

certain disclosures be made by firms trading on behalf of customers helps ensure a free and open market in which customers are made fully aware of transactions executed by executing firms on their behalf. Finally, the changes to OCX's disciplinary process will allow the Exchange to more effectively regulate trading activity.

B. Self-Regulatory Organization's Statement on Burden on Competition

OneChicago does not believe that the rule changes will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed rule changes are equitable and not unfairly discriminatory because they merely clarify the obligations of parties that transact EFPs, enhance customer protection through disclosure, apply to all market participants equally, and strengthen OCX's disciplinary process to ensure that trading activity and the disciplinary processes on the Exchange remains fair, equitable, and competitive.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Comments on the OneChicago proposed rule change have not been solicited and none have been received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

OneChicago filed the proposed rule changes with the CFTC between June 19, 2012 and July 9, 2013. OneChicago did not file the proposed rule changes concurrently with the SEC. Instead, OneChicago filed the proposed rule changes on May 14, 2014.⁹

At any time within 60 days of the date of effectiveness¹⁰ of the proposed rule change, the Commission, after consultation with the CFTC, may summarily abrogate the proposed rule change and require that the proposed rule change be refiled in accordance with the provisions of Section 19(b)(1) of the Act.¹¹

⁹ Section 19(b)(7)(B) of the Act provides that a proposed rule change filed with the SEC pursuant to section 19(b)(7)(A) of the Act shall be filed concurrently with the CFTC.

¹⁰ Section 19(b)(7)(C) of the Act provides, *inter alia*, that "[a]ny proposed rule change of a self-regulatory organization that has taken effect pursuant to [Section 19(b)(7)(B) of the Act] may be enforced by such self-regulatory organization to the extent such rule is not inconsistent with the provisions of this title, the rules and regulations thereunder, and applicable Federal law."

¹¹ 15 U.S.C. 78s(b)(1).

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-OC-2014-02 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-OC-2014-02. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal offices of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-OC-2014-02, and should be submitted on or before July 17, 2014.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹²

Kevin M. O'Neill,
Deputy Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-72445; File No. SR-EDGX-2014-05]

Self-Regulatory Organizations; EDGX Exchange, Inc.; Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To Adopt a New Order Type Called the Mid-Point Discretionary Order

June 20, 2014.

I. Introduction

On March 7, 2014, EDGX Exchange, Inc. ("Exchange" or "EDGX") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend its rules to add a new order type called the Mid-Point Discretionary Order ("MDO") and to reflect the priority of MDOs. The proposed rule change was published for comment in the **Federal Register** on March 25, 2014.³ On May 2, 2014, the Commission extended the time period in which to either approve or disapprove the proposed rule change to June 23, 2014.⁴ The Commission received no comment letters on the proposed rule change. This order institutes proceedings under Section 19(b)(2)(B) of the Act⁵ to determine whether to approve or disapprove the proposed rule change.

II. Description of the Proposal

A. Proposed Mid-Point Discretionary Order

The Exchange proposes to add a new order type—called the Mid-Point Discretionary Order or MDO. An MDO would be a limit order to buy that is displayed and pegged to the National Best Bid ("NBB"), with discretion to execute at prices up to and including

¹² 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ See Securities Exchange Act Release No. 71747 (March 19, 2014), 79 FR 16401 (March 25, 2014) ("Notice").

⁴ See Securities Exchange Act Release No. 72086 (May 2, 2014), 79 FR 26473 (May 8, 2014).

⁵ 15 U.S.C. 78s(b)(2)(B).

the mid-point of the NBBO,⁶ and a limit order to sell that is displayed and pegged to the National Best Offer (“NBO”), with discretion to execute at prices down to and including the mid-point of the NBBO.⁷ The displayed price of an MDO would be re-priced to track changes in the NBBO.⁸ An MDO’s sole time stamp would be the one assigned to the order at its displayed price, and it would only change when the displayed price is adjusted to track changes in the NBB or NBO to which it is pegged. Therefore, if the discretionary range of an MDO changes due to a change in the mid-point of the NBBO (*i.e.*, if the NBO changes for an MDO to buy or if the NBB changes for an MDO to sell), an MDO’s time stamp would not change.

