[Docket No. OR14-37-000]

Alpha Crude Connector, LLC; Notice of Petition for Declaratory Order

Take notice that on July 3, 2014, pursuant to Rule 207(a)(2) of the Commission's Rules of Practices and Procedure, 18 CFR 385.207(a)(2)(2014), Alpha Crude Connector, LLC filed a petition for declaratory order seeking approval of the overall tariff and rate structure and apportionment policy for a new crude oil pipeline system to transport crude oil from Southeast New

Mexico and West Texas to points of interconnection with downstream pipelines and a rail terminal, and thence to local refineries, Cushing Oklahoma, and the Gulf Coast, all as more fully explained in the petition.

Any person desiring to intervene or to protest in this proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Petitioner.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St. NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov or

Reports submitted to EPA under 40 CFR parts 86 and 600 related to engine and vehicle compliance, such as light-duty certification and fuel economy information, are commonly referred to by the name of the reporting system itself—i.e., Verify, the EPA’s vehicle and engine compliance information system. If you have any questions regarding the applicability of this action to a particular party, please contact the person listed in **FOR FURTHER INFORMATION CONTACT**.

II. How can I get copies of this document and other related information?

A. Electronically

EPA has established a public docket for this Notice under Docket EPA-HQ-OAR-2013-0451. All documents in the docket are identified in the docket index available at <http://www.regulations.gov>. Although listed in the index, some information is not publicly available, such as confidential business information (CBI) or other information for which disclosure is restricted by statute. Certain materials, such as copyrighted material, will only be available in hard copy at the EPA Docket Center.

B. EPA Docket Center

Materials listed under Docket EPA-HQ-OAR-2013-0451 will be available for public viewing at the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Avenue NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. The telephone number for the

Reading Room is (202) 566-1744, and the telephone number for the Air Docket is (202) 566-1742.

III. Description of Programs and Potential Disclosure of Information Claimed as Confidential Business Information (CBI) to Contractors

The EPA’s Office of Transportation and Air Quality (OTAQ) has responsibility for protecting public health and the environment by regulating air pollution from motor vehicles, engines, and the fuels used to operate them, and by encouraging travel choices that minimize emissions. In order to implement various Clean Air Act programs, and to permit regulated entities flexibility in meeting regulatory requirements, we collect compliance data and other information from them. Typically, the information submitted is claimed to be CBI. Information submitted under such a claim is handled in accordance with the EPA’s regulations at 40 CFR part 2, subpart B and in accordance with EPA procedures, including comprehensive system security plans (SSPs), that are consistent with those regulations. When the EPA has determined that disclosure of information claimed as CBI to contractors is necessary, the corresponding contract must address the appropriate use and handling of the information by the contractor and the contractor must require its personnel who require access to information claimed as CBI to sign written nondisclosure agreements before they are granted access to the information.

Controls regarding the handling of information claimed as CBI, including sharing of information with contractors,

are also addressed in individual SSPs. The required SSPs adhere to EPA regulations and policies, as well as with the National Institute of Standards and Technology (NIST) Standard 800-53, “Recommended Security Controls for Federal Information Systems and Organizations.” (NIST Standard 800-53 addresses technical, physical, environmental and other controls for information systems, including Local Area Networks (LANs) where information claimed as CBI may be stored.) Security plans address background investigations, required training, and rules of behavior for employees and contractors who require access to information claimed as CBI.

In accordance with 40 CFR 2.301(h), we have determined that the contractors, subcontractors, and grantees (collectively referred to as “contractors”) listed below require access to CBI submitted to us under Title II of the Clean Air Act and in connection with various OTAQ programs related to vehicles and engines and are providing notice and an opportunity to comment. OTAQ collects this data and related information in order to monitor compliance with Clean Air Act programs and, in many cases, to permit regulated parties flexibility in meeting regulatory requirements. For example, data that may contain CBI is collected in order to determine if equipment manufacturers may be eligible for regulatory relief under EPA’s Transition Program for Equipment Manufacturers (40 CFR Parts 89, 1039 and 1054). The nature of the work and its necessity, and the type of access granted, is described below for each contractor. Normally, EPA is required to

give affected businesses notice and an opportunity to comment at least five (5) working days prior to disclosure of information claimed as CBI to a Federal contractor. This **Federal Register** Notice provides notice to all affected businesses that, as described below, certain information may be provided to EPA contractors. We are publishing this notice in order to comply with the notification requirements of 40 CFR part 2, subpart B. We are issuing this notice to inform all submitters of information related to various vehicle and engine programs that we have provided, and may in the future provide, access to material claimed as CBI to the contractors identified below on a need-to-know basis.

