

9. Availability to participate in-person in a 2-day peer review meeting in the Washington, DC metro area in August or September 2014 (exact date will be published in the **Federal Register** at least 30 days prior to the external peer review meeting).

Further information regarding the external peer review meeting will be announced at a later date in the **Federal Register**.

V. Peer Panel Selection Process

EPA’s contractor will notify candidates of selection or non-selection. EPA’s contractor will follow-up with nominees and request additional information such as:

1. The disciplinary and specific areas of expertise of the nominee.
2. The nominee’s curriculum vita.
3. A biographical sketch of the nominee indicating current position; educational background; past and current research activities; recent service on other advisory committees, peer review panels, editorial boards, or professional organizations; sources of recent grant and/or contract support; and other comments on the relevance of the nominee’s expertise to this peer review topic.

EPA’s contractor may also conduct an independent search for candidates to assemble a balanced group representing the expertise needed to fully evaluate EPA’s draft documents. EPA’s contractor will consider and screen all candidates against the criteria listed in Unit III. and the Agency’s Conflict of Interest (COI) and appearance of bias

guidance (http://www.epa.gov/peerreview/pdfs/spc_peer_rvw_handbook_addendum.pdf and <http://www.epa.gov/osa/pdfs/epa-process-for-contractor.pdf>). Following the screening process, EPA’s contractor will narrow the list of potential reviewers. Prior to selecting the final peer reviewers, a second **Federal Register** notice will be published to solicit comments on the interim list of 12–15 candidates. The public will be requested to provide relevant information or documentation on the nominees that EPA’s contractor should consider in evaluating the candidates within 21 days following the announcement of the interim candidates. Once the public comments on the interim list of candidates have been reviewed, EPA’s contractor will select the final peer reviewers who, collectively, best provide expertise spanning the multiple areas listed Unit III. and, to the extent feasible, best provide a balance of perspectives. Compensation of non-Federal peer reviewers will be provided by EPA’s contractor.
