EPA is interested in soliciting input regarding the Agency’s redesign of the logo that represents the Design for the Environment Program. While EPA does not intend to formally respond to all comments that are submitted, EPA will consider the information gathered from this notice and other sources as it selects a new DfE logo that accurately reflects the program’s efforts to advance human and environmental health protection through the labeling of safer products.

The EPA would like the DfE logo redesign to achieve the following:

- Better convey the scientific rigor and benefits of the program (e.g., safer

for human health) with a logo that is easier to display on products, materials, and in digital media,

- Increase consumer and I/I purchaser recognition of products bearing EPA’s Safer Product Label, and
- Encourage innovation and development of safer chemicals and chemical-based products.
