SUPPLEMENTARY INFORMATION: The CyberCorps®: Scholarship For Service Web site (SFS) allows OPM the ability to fulfill its responsibility for the SFS

program which was established by the National Science Foundation (NSF) in accordance with the Federal Cyber Service Training and Education Initiative as described in the President's *National Plan for Information Systems Protection* to facilitate the timely registration, selection and placement of program-enrolled students in Federal agencies.

This program seeks to increase the number of qualified students entering the fields of information assurance and computer security in an effort to respond to the threat to the Federal Government's information technology infrastructure. The program provides selected 4-year colleges and universities scholarship grants to attract students to the information assurance field.

Participating students who receive scholarships from this program are required to serve a 10-week internship during their studies and complete a post-graduation employment commitment equivalent to the length of the scholarship or one year, whichever is longer.

OPM operates this System of Records for NSF under a reimbursable (Economy Act) agreement with NSF. (NSF enters into agreements (including Memoranda of Understanding) with other U.S. government agencies, as authorized by the NSF Act, 42 U.S.C. 1870(c) and the Economy Act: 31 U.S.C. 1535, under which NSF assumes some responsibility for activities supported by these agencies. These activities can include jointly funded projects and programs, support of research operations and logistics, and access to NSF supported research facilities.)

Designated OPM personnel use SFS to update student information. The system also provides registered agency officials read-only access to student resumes to consider them for placement with their agency. Furthermore, it allows registered academic institution officials limited read-only access to information related to student participants in their program so they can determine if program requirements are being met.

Race and national origin (RNO) data will not be released to hiring officials and will only be released publicly in non-identifiable or aggregate form.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–72605; File No. SR–Phlx–2014–44]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Delay the Implementation of a Recent Proposal Relating to Joint Back Office Participants

July 14, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on July 1, 2014, NASDAQ OMX PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to [sic] proposal [sic] to delay the implementation of a recent proposal to assess joint back office (“JBO”)³ participants pricing the same as Broker-Dealers⁴ and require JBO participants to utilize a new origin code to identify JBO orders.

The Exchange proposes that the proposal become operative on September 1, 2014.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

³ A JBO participant is a member, member organization or non-member organization that maintains a JBO arrangement with a clearing broker-dealer (“JBO Broker”) subject to the requirements of Regulation T Section 220.7 of the Federal Reserve System. See also Exchange Rule 703.

⁴ The term “Broker-Dealer” applies to any transaction which is not subject to any of the other transaction fees applicable within a particular category.

concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to delay the implementation of a recent proposal⁵ to introduce a new origin code in the Exchange's Pricing Schedule which will be used to indicate orders for a JBO account to be cleared into the Firm⁶ range at The Options Clearing Corporation (“OCC”) for purposes of pricing only. In addition, the proposal assessed fees and paid rebates to JBO Orders the same as Broker-Dealers, and applied a certain fee cap. The Exchange initially indicated that the proposal would be implemented on July 1, 2014. At this time, in light of feedback from a market participant, the Exchange seeks to be able to implement these changes on September 1, 2014. Some participants may be ready to use the new indicator July 1 and may do so (although it will not be used by the Exchange until September 1), but participants will not be *required* to use the new indicator until September 1, which is also when the new fees will apply.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act⁸ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, because delaying the implementation of the JBO origin code requirement and attendant fees should permit participants to use the additional time

⁵ See Securities Exchange Act Release No. 72094 (May 5, 2014), 79 FR 26787 (May 9, 2014) (SR–Phlx–2014–28).

⁶ The term “Firm” applies to any transaction that is identified by a member or member organization for clearing in the Firm range at OCC.
