

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. In this regard and as indicated above, the Exchange notes that the rule change is being proposed as a competitive response to a filing submitted by ISE.²¹ The Exchange believes that the proposed rule change is necessary to permit fair competition among the options exchanges with respect to STO Programs. The Exchange believes that the proposed rule change will result in additional investment options and opportunities to achieve the investment objectives of market participants seeking efficient trading and hedging vehicles, to the benefit of investors, market participants, and the marketplace in general. Specifically, the Exchange believes that investors will benefit from the availability of strike price intervals in standard expiration contracts that match the intervals currently permitted for short term options with a similar time to expiration.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act²² and Rule 19b-4(f)(6) thereunder.²³

The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon

filing. The Exchange stated that waiver of this requirement will permit fair competition among the options exchanges with respect to STO Programs. For this reason, the Commission believes that the proposed rule change presents no novel issues and that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest; and will allow the Exchange to remain competitive with other exchanges. Therefore, the Commission designates the proposed rule change to be operative upon filing.²⁴

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Most option contracts ("Standard Expiration Contracts") currently expire on the Saturday following the third Friday of the specified expiration month ("expiration date"). However, the OCC is streamlining its options expiration procedures to change the expiration date for most option contracts to the third Friday of the expiration month instead of the Saturday following the third Friday.⁴ The OCC rule change applies only to Standard Expiration Contracts expiring after February 1, 2015. After February 1, 2015, virtually all Standard Expiration Contracts will expire on Friday.⁵ In order to start the transition to Friday night expiration processing, the OCC began on June 21, 2013, to move the expiration exercise process to Friday for all Standard Expiration Contracts even though the contracts will continue to expire on Saturday.

The rules of the options exchanges⁶ and FINRA Rule 2360(b)(23)⁷ set forth

⁴ See Securities Exchange Act Release No. 69772 (June 17, 2013), 78 FR 37645 (June 21, 2013) (Order Approving File No. SR-OCC-2013-04).

⁵ The only Standard Expiration Contracts that will expire on a Saturday after February 1, 2015 will be certain options that were listed prior to the effectiveness of the OCC rule change, and a limited number of options that may be listed prior to necessary systems' changes of the options exchanges. The exchanges agreed that once these systems' changes are made they will not open for trading any new series of options contracts with Saturday expiration dates falling after February 1, 2015.

⁶ See ISE Rule 1100; BOX Rule 9000; PHLX Rule 1042; NYSE Arca Options Rule 6.24; NYSE MKT Rule 980; CBOE Rule 11.1; BX Chapter VIII Section 1; NASDAQ Chapter VIII Section 1; BATS Rule 23.1; and MIAX Rule 700 (each an "options exchange").

⁷ The provisions of FINRA Rule 2360(b)(23) apply only to members that are not also members of the exchange on which the standardized option is traded (so called "access" members) in order to

special procedures that apply to the exercise of expiring options.⁸ The options exchanges have amended their rules to remain consistent with the OCC amendments.⁹ Accordingly, FINRA proposes to similarly amend Rule 2360(b)(23) to address the OCC amendments.

Specifically, FINRA proposes to amend Rule 2360(b)(23)(A)(ii) to provide that special procedures apply to the exercise of standardized equity options on the business day of their expiration (*i.e.* for Friday expirations), or, in the case of standardized equity options expiring on a day that is not a business day, on the last business day before their expiration (as is currently the case for Saturday expirations).

FINRA also proposes to amend Rule 2360(b)(23)(A)(iii) regarding the exercise cut-off time. Option holders have until 5:30 p.m. Eastern Time (“ET”)¹⁰ on the business day of expiration (*i.e.*, for Friday expiration), or, in the case of a

subject such firms and customers of such firms to the same requirements for options exercise procedures as customers that are members of an options exchange.

⁸ The procedures provide that an option holder with an expiring standardized equity option may: (1) take no action and allow automatic exercise determinations to be made in accordance with the OCC exercise by exception (“Ex-by-Ex”) procedures (whereby an option will be automatically exercised if the option contract is in the money by a requisite amount) or (2) submit a Contrary Exercise Advice (“CEA”) (or Expiring Exercise Declaration (“EED”)) as referenced in the OCC rules) to communicate an option holder’s intent not to exercise an option that would be automatically exercised under the OCC’s Ex-by-Ex procedures or to exercise an option that would not be automatically exercised under the OCC’s Ex-by-Ex procedures.

