**National Oil and Hazardous Substances Pollution Contingency Plan; Listing of Trustee Designations**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** In this action, the Environmental Protection Agency (EPA or “the Agency”) is conforming the listing of trustee designations for natural resources in the National Oil and Hazardous Substances Pollution Contingency Plan (NCP) in accordance with Executive Order (E.O.) 13626, “Gulf Coast Ecosystem Restoration,” issued on September 10, 2012. E.O. 13626 designated the Administrator of EPA and the Secretary of the United States Department of Agriculture (USDA) to act as additional trustees for Natural Resource Damage Assessment and restoration solely in connection with injury to, destruction of, loss of, or loss of use of natural resources, including their supporting ecosystems, resulting from the Deepwater Horizon Oil Spill. The Administrator’s and Secretary’s trusteeship became effective immediately pursuant to the President’s designation. This action is being taken pursuant to a directive in the Executive Order to revise Subpart G of the NCP to reflect the additional designations for the Deepwater Horizon Oil Spill. This

action applies to the Deepwater Horizon Oil Spill only, and does not affect any prior or subsequent designations.

**DATES:** This rule is effective on June 27, 2014.

**FOR FURTHER INFORMATION CONTACT:** Ms. Gale C. Bonanno, Office of Water (4503–T), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; telephone number 202–564–2243; email address: [bonanno.gale@epa.gov](mailto:bonanno.gale@epa.gov).

**SUPPLEMENTARY INFORMATION:** In accordance with E.O. 13626 of September 10, 2012 (77 FR 56749, September 13, 2012), entitled, “Gulf Coast Ecosystem Restoration,” EPA is revising Subpart G of the NCP, 40 CFR part 300, to reflect the President’s designation of the Administrator of EPA and the Secretary of Agriculture as additional trustees in connection with injury to, destruction of, loss of, or loss of use of natural resources, including their supporting ecosystems, resulting from the Deepwater Horizon Oil Spill. Section 5 of E.O. 13626 provides as follows:

*Sec. 5. Designating Trustees for Natural Resource Damage Assessment.* Given their authorities, programs, and expertise, the Environmental Protection Agency (EPA) and the Department of Agriculture (USDA) have institutional capacities that can contribute significantly to the Natural Resource Damage Assessment and restoration efforts, including scientific and policy expertise as well as experience gained in the Task Force process and other planning efforts in the Gulf area. In addition, EPA’s and USDA’s relevant authorities cover a range of natural resources and their supporting ecosystems, including waters, sediments, barrier islands, wetlands, soils, land management, air resources, and drinking water supplies. The inclusion of EPA and USDA as trustees participating in

the Natural Resource Damage Assessment and restoration efforts will maximize coordination across the Federal Government and enhance overall efficiencies regarding Gulf Coast ecosystem restoration. Accordingly, without limiting the designations in Executive Order 12777 of October 18, 1991, or any other existing designations, and pursuant to section 2706(b)(2) of title 33, United States Code, I hereby designate the Administrator of EPA and the Secretary of Agriculture as additional trustees for Natural Resource Damage Assessment and restoration solely in connection with injury to, destruction of, loss of, or loss of use of natural resources, including their supporting ecosystems, resulting from the Deepwater Horizon Oil Spill. The addition of these Federal trustees does not, in and of itself, alter any existing agreements among or between the trustees and any other entity. All Federal trustees are directed to consult, coordinate, and cooperate with each other in carrying out all of their trustee duties and responsibilities.

The Administrator of EPA is hereby directed to revise Subpart G of the National Oil and Hazardous Substances Pollution Contingency Plan to reflect the designations for the Deepwater Horizon Oil Spill discussed in this section.

Today EPA is issuing a final rule revising Subpart G of the National Oil and Hazardous Substances Pollution Contingency Plan to reflect the designations for the Deepwater Horizon Oil Spill discussed in Section 5 of the E.O.

E.O. 13626 is an exercise of the President’s statutory authorities under section 311 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C. 1321), section 1006 of the Oil Pollution Act of 1990 (OPA) (33 U.S.C. 2706), and 3 U.S.C. 301. Under OPA section 1002, those responsible for oil spills are liable for, among other things, damages for injury to, destruction of,
