SUPPLEMENTARY INFORMATION:

Background

This document contains proposed amendments to 26 CFR Part 301 relating to section 6103(j)(1)(A) of the Internal Revenue Code (Code). Section 6103(j)(1)(A) authorizes the Secretary of the Treasury to furnish, upon written request by the Secretary of Commerce, such return or return information as the Secretary of Treasury may prescribe by regulation to officers and employees of the Bureau for the purpose of, but only to the extent necessary in, the structuring of censuses and conducting related statistical activities authorized by law. Section 301.6103(j)(1)-1 of the regulations further defines such purposes by reference to 13 U.S.C. chapter 5 and provides an itemized description of the return information authorized to be disclosed for such purposes. This document contains proposed regulations authorizing the disclosure of additional items of return information requested by the Secretary of Commerce. Temporary regulations in the Rules and Regulations section of this issue of the **Federal Register** amend 26 CFR part 301. The text of those temporary regulations serves as the text of these proposed regulations. The preamble to the temporary regulations explains the temporary regulations and these proposed regulations.

Special Analyses

It has been determined that this notice of proposed rulemaking is not a significant regulatory action as defined in Executive Order 12866, as supplemented by Executive Order 13563. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedures Act (5 U.S.C. chapter 5) does not apply to these regulations, and because the regulation does not impose a collection of information on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f) of the Code, this regulation has been submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact on small business.

Comments and Requests for Public Hearing

Before these proposed regulations are adopted as final regulations, consideration will be given to any comments that are submitted timely to the IRS as prescribed in this preamble under the **ADDRESSES** heading. The IRS and Treasury Department request comments on all aspects of the proposed regulations. All comments that are

submitted will be available for public inspection and copying at www.regulations.gov or upon request. A public hearing may be scheduled if requested in writing by any person that timely submits written or electronic comments. If a public hearing is scheduled, notice of the date, time, and place for the public hearing will be published in the **Federal Register**.

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Parts 17, 51, 52 and 59

RIN 2900–AO90

Update to NFPA Standards, Incorporation by Reference

AGENCY: Department of Veterans Affairs.

ACTION: Proposed rule.

SUMMARY: The Department of Veterans Affairs (VA) proposes to amend its regulations incorporating by reference the National Fire Protection Association (NFPA) codes and standards. These codes and standards are referenced in VA regulations concerning community residential care facilities, contract facilities for certain outpatient and residential services, Medical Foster Homes, and State home facilities. To ensure the continued safety of veterans in these facilities, VA would continue to rely upon NFPA codes and standards for VA approval of such facilities. This proposed rulemaking would update our regulations to adhere to more recent NFPA codes and standards.

DATES: Comments must be received by VA on or before September 15, 2014.

ADDRESSES: Written comments may be submitted through <http://www.regulations.gov>; by mail or hand-delivery to the Director, Regulation Policy and Management (02REG), Department of Veterans Affairs, 810 Vermont Avenue NW., Room 1068, Washington, DC 20420; or by fax to (202) 273–9026. Comments should indicate that they are submitted in response to “RIN 2900–AO90—Update to NFPA Standards, Incorporation by Reference.” Copies of comments received will be available for public inspection in the Office of Regulation Policy and Management, Room 1068, between the hours of 8:00 a.m. and 4:30 p.m. Monday through Friday (except holidays). Please call (202) 461–4902 for an appointment. (This is not a toll-free number.) In addition, during the comment period, comments may be viewed online through the Federal

SUPPLEMENTARY INFORMATION: VA

proposes to update its regulations incorporating NFPA codes and standards applicable to community residential care facilities, contract facilities for outpatient and residential treatment services for veterans with alcohol or drug dependence or abuse disabilities, Medical Foster Homes, and State home facilities. VA’s regulations that govern these facilities require that these facilities meet certain provisions of the codes and standards published by NFPA. These codes and standards are reviewed and updated by NFPA on a 3-year cycle. In 38 CFR 17.1, VA currently incorporates by reference the NFPA codes and standards cited in §§ 17.63, 17.74, 17.81, and 17.82. VA also relies on NFPA codes and standards in 38 CFR 51.200, 52.200, and 59.130.

The NFPA is a leading advocate for fire prevention and is an authoritative source on public safety and emergency management. The NFPA codes and standards are developed in a process accredited by the American National Standards Institute (ANSI) and conform to the Office of Management and Budget (OMB) Circular A–119. It is important that VA rely upon the most current fire and life safety codes and standards to ensure a safe environment is provided and maintained for veterans. VA has elected to rely upon the codes and standards established by NFPA to provide consistency across the country. By adopting the most current editions of these codes and standards, VA works to ensure veterans reside and receive care in facilities that are safe; ensure there is one set of codes and standards for the design, renovation, and inspection of these facilities; and help maintain high levels of safety by following these codes and standards for community facilities used or approved by VA.

NFPA 101, Life Safety Code, is the primary source document that establishes the safety requirements for newly constructed and existing facilities. NFPA 101 is unique in that it provides a different set of requirements for the same type of facility based on whether the facility is to be newly constructed or already exists.

Chapter 2 of NFPA 101 references other ANSI-accredited, consensus-based codes and standards, including other NFPA Codes and Standards. The
