I. Background Information

The National Institute of Food and Agriculture (NIFA) is announcing the availability of a draft guidance entitled “National Institute of Food and Agriculture Federal Assistance Policy Statement.” The draft guidance discusses the statutory and regulatory responsibilities of recipients of Federal funds distributed by the NIFA. Specifically, the Policy Statement includes NIFA application processes, application review procedures, award notification and administration, applicable cost principles and other cost considerations, prior approval requirements, administrative requirements, Capacity Grant administration and associated requirements, specific Capacity Grant program requirements, terms and conditions of all NIFA awards (Competitive and Capacity), public policy requirements, special award conditions and enforcement actions, and closeout procedures. The NIFA Federal Assistance Policy Guide updates and compiles into a single document all previously published Administrative Manuals for the grantee community. The statutory, regulatory, and policy requirements contained in the Policy Guide provide general guidance to all NIFA grant recipients. If there is a conflict with this Policy Guide and the terms and conditions of a specific award, the terms and conditions associated with the award should be followed.

This draft guidance includes information collection provisions that

are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). The information collections referenced in this draft guidance related to reporting requirements and other information collections have been approved by OMB. The Policy Guide imposes no new information collections not previously approved. In accordance with the Paperwork Reduction Act, prior to the publication of any final guidance document, NIFA intends to solicit public comments and obtain OMB approval for any information collections recommended in this draft guidance that are new or that would represent material modifications to these previously approved information collections found in the NIFA regulations. The draft guidance is being distributed for comment purposes only and is not intended for implementation at this time.
