Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The applications will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of

Governors not later than August 15, 2014.

DEPARTMENT OF HEALTH & HUMAN SERVICES

VizRisk Prize Competition Challenge

AGENCY: Office of Business Management and Transformation, HHS.

ACTION: Notice.

SUMMARY: VizRisk is the first-ever behavioral health data visualization challenge hosted by the US Department of Health and Human Services (HHS). Its goal is to foster increased utilization, innovation, and critical analyses of publicly available but underutilized government health data to better inform personal and health policy decisions.

This 3 month challenge, July 28th to October, 28th 2014 will call on talented designers, coders, data scientists, public health experts, and others from around the country to analyze, organize, and visualize behavioral health risk data. We will be asking participants to use CDC's Behavioral Risk Factor Surveillance System data in combination with other publicly available government data sets to reveal key insights, trends, and relationships.

Submissions will be graphic, dynamic visualizations that combine three or more variables (e.g. showing the relationship between behavioral patterns, health risks, and medical costs). Participants are free to use any pre-existing, customized, or new tools to produce these visualizations.

All submissions will be evaluated; separate sets of prizes will be awarded for excellence in each of the criteria below. A total of up to 7 prizes and \$15,000 will be offered.

- *Innovation*—evaluated for novel combination, integration, and application of data.

- *Relevance*—evaluated for meaningful health data relationships that are comparable across time, geographies, and populations.

- *Design*—evaluated for visually appealing, elegant, intuitive interface and visualizations.

- *Scientific Excellence*—evaluated for rigorously measured relationships that adhere to the principles of scientific inquiry.

The statutory authority for this challenge competition is Section 105 of the America COMPETES Reauthorization Act of 2010 (Pub. L. 111-358).
