A	Approve.
NA	No Action/Separate Rulemaking.
D	Disapprove.
+	Not germane to infrastructure SIPs.
*	Federally promulgated rules in place.
**	Previously discussed in element (C).

To clarify, EPA is proposing to disapprove the infrastructure SIP submission from Illinois with respect to certain PSD requirements including: (i) The explicit identification of NO_x as a precursor to ozone consistent with the Phase 2 Rule; (ii) the explicit identification of SO₂ and NO_x as PM_{2.5} precursors (and the significant emissions rates for direct PM_{2.5}, and SO₂ and NO_x as its precursors), and the regulation of PM_{2.5} and PM₁₀ condensables, consistent with the requirements of the 2008 NSR Rule; (iii) the PM_{2.5} increments and associated implementation rules consistent with the 2010 NSR Rule; and, (iv) permitting of GHG emitting sources at the Federal Tailoring Rule thresholds.

EPA is also proposing to disapprove the infrastructure SIP submission from with respect to the requirements of section 110(a)(2)(D)(ii) related to interstate pollution abatement. Specifically, this section requires states with PSD programs have provisions requiring a new or modified source to notify neighboring states of the potential impacts from the source, consistent with the requirements of section 126(a).

However, Illinois has no further obligations to EPA because Federally promulgated rules, promulgated at 40 CFR 52.21 are in effect in the state. EPA has delegated the authority to Illinois to administer these rules, which include provisions related to PSD and interstate pollution abatement. A final disapproval for Illinois for these infrastructure SIP requirements will not result in sanctions under section 179(a), nor will it obligate EPA to promulgate a Federal implementation plan within two years of final action if the state does not submit revisions to its PSD SIPs addressing these deficiencies. Instead,

Illinois is already administering the Federally promulgated PSD regulations.

VI. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve State choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves State law as meeting Federal requirements and does not impose additional requirements beyond those imposed by State law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and

- does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have Tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the State, and EPA notes that it will not impose substantial direct costs on Tribal governments or preempt Tribal law.

Approval and Promulgation of Air Quality Implementation Plans; Illinois; Latham Pool Adjusted Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a request submitted by the Illinois Environmental Protection Agency on January 8, 2014, to revise the Illinois State Implementation Plan (SIP) for volatile organic matter (VOM). The approval revises the Illinois SIP by substituting a new party as the holder of the adjusted

standard for VOM granted to Royal Fiberglass Pools, Inc. (Royal), for the facility located in Dix, Illinois. EPA approved the adjusted standard for Royal on June 27, 2011. Due to a change in ownership, the facility is now owned by Latham Pool Products, Inc., d/b/a Viking Pools. The revision amends the adjusted standard for VOM currently approved in the SIP for the facility to reflect the change in ownership. This revision does not change any of the VOM control requirements and will not result in an increase in VOM emissions at the facility.

DATES: Comments must be received on or before August 13, 2014.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R05-OAR-2014-0119, by one of the following methods:

5. *Hand Delivery*: Pamela Blakley, Chief, Control Strategies Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604. Such deliveries are only accepted during the Regional Office normal hours of operation, and special arrangements should be made for deliveries of boxed information. The Regional Office official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m. excluding Federal holidays.

Instructions: Please see the direct final rule which is located in the Rules section of this **Federal Register** for detailed instructions on how to submit comments.

FOR FURTHER INFORMATION CONTACT: Carolyn Persoon, Environmental Engineer, Control Strategies Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-8290, persoon.carolyn@epa.gov.

SUPPLEMENTARY INFORMATION: In the Rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because EPA views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in

response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the Rules section of this **Federal Register**.

Revisions to the California State Implementation Plan, Placer County Air Pollution Control District (PCAPCD) and South Coast Air Quality Management District (SCAQMD)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve revisions to the Placer County Air Pollution Control District (PCAPCD) and South Coast Air Quality Management District (SCAQMD) portions of the California State Implementation Plan (SIP). These revisions concern volatile organic compound (VOC) emissions from the manufacture of medium density fiberboard, melamine and phenol resins used in plasticizing paper and oxides of nitrogen (NO_x) emissions from stationary internal combustion engines. We are proposing to rescind local rules that regulate these emission sources under the Clean Air Act (CAA or the Act).

DATES: Any comments on this proposal must arrive by August 13, 2014.

ADDRESSES: Submit comments, identified by docket number EPA-R09-OAR-2014-0323, by one of the following methods:

1. *Federal eRulemaking Portal*: www.regulations.gov. Follow the on-line instructions.

2. *Email*: steckel.andrew@epa.gov.

3. *Mail or Deliver*: Andrew Steckel (Air-4), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Instructions: All comments will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Information that you consider CBI or otherwise protected should be clearly identified as such and should not be submitted through www.regulations.gov or email.

www.regulations.gov is an "anonymous access" system, and EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send email directly to EPA, your email address will be automatically captured and included as part of the public comment. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: Generally, documents in the docket for this action are available electronically at www.regulations.gov and in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105-3901. While all documents in the docket are listed at www.regulations.gov, some information may be publicly available only at the hard copy location (e.g., copyrighted material, large maps), and some may not be publicly available in either location (e.g., CBI). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.
