

For the work registrant and participant surveys, the burden estimate for each respondent is 0.42 hours (25 minutes), including time to read the advance letter and complete the survey. For survey nonrespondents, the burden estimate is 0.08 hours (5 minutes), including time to read the advance letter and field a call regarding the survey. For the SNAP E&T provider survey, the burden estimate is 0.33 hours (20 minutes) for each respondent, including time to read the advance letter and complete the survey. For provider survey nonrespondents, the burden estimate is 0.08 hours (5 minutes), including time to read the advance letter and field a call regarding the survey. For all participants in the focus groups, the burden estimate is 1.67 hours (100 minutes). This includes eligibility screening, receiving a reminder call,

reading a reminder letter and participating in the group. For all those who decline to participate in the focus groups, the burden estimate is 0.08 hours (5 minutes), including the time to be screened (see the table below).

Estimated Total Annual Burden on Respondents and Nonrespondents: SNAP work registrants, E&T participants, and providers will be interviewed or will participate in a focus group only once. Thus, the total hours for this effort is 1,748.9, including 625 hours for respondents to the SNAP work registrant survey and 39.5 hours for nonrespondents; 625 hours for the SNAP E&T participant survey and 39.5 hours for nonrespondents; 166.7 hours for respondents to the SNAP E&T provider survey and 13.2 hours for nonrespondents; and 200 hours for the focus group participants and 40 hours

for the nonparticipants. The number of survey nonrespondents is based on the assumption that the sample will contain 1,974 people for each group (work registrants and E&T participants) and 658 providers, of which 95 percent will be eligible for the survey, and 80 percent of those will complete the survey. The burden for E&T participants in the focus groups is estimated at 200 hours; for people who elect not to participate in the focus groups (nonparticipants), the estimated total burden is 40 hours.

The number of nonparticipants is based on the assumption that to have 120 people attend the focus groups, 300 people need to be recruited. To recruit 300 people, twice as many, or 600, will need to be contacted initially (five-to-one ratio).

SUPPLEMENTARY INFORMATION: These programs are listed in the Catalog of Federal Domestic Assistance under Nos. 10.555 and 10.558 and are subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials. (See 7 CFR part 3015, subpart V, and final rule related notice published at 48 FR 29114, June 24, 1983.)

This notice imposes no new reporting or recordkeeping provisions that are subject to Office of Management and Budget review in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3507). This action is not a rule as defined by the Regulatory Flexibility Act (5 U.S.C. 601–612) and thus is exempt from the provisions of that Act. This notice was reviewed by the Office of Management and Budget under Executive Order 12866.

National Average Minimum Value of Donated Foods for the Period July 1, 2014 Through June 30, 2015

This notice implements mandatory provisions of sections 6(c) and 17(h)(1)(B) of the Richard B. Russell National School Lunch Act (the Act) (42 U.S.C. 1755(c) and 1766(h)(1)(B)). Section 6(c)(1)(A) of the Act establishes the national average value of donated food assistance to be given to States for each lunch served in the NSLP at 11.00 cents per meal. Pursuant to section 6(c)(1)(B), this amount is subject to annual adjustments on July 1 of each year to reflect changes in a three-month average value of the Price Index for Foods Used in Schools and Institutions for March, April, and May each year (Price Index). Section 17(h)(1)(B) of the Act provides that the same value of donated foods (or cash in lieu of donated foods) for school lunches shall also be established for lunches and suppers served in the CACFP. Notice is hereby given that the national average minimum value of donated foods, or cash in lieu thereof, per lunch under the NSLP (7 CFR part 210) and per lunch and supper under the CACFP (7 CFR part 226) shall be 24.75 cents for the period July 1, 2014 through June 30, 2015.

The Price Index is computed using five major food components in the Bureau of Labor Statistics Producer Price Index (cereal and bakery products; meats, poultry and fish; dairy; processed fruits and vegetables; and fats and oils). Each component is weighted using the relative weight as determined by the Bureau of Labor Statistics. The value of food assistance is adjusted each July 1 by the annual percentage change in a three-month average value of the Price Index for March, April, and May each year. The three-month average of the Price Index increased by 6.1 percent from 204.88 for March, April, and May of 2013, as previously published in the **Federal Register**, to 217.35 for the same three months in 2014. When computed on the basis of unrounded data and rounded to the nearest one-quarter cent, the resulting national average for the period July 1, 2014 through June 30,

2015 will be 24.75 cents per meal. This is an increase of one and one half cents from the school year 2014 (July 1, 2013 through June 30, 2014) rate.

Authority: Sections 6(c)(1)(A) and (B), 6(e)(1), and 17(h)(1)(B) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1755(c)(1)(A) and (B) and (e)(1), and 1766(h)(1)(B)).

Nature of Decision To Be Made

The Nez Perce-Clearwater National Forests (Forest) are preparing an EIS to revise the existing forest plans. The EIS process is meant to inform the Forest Supervisor so he can decide which alternative best maintains and restores National Forest System terrestrial and aquatic resources while providing ecosystem services and multiple uses, as required by the National Forest Management Act and the Multiple Use Sustained Yield Act. The revised forest plan will describe the strategic intent of managing the Forest for the next 10 to 15 years and will address the identified need to change the existing land management plans. The revised forest plan will provide management direction in the form of desired conditions, objectives, standards, guidelines, and suitability of lands. It will identify delineation of new management areas across the Forest, identify the timber sale program quantity, make recommendations to Congress for Wilderness designation, and list rivers and streams eligible for inclusion in the