⁹ See the options exchanges’ filings to conform to the OCC amendments in Securities Exchange Act Release No. 70372 (September 11, 2013), 78 FR 57186 (September 17, 2013) (Notice of Filing and Immediate Effectiveness of File No. SR–NYSEARCA–2013–88); Securities Exchange Act Release No. 70373 (September 11, 2013), 78 FR 57198 (September 17, 2013) (Notice of Filing and Immediate Effectiveness of File No. SR–NYSEMKT–2013–73); Securities Exchange Act Release No. 70745 (October 23, 2013), 78 FR 64559 (October 29, 2013) (Notice of Filing and Immediate Effectiveness of File No. SR–PHLX–2013–104); Securities Exchange Act Release No. 70747 (October 23, 2013), 78 FR 64556 (October 29, 2013) (Notice of Filing and Immediate Effectiveness of File No. SR–NASDAQ–2013–133); Securities Exchange Act Release No. 70746 (October 23, 2013), 78 FR 64563 (October 29, 2013) (Notice of Filing and Immediate Effectiveness of File No. SR–BX–2013–055); Securities Exchange Act Release No. 69996 (July 17, 2013), 78 FR 44183 (July 23, 2013) (Notice of Filing and Immediate Effectiveness of File No. SR–MIAX–2013–32); Securities Exchange Act Release No. 70488 (September 24, 2013), 78 FR 59998 (September 30, 2013) (Notice of Filing and Immediate Effectiveness of File No. SR–BOX–2013–45) and Securities Exchange Act Release No. 70900 (November 19, 2013), 78 FR 70382 (November 25, 2013) (Notice of Filing and Immediate Effectiveness of File No. SR–ISE–2013–58).

¹⁰ The time of day for the exercise cut-off (*i.e.*, 5:30 p.m. ET) is unchanged from the current requirements.

standardized equity option expiring on a day that is not a business day, on the business day immediately prior to the expiration date (as is currently the case for Saturday expirations) to make a final exercise decision to exercise or not exercise an expiring option.

Finally, FINRA proposes to amend Rule 2360(b)(23)(A)(viii) to specify in the event a national options exchange or the OCC provides advance notice on or before 5:30 p.m. ET on the business day immediately prior to the business day of expiration (*i.e.*, Thursday for Friday expirations), or in the case of a standardized equity option expiring on a day that is not a business day, the business day immediately prior to the last business day before the expiration date (*i.e.*, Thursday for Saturday expirations as is the case today), indicating that a modified time for the close of trading in standardized equity options on such business day of expiration (*i.e.*, Friday for Friday expirations), or in the case of an standardized option expiring on a day that is not a business day, such last business day before expiration will occur (*i.e.*, Friday for Saturday expirations), then the deadline for an option holder to make a final decision to exercise or not exercise an expiring option shall be 1 hour 30 minutes following the time announced for the close of trading on that day. FINRA believes that keeping its rules consistent with those of the industry will protect all market participants in the market by eliminating confusion.

FINRA has filed the proposed rule change for immediate effectiveness. The implementation date will be 30 days after the date of filing, June 17, 2014.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,¹¹ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. FINRA believes that the proposed rule change will promote consistent regulation by harmonizing FINRA’s rules with those of the options exchanges as such rules have been amended to comply with recent amendments by OCC. FINRA believes that keeping its rules consistent with those of the industry will protect all participants in the market by eliminating confusion.

¹¹ 15 U.S.C. 78o–3(b)(6).

B. Self-Regulatory Organization’s Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. FINRA believes that the proposed rule change will promote consistent regulation by harmonizing FINRA’s rules with those of the options exchanges and OCC and will apply equally to all members with expiring standardized equity options. FINRA does not believe that the proposed rule change will impose a burden on competition because it will be applied to all members equally. In addition, FINRA does not believe the proposed rule change will impose a burden on competition because it will be applied industry-wide, apply to all market participants and is designed to allow the OCC to streamline the expiration process.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b–4(f)(6) thereunder.¹³

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b–4(f)(6). In addition, Rule 19b–4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. FINRA has satisfied this requirement.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-72482; File No. SR-CBOE-2014-051]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Strike Settings for Mini-S&P 500 Index Options

June 26, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 25, 2014, Chicago Board Options Exchange, Incorporated (the "Exchange" or "CBOE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Interpretation and Policy .11 to Rule 24.9 (Terms of Index Options Contracts) by modifying the strike setting regime for Mini-S&P 500 Index ("XSP") options.

The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Interpretation and Policy .11 to Rule 24.9 ("Interpretation and Policy .11") by modifying the strike setting regime for Mini-S&P 500 Index ("XSP") options. Specifically, the Exchange is proposing to more closely align: (1) The permitted strike prices in XSP options with scaled corresponding strikes in full value S&P 500 Index ("SPX") options; and (2) the exercise price range limitations for XSP options with the exercise price range limitations for equity and exchange traded fund ("ETF") options. Through this filing, the Exchange hopes to make XSP options easier for investors to use and more tailored to their investment needs.

Over two decades ago, CBOE introduced XSP options in order to allow smaller-scale investors to gain broad exposure to the SPX options market and hedge S&P 500 Index cash positions.³ XSP options are reduced value options that are equal to 1/10th of the value of the S&P 500 Index and have a multiplier of \$100. For example, if the S&P 500 Index is at 1932.56, the XSP Index would have a value of 193.26 and the notional value of an XSP option would be \$19,326. As the Commission noted in the XSP option Approval Order,

reduced-value SPX options may benefit investors by providing them with a relatively low-cost means to hedge their portfolios. The Commission also believes that the lower cost of the reduced-value SPX options should allow investors to hedge their portfolios with a smaller outlay of capital and may facilitate participation in the market for SPX options, which should, in turn, help to maintain the depth and liquidity of the market for SPX options, thereby protecting investors and the public interest.⁴

As the Commission anticipated, XSP options provide retail investors with the benefit of trading the broad market in a manageably sized contract.
