS-OS-0990-New-30D]

#### Agency Information Collection Activities; Submission to OMB for Review and Approval; Public Comment Request

**AGENCY:** Office of the Secretary, HHS.

**ACTION:** Notice.

**SUMMARY:** In compliance with section 3507(a)(1)(D) of the Paperwork

Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, has submitted an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB) for review and approval. The ICR is for a new collection. Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public on this ICR during the review and approval period.

**DATES:** Comments on the ICR must be received on or before July 18, 2014.

**ADDRESSES:** Submit your comments to *OIRA\_submission@omb.eop.gov* or via facsimile to (202) 395-5806.

**FOR FURTHER INFORMATION CONTACT:** Information Collection Clearance Officer, *Sherrette.funn@hhs.gov* or (202) 690-6162.

**SUPPLEMENTARY INFORMATION:** When submitting comments or requesting information, please include the Information Collection Request Title and document identifier HHS-OS-0990-new-30D for reference.

**Information Collection Request Title:** Education and Training of Healthcare Providers as a Coordinated Public Health Response to Violence Against Women Project.

**Abstract:** The Office on Women's Health (OWH) is seeking a new clearance to conduct a one year data collection associated with the pilot and evaluation of an eLearning course developed as part of the "Education and Training of Healthcare Providers as a Coordinated Public Health Response to Violence Against Women Project". The purpose of this data collection is to gather data from healthcare providers who have volunteered to participate in the pilot and evaluation of an e-learning course designed to educate and train healthcare providers on how to respond to intimate partner violence (IPV) against women. Information obtained from this data collection will be used to identify areas of improvement and measure the effectiveness of the e-learning course in educating healthcare providers about IPV, addressing attitudinal barriers to IPV screening, and increasing IPV screening in clinical practice. This data will also help identify any problems in the navigation and functioning of the e-learning course. The results of this evaluation will assist

OWH in making revisions to the course and subsequently coordinating a national launch, making the e-learning course available to healthcare providers across the U.S. All data collection forms and activities will be used within a year time frame.

**Need and Proposed Use of the Information:** The piloting and evaluation of this eLearning course supports the DHHS and OWH's overall mission and strategic plan. It supports the DHHS objective of implementing "prevention policies, programming, and interventions to prevent and respond to individuals, families, and communities impacted by domestic violence". It also enhances OWH's capacity to provide healthcare providers with accurate, evidence-based information and identify innovative educational strategies. Furthermore, the results will also aid in the planning and development of future OWH and other public and private sector initiatives to promote IPV awareness and screening in the healthcare setting. Knowledge gained from the evaluation will inform federal, public, and private sector on how IPV knowledge, attitude, and practices may differ between healthcare providers and healthcare settings.

**Likely Respondents:** The respondents for this pilot and evaluation are healthcare providers (physicians, nurses, and social workers) who are members of professional associations and who provide services in Nevada, Oklahoma, and South Carolina.

**Burden Statement:** Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.