An MDO would not independently establish or maintain the NBB or NBO; rather, the displayed price of the MDO would be derived from the NBB or NBO. Accordingly, an MDO would be cancelled if no NBBO exists. An MDO would also be cancelled if a trading halt is declared by the listing market.⁹ An MDO would be able to join the Exchange BBO when the Exchange BBO equals the NBBO and the EDGX Book is locked or crossed by another market.¹⁰ However, if an MDO displayed on the Exchange would create a locked or crossed market, the System would automatically adjust the price of the order¹¹ to one minimum price variation below the current NBO (for an MDO to

buy) or to one minimum price variation above the current NBB (for an MDO to sell) with no discretion to execute to the mid-point of the NBBO.¹²

Upon entry into the System, an MDO would not be eligible to execute immediately at its displayed price; however, it would be eligible to execute at the mid-point of the NBBO.¹³ An MDO would be eligible to execute at its displayed price only after it has been posted to the EDGX Book.¹⁴

An MDO would not be eligible to execute against resting Discretionary Orders,¹⁵ including contra-side MDOs.¹⁶ An MDO would only be eligible to execute at the mid-point of the NBBO against Mid-Point Match Orders¹⁷ and incoming liquidity-removing orders when their limit price is equal to the mid-point of the NBBO.¹⁸ An MDO in a stock priced at \$1.00 or more would only be executed in sub-penny increments when executed at the mid-point of the NBBO against contra-side Mid-Point Match Orders.¹⁹ In addition, an MDO would not be eligible for routing pursuant to EDGX Rule 11.9(b)(2).²⁰

An MDO could include a limit price, by which its displayed price and discretion to the mid-point of the NBBO would be bound.²¹ Specifically, an MDO to buy or sell with a limit price that is less than the prevailing NBB or greater than the prevailing NBO, respectively, is posted to the EDGX Book at its limit price.²² Further, for example, if an MDO to buy is entered with a limit price that is less than the prevailing mid-point of the NBBO, it would have discretion to buy only up to its limit price, not the mid-point of the NBBO. Conversely, if an MDO to buy is entered with a limit price that is greater than the prevailing NBO, it would have

discretion to buy up to the mid-point of the NBBO and not to its limit price.²³

The Exchange also proposes to address how an MDO would comply with the National Market System Plan, also known as Limit Up/Limit Down (“LULD”), established pursuant to Rule 608 of the Act, to address extraordinary market volatility (“LULD Plan”).²⁴ Specifically, an MDO to buy would be re-priced to the Upper Price Band and not the Protected Bid where the price of the Upper Price Band moves below an existing Protected Bid, and an MDO to sell would be re-priced to the Lower Price Band and not the Protected Offer where the price of the Lower Price Band moves above an existing Protected Offer.²⁵ An MDO would only execute at its displayed price and not within its discretionary ranges when: (i) The price of the Upper Price Band equals or moves below an existing Protected Bid; or (ii) the price of the Lower Price Band equals or moves above an existing Protected Offer.²⁶ When those conditions no longer exist, an MDO would resume trading against other orders in its discretionary range and being displayed at and pegged to the NBBO.²⁷

C. Proposed Amendments to EDGX Rule 11.8(a)—Priority

The Exchange proposes to amend EDGX Rule 11.8(a) to reflect the priority an MDO would have when it is executed within its discretionary range. Specifically, current EDGX Rule 11.8(a)(2) states that the EDGX System shall execute equally priced trading interest in time priority in the following order: (i) Displayed size of limit orders; (ii) Mid-Point Match Orders; (iii) non-displayed limit orders and the reserve quantity of Reserve Orders;²⁸ (iv) discretionary range of Discretionary Orders as set forth in current Rule

⁶ EDGX Rule 1.5(o) defines “NBBO” as “the national best bid or offer.” See also Rule 600(b)(42) of Regulation NMS under the Act.

