The Coast Guard may patrol each event area under the direction of a designated Coast Guard Patrol Commander (PATCOM). The

PATCOM may be contacted on Channel 16 VHF-FM (156.8 MHz) by the call sign "PATCOM." Official patrol vessels may consist of any Coast Guard, Coast Guard Auxiliary, state, or local law enforcement vessels assigned or approved by the COTP, Sector Northern New England. For information about

Guard will provide the maritime community with advance notification of this enforcement period via the Local Notice to Mariners and marine information broadcasts. If the COTP determines that the regulated area need not be enforced for the full duration stated in this notice, he or she may use a Broadcast Notice to Mariners to grant general permission to enter the regulated area.

Safety Zone, Metedeconk River; Brick Township, NJ

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is temporarily changing the enforcement date of a safety zone for one recurring fireworks display in the Fifth Coast Guard District. This regulation applies to only one recurring fireworks event held in the waters of Metedeconk River in Brick Township, NJ. Instead of the usual enforcement periods—July 4, every Thursday in August, and the first Thursday in September—in 2014 enforcement will take place on July 3, July 17, and August 14. The safety zone is necessary to provide for the safety of life on navigable waters during the event. This action is intended to restrict vessel traffic in a portion of Metedeconk River near Brick Township, NJ, during the event.

DATES: This rule is effective from July 8, 2014 through August 14, 2014 and will be enforced from 8:30 p.m. to 10:00 p.m. on July 3, July 17, and August 14, 2014.

Table of Acronyms

DHS Department of Homeland Security
FR Federal Register
NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

The governing regulation for this fireworks display event is 33 CFR 165.506. The specifics for this event are listed in the Table to § 165.506, section (a), item 9.

We are issuing this final rule without prior notice and opportunity to comment, and to take effect less than 30 days after publication in the **Federal Register**, pursuant to the Administrative Procedure Act (APA), 5 U.S.C. 553(b) and (d)(3), which authorize an agency to issue a rule without following usual APA procedures when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” We find that good cause exists for not following usual procedures because to do so would delay issuance of this rule beyond some of the dates for which it is intended, thereby exposing mariners and the public to dangers associated with fireworks displays, contrary to the public interest in safety.

B. Basis and Purpose

The legal basis of this rule is found in 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Public Law 107-295, 116 Stat. 2064; and Department of Homeland Security Delegation No. 0170.1. The purpose of this rule is to promote public and maritime safety during a fireworks display.

C. Discussion of the Final Rule

We are temporarily changing the enforcement periods for Brick Township safety zone, to reflect that in 2014 fireworks will be held on July 3, July 17, and August 14. This change is needed

to accommodate the sponsor’s event plan. No other portion of the Table to § 165.506 or other provisions in § 165.506 is affected by this regulation.

The regulated area of this safety zone includes all the waters of the Metedeconk River within a 500 yard radius of the fireworks launch platform in approximate position latitude 40°03’24” N, longitude 074°06’42” W, near the shoreline at Brick Township, NJ.

During the period of the safety zone, all persons and vessels will be prohibited from entering, transiting, mooring, or remaining within the zone, unless specifically authorized by the Captain of the Port Delaware Bay, or her designated representative. Those persons authorized to transit through the safety zone shall abide by and follow all directions provided by the Captain of the Port Delaware Bay, or her designated representative, in order to ensure they are not disrupting the fireworks display. U.S. Coast Guard Sector Delaware Bay will notify the public by broadcast notice to mariners at least one hour prior to the times of enforcement.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes or executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. Although this regulation will restrict access to the regulated area, the effect of this rule will not be significant because: (i) The Coast Guard will make extensive notification of the Safety Zone to the maritime public via maritime advisories so mariners can alter their plans accordingly; (ii) vessels may still be permitted to transit through the safety zone with the permission of the Captain of the Port on a case-by-case basis; and (iii) this rule will be enforced for only the duration of the fireworks display.