Under Contract Number EP-C-13-033, Jacobs Technology, Inc., 600 William Northern Boulevard, Tullahoma, Tennessee 37388, provides support services for vehicle and engine emission certification programs to the National Vehicle and Fuel Emissions Laboratory in Ann Arbor, Michigan. Access by this contractor to vehicle and engine data and information claimed as CBI under this contract commenced on September 1, 2013 and will continue for the remainder of the contract and any further extensions without further notice.

Under contract number GSF4381G, Computer Sciences Corporation (CSC), 8400 Corporate Drive, New Carrollton, Maryland 20785, provides Information Technology (IT) support services related to the EPA's vehicle and engine compliance information system, commonly known as the Verify system. Access by this contractor to vehicle and engine data and information under this contract, including information claimed as CBI, has been ongoing since September 11, 2009 and is expected to continue through September 10, 2015. If the contract is extended, this access will continue for the remainder of the contract and any further extensions without further notice.

Under contract number GS00Q09BGD0022, CGI Federal, 12601 Fair Lakes Circle, Fairfax, Virginia 22033, provides technical and IT support for the Verify system. Access by this contractor to vehicle and engine data and information claimed as CBI commenced on January 1, 2012 and will continue through December 31, 2014. If the contract is extended this access will continue for the remainder of the contract and any further extensions without further notice.

Under contract number EP-C-11-007, SRA International, 4300 Fair Lakes Court, Fairfax, Virginia 22033, has provided and will continue to provide

technical and analytical support for the OTAQ. Access by this contractor to vehicle and engine data and information under this contract claimed as CBI commenced on February 1, 2011 and will continue until December 31, 2014.

The Office of Transportation and Air Quality utilizes the services of enrollees under the Senior Environmental Employment (SEE) program. SEE funding for enrollees is provided through three grant programs. SSAI grant #835572 and SSAI grant #Q835372 located at Suite 1200, Coles Field Road, Silver Spring, Maryland 20910; and the National Association for Hispanic Elderly (NAHE) grant number 835418, located at 234 E. Colorado Blvd., Suite 300, Pasadena, California 91101. SSAI grant #835572 commenced on November 1, 2013 and will continue until October 31, 2016. SSAI grant #Q835372 commenced on November 1, 2012 and will continue until October 31, 2015. NAHE grant #835418 commenced on December 1, 2013 and will continue until November 30, 2016. SEE grantees have access to data and other information relating to all of the OTAQ's engine and vehicle programs, including information claimed as CBI. If the grant is extended, this access will continue for the remainder of the grant and any future extensions without further notice.

Parties who wish further information about this **Federal Register** notice or about OTAQ's disclosure of information designated or claimed as CBI to contractors may contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Information Session; Stakeholder Input on Implementation of the Water Infrastructure Finance and Innovation Act of 2014

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency is announcing plans to hold an information and stakeholder input session on July 22, 2014 in Chicago, Illinois to discuss implementation of the

“Water Infrastructure Finance and Innovation Act of 2014” (WIFIA). Additional information and stakeholder input sessions will be held in locations around the country through November 2014. Locations and dates for the additional sessions will be announced when they become available.

WIFIA is an innovative financing mechanism for water-related infrastructure of national or regional significance. It was signed into law on June 11, 2014 as Public Law 113-121. EPA will be providing an overview of the statute, assistance options and terms, and ideas for implementing the program. EPA would like participants to discuss project ideas and potential selection criteria; opportunities, challenges, and questions about implementation; and future stakeholder engagement. The intended audience is municipal, state, and regional utility decision makers; private finance sector representatives; and other interested organizations and parties.

DATES: The session will be held on July 22, 2014.

ADDRESSES: The session will be held at: EPA Region 5, Ralph Metcalf Federal Building, Lake Michigan Room, 77 W. Jackson Street, Chicago, IL 60604.

FOR FURTHER INFORMATION CONTACT: For further information about this notice, including registration information, contact Jordan Dorfman, EPA Headquarters, Office of Water, Office of Wastewater Management at tel.: 202-564-0614 or email: WIFIA@epa.gov. Members of the public are invited to participate in the session as capacity allows.

Authority: Water Infrastructure Finance and Innovation Act, Public Law 113-121.

Dated: July 8, 2014.

Andrew D. Sawyers,

Director, Office of Wastewater Management.