⁷ See proposed EDGX Rule 11.5(c)(14). The Exchange represents that the proposed MDO is based on and would operate similarly to the Mid-Point Discretionary Order on EDGA Exchange, Inc. (“EDGA”). See Notice, *supra* note 3, at 16402. However, the Exchange identifies and explains four differences, which it attributes to the different fee structures used by EDGA and EDGX. *Id.* at 16403–05. The differences are that an MDO on EDGX, unlike an MDO on EDGA: (1) Would not be eligible to execute immediately upon entry at its displayed price; (2) would not be eligible to execute against resting Discretionary Orders, including contra-side MDOs; (3) would only be eligible to execute at the mid-point of the NBBO against Mid-Point Match Orders and incoming liquidity-removing orders when their limit prices are equal to the mid-point of the NBBO; and (4) would be immediately canceled in the event a trading halt is declared by the listing market. *Id.*; see also *infra* notes 9, 13–18 and accompanying text.

⁸ See proposed EDGX Rule 11.5(c)(14).

⁹ *Id.* In the Notice, the Exchange explains rationale for this behavior. See *supra*, note 3, at 16404–05; note 7.

¹⁰ See proposed EDGX Rule 11.5(c)(14). EDGX Rule 1.5(d) defines “EDGX Book” as the “System’s electronic file of orders.”

¹¹ EDGX Rule 1.5(cc) defines “System” as “the electronic communications and trading facility designated by the Board through which securities orders of Users are consolidated for ranking, execution and, when applicable, routing away.”

¹² See proposed EDGX Rule 11.5(c)(14).

¹³ *Id.*

¹⁴ In the Notice, the Exchange explains the rationale for this behavior and it identifies order types on other exchanges that it believes operate in the same manner. See *supra* note 3, at 16403–04; note 7.

¹⁵ See EDGX Rule 11.5(c)(13).

¹⁶ See proposed EDGX Rule 11.5(c)(14). In the Notice, the Exchange explains the rationale for this behavior. See *supra*, note 3, at 16404; note 7.

¹⁷ See EDGX Rule 11.5(c)(7).

¹⁸ See proposed EDGX Rule 11.5(c)(14). In the Notice, the Exchange explains the rationale for this behavior. See *supra*, note 3, at 16404; note 7.

¹⁹ See proposed EDGX Rule 11.5(c)(14). An MDO would execute against all other order types solely in whole penny increments, would not be eligible to execute against a contra-side MDO at the mid-point of the NBBO, and would not be displayed or ranked in sub-penny increments.

²⁰ *Id.*

²¹ *Id.*

²² *Id.*

²³ The Exchange notes that an MDO’s discretion to trade to and including the mid-point of the NBBO may be limited where the only available contra-side liquidity at the mid-point is represented by MDOs or Non-Displayed Orders resting on the EDGX Book. See Notice, *supra* note 3, at 16402.

²⁴ See Appendix A to Securities Exchange Act Release No. 67091 (May 31, 2012), 77 FR 33498 (June 6, 2012).

²⁵ See proposed EDGX Rule 11.5(c)(14); EDGX Rule 11.9(a)(3). EDGX Rule 1.5(gg) states that “[t]he terms . . . Upper Price Band and Lower Price Band . . . shall have the definitions and meanings ascribed to them under the [LULD] Plan.” EDGX Rule 1.5(v) defines “Protected Bid” and “Protected Offer” as “a bid or offer in a stock that is (i) displayed by an automated trading center; (ii) disseminated pursuant to an effective national market system plan; and (iii) an automated quotation that is the best bid or best offer of a national securities exchange or association.”

²⁶ See proposed EDGX Rule 11.5(c)(14).

²⁷ *Id.*

²⁸ See EDGX Rule 11.5(c)(1).

11.5(c)(13); and (v) Route Peg Orders as set forth in current Rule 11.5(c)(17). The Exchange proposes that, when an MDO executes at its displayed price, the MDO would have the same priority as that of the displayed size of a limit order, in accordance with EDGX Rule 11.8(a)(2)(A). The Exchange also proposes that, when an MDO executes within its discretionary range, the MDO would have the same priority as the discretionary range of a Discretionary Order, as set forth in Rule 11.8(a)(2)(D).²⁹

In addition, the Exchange proposes to address the priority of orders when an MDO is posted to the EDGX Book. Where orders to buy (or sell) are made at the same price, EDGX Rule 11.8(a)(2) requires that the order clearly established as the first entered into the System at that price shall have precedence up to the number of shares of stock specified in the order.³⁰ As described above, an MDO would not be eligible to execute immediately upon entry into the System at its displayed price.³¹ Instead, an MDO would be eligible to execute at its displayed price only after it has been posted to the EDGX Book (*i.e.*, at the displayed price, it functions as a “post-only” order type). Therefore, the Exchange proposes to add subparagraph (9) to EDGX Rule 11.8(a) to provide that, in accordance with proposed Rule 11.5(c)(14), where an MDO does not execute against certain marketable contra-side interest resting on the EDGX Book, it would, notwithstanding EDGX Rule 11.8(a)(2) described above, be posted directly to the EDGX Book and would be eligible to execute against later-arriving marketable contra-side orders.

