[Docket No. ER13-102-004]

New York Independent System Operator, Inc.; Notice of Compliance Filing

Take notice that on July 3, 2014, New York Independent System Operator, Inc. (NYISO) submitted a compliance filing to provide redline and clean versions of its Open Access Transmission Tariff (OATT) and Market Administration and Control Area Services Tariff (Services Tariff) revisions filed to comply with the requirements of Order Nos. 1000 and 1000-A.¹ NYISO states that the redline and clean versions of its OATT and Services Tariff constitute a supplemental ministerial filing to provide redline versions of the OATT and Services Tariff sections for which the NYISO requested a revised effective date on July 2, 2014.²

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Project No. P-12796-004-OH]

City of Wadsworth, Ohio; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 Code of Federal Regulations (CFR) Part 380 (Order No. 486, 52 *Federal Register* [FR] 47897), the Office of Energy Projects has reviewed the application for a major original license for the 50-megawatt Robert C. Byrd Hydroelectric Project, (RC Byrd Project or project), located on the Ohio River at the U.S. Army Corps of Engineers' (Corps) Robert C. Byrd Locks and Dam (RC Byrd Locks and Dam), approximately 12.7 miles south of the confluence of the Ohio River and the Kanawha River, 9 miles south of the Town of Gallipolis, Gallia County, Ohio, and has prepared a Draft Environmental Assessment (DEA) for the project. The proposed project would occupy 7.6 acres of federal land administered by the Corps.

The DEA contains the staff's analysis of the potential environmental impacts of the proposed project and concludes that licensing the proposed project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the DEA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at www.ferc.gov using the "eLibrary" link.

Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3676, or for TTY, 202-502-8659.

You may also register online at www.ferc.gov/docs-filing/esubscription.asp to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Any comments should be filed within 30 days from the date of this notice.

The Commission strongly encourages electronic filings. Please file comments using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>.

You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support. In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. Please affix "Project No. 12796-004" to all comments.

For further information, contact Gaylord Hoisington by telephone at 202-502-6032 or by email at gaylord.hoisington@ferc.gov.

Dated: July 8, 2014.

Kimberly D. Bose,
Secretary.