For example, assume that the NBBO is \$10.00 × \$10.01, and that User A³² has submitted a Discretionary Order (a non-“post-only” order type) to buy at \$10.00 with discretion to \$10.01 that rests on the EDGX Book. If User B

submits an MDO to sell with a limit price of \$10.01, User B’s MDO would not be able to execute against User A’s resting Discretionary Order to buy, despite otherwise being marketable against User A. User B’s MDO to sell instead would be posted to the EDGX Book and displayed at \$10.01 with discretion to execute down to the mid-point of the NBBO, \$10.005. If User C submits an order identical to User A’s Discretionary Order, User C’s Discretionary Order to buy would execute against User B’s MDO Order to sell at \$10.01, and User A’s Discretionary Order to buy would remain on the EDGX Book, despite User A being first in time priority. The Exchange believes that precluding MDOs from executing against resting Discretionary Orders would promote just and equitable principles of trade by permitting the Exchange to offer a low-cost pricing structure while also offering an order type that provides Users the opportunity to achieve price improvement to and including the mid-point of the NBBO.³³ The Exchange also argues that, once a User’s order is posted to the book (User A in the example above), such User expects to receive a rebate, and, thus, would be willing to forgo an execution against a later-arriving MDO at the displayed price.³⁴ The Exchange further argues that, if a User is willing to pay a fee for broader execution opportunities at the mid-point of the NBBO, that User could utilize a Mid-Point Match Order, rather than an MDO.³⁵ The Exchange further states that amending its general priority structure to accommodate scenarios similar to the one noted above is appropriate because the Exchange believes that Users could then post aggressively-priced liquidity (by submitting an MDO) because they will have certainty as to the fee or rebate they would pay or receive from the Exchange if their orders are executed.³⁶

III. Proceedings To Determine Whether To Approve or Disapprove SR–EDGX–2014–05 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act³⁷ to determine whether the proposed rule change should be approved or disapproved.³⁸ Institution of such proceedings is appropriate at this time in view of the legal and policy issues that are raised by the proposal and are discussed below. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described in greater detail below, the Commission seeks and encourages interested persons to comment on the proposal and provide the Commission with additional comment to inform the Commission’s analysis whether to approve or disapprove the proposed rule change.

Pursuant to Section 19(b)(2)(B) of the Act, the Commission is providing notice of the grounds for disapproval under consideration. The sections of the Act applicable to the proposed rule change that provide the grounds for approval or disapproval under consideration are Section 6(b)(5).³⁹ Section 6(b)(5) of the Act⁴⁰ requires that the rules of an exchange be designed, among other things, to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest; and are not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The interaction (or non-interaction) of the MDO with other orders on the EDGX Book raises important issues that warrant further public comment and Commission consideration. Specifically, in certain circumstances, as described above, an incoming MDO, which functions as a post-only order type, would not interact with a resting non-post-only order, but would interact with

²⁹ The Exchange provides an example to illustrate the application of the priority rules to an MDO. See Notice, *supra* note 3, at 16407.

³⁰ The Commission notes that the EDGX System executes equally-priced trading interest within the System in time priority within order type categories in the following order: (1) Displayed size of limit orders; (2) Mid-Point Match Orders; (3) Non-displayed limit orders and the reserve quantity of Reserve Orders; (4) Discretionary range of Discretionary Orders as set forth in Rule 11.5(c)(13); and (5) Route Peg Orders as set forth in Rule 11.5(c)(17).

³¹ See *supra* notes 13 thru 14 and accompanying text. An MDO also would not be eligible to execute against resting Discretionary Orders, including contra-side MDOs. See *supra* notes 15 and 16 and accompanying text.

³² EDGX Rule 1.5(ee) defines “User” as “any Member or Sponsored Participant who is authorized to obtain access to the System pursuant to Rule 11.3.”

³³ See Notice, *supra* note 3, at 16408. Specifically, the Exchange stated that, if the Exchange were to allow MDOs on EDGX to execute against each other, the provider of liquidity would receive a rebate while the taker of liquidity would be charged no fee. *Id.* On the other hand, the Exchange states that an MDO on EDGA may execute against resting Discretionary Orders, including contra-side MDOs, because both orders would pay a fee. *Id.*; see also EDGA Fee Schedule available at <http://www.directedge.com/Trading/EDGAFeeSchedule.aspx>.

³⁴ See Notice, *supra* note 3, at 16408. The Exchange acknowledges that a later-arriving, identical Discretionary Order would act as a liquidity remover and pay a fee to execute against the MDO. *Id.* at 16403.

³⁵ *Id.*

³⁶ *Id.* at 16408.

³⁷ 15 U.S.C. 78s(b)(2)(B).

³⁸ Section 19(b)(2)(B) of the Act provides that proceedings to determine whether to disapprove a proposed rule change must be concluded within 180 days of the date of publication of notice of the filing of the proposed rule change. The time for conclusion of the proceedings may be extended for up to an additional 60 days if the Commission finds good cause for such extension and publishes its reasons for so finding or if the self-regulatory organization consents to the extension.

³⁹ 15 U.S.C. 78f(b)(5).

⁴⁰ 15 U.S.C. 78f(b)(5).

an identical later-arriving non-post-only order. The Commission believes the proposed rule change raises questions regarding: (1) Whether it is unfairly discriminatory, or inconsistent with the protection of investors and the public interest, for the later-arriving order to have execution priority in these circumstances; and (2) whether it is inconsistent with a free and open market and the national market system, or the protection of investors and the public interest, for an exchange to create complex order interaction scenarios in order to maintain a simplified fee schedule.

IV. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data and arguments with respect to the concerns identified above, as well as any others they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposed rule change is inconsistent with Section 6(b)(5), or any other provision of the Act, or the rules and regulations thereunder. Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b-4, any request for an opportunity to make an oral presentation.⁴¹

Interested persons are invited to submit written data, views and arguments regarding whether the proposed rule change should be approved or disapproved by July 17, 2014. Any person who wishes to file a rebuttal to any other person's submission must file that rebuttal by July 31, 2014.

The Commission asks that commenters address the sufficiency and merit of the Exchange's statements in support of the proposal, in addition to any other comments they may wish to submit about the proposed rule change. In particular, the Commission seeks comment on the following:

1. As proposed, an incoming MDO would not execute against certain

resting orders willing to pay a take fee, but could instead execute against later-arriving orders identical to the resting orders.⁴² Would this result add unnecessary complexity to the Exchange's priority rules and the equity markets generally? Would it create opportunities for Users to effect "queue-jumping" or other strategies that might be unfair or detrimental to the markets? Please explain.

2. The Exchange asserts that, once a User's order is posted to the EDGX Book, the User expects to receive a rebate, even if it was willing to pay a take fee when the order was initially submitted.⁴³ Does this accurately represent User expectations? Please explain. Would such a User be willing to pay a fee to execute against an incoming MDO if the net execution price, taking into account the rebate forgone and the fee paid, is within the range of prices the User would have been willing to accept upon order entry?

3. The Exchange indicates that one reason an incoming MDO would not execute against a resting, contra-side Discretionary Order or MDO is because, in this circumstance, the provider of liquidity would receive a rebate while the taker of liquidity would be charged no fee.⁴⁴ Is it appropriate for an Exchange to address scenarios such as this—in which it would lose money—by adding complexity to the way orders interact (including overriding time priority), rather than adjusting its fee schedule?

4. What type of market participants would avail themselves of the MDO, and how and why would the order type improve market quality or otherwise promote fair and orderly markets, or the protection of investors and the public interest?

Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-EDGX-2014-05 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-EDGX-2014-05. This file

number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make publicly available. All submissions should refer to File Number SR-EDGX-2014-05 and should be submitted on or before July 17, 2014. If comments are received, any rebuttal comments should be submitted by July 31, 2014.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁴⁵

Kevin M. O'Neill,
Deputy Secretary.
