

wilderness character, vegetation, wildlife and habitat, park operations, and cultural resources.

DATES: All comments must be postmarked or transmitted not later than September 19, 2014.

FOR FURTHER INFORMATION CONTACT: Information about the EIS and the scoping process may be obtained by contacting Christina Miller at (360) 565-3004. Information will be available for public review online at <http://parkplanning.nps.gov/olyngoat> and in the office of the Superintendent, Olympic National Park, 600 East Park Ave., Port Angeles, WA 98362.

SUPPLEMENTARY INFORMATION:

Management direction is needed to address resource management and human safety issues resulting from the presence of non-native mountain goats in Olympic National Park. The mountain goat is not native to the Olympic Peninsula, having been introduced in the 1920s. By the early 1980s, the goat population in the park grew to over 1,000 individuals. Several hundred goats were removed during the 1980s, reducing the population to less than 400 by 1990. The population was stable at approximately 300 goats from 1994-2004, however it was observed to be increasing at a 5% annual rate in 2011. The original need to manage the goat population was driven by ecological concerns related to the impact of goats on the park's natural resources, particularly sensitive vegetation communities. New concerns were raised in 2010 when a visitor was fatally gored by a mountain goat while hiking on a park trail. The park updated its Mountain Goat Action Plan (part of the Olympic National Park Nuisance and Hazardous Animal Management Plan) in 2011. This plan addresses mountain goat behavior and seeks to minimize the potential for hazardous goat-human encounters. Planning and compliance is needed to address overall management of the mountain goat population within the park.

This effort will result in a plan that provides for the overall management of mountain goats and considers the non-native goats' effects on natural processes and habitats, visitor safety, wilderness, vegetation, wildlife, park operations, cultural resources and other resources. As part of the EIS process, the NPS will evaluate different approaches for managing mountain goats in Olympic National Park. Preliminary alternatives to be considered include no-action, capture and translocation, lethal removal, increased nuisance control and combinations of the above.

How to Provide Scoping Comments: Interested individuals, organizations, and agencies are encouraged to provide comments regarding the scope of issues to be addressed in the EIS, alternative approaches to managing mountain goats in the park, and other concerns regarding this conservation planning and environmental impact analysis process. NPS intends to hold public scoping meetings on the Mountain Goat Management Plan/EIS in the vicinity of the park, including Port Angeles, Seattle, and Olympia during the scoping period. Specific dates, times, and locations will be made available in the local media and on the NPS Planning, Environment and Public Comment (PEPC) Web site at <http://parkplanning.nps.gov/olyngoat>. The scoping meetings will also be announced via a park press release and through email notification to the individuals and organizations on the park's mailing list. Those wishing to be added to the project information distribution list should send an email request to olyngoats@nps.gov. The NPS will provide additional opportunities for the public to provide written comments upon publication and release of the Draft EIS.

If you wish to comment during the scoping process, you may use any one of several methods. The preferred method for submitting comments is on the NPS PEPC Web site (see above). You may also mail your comments to Olympic National Park, Attn: Mountain Goat Management Plan, 600 East Park Ave., Port Angeles, WA 98362 or fax them to (360) 565-3015. Written comments will also be accepted during scheduled public meetings. Comments will not be accepted by email, or in any other method than those specified above. Comments in any format (hard copy or electronic) submitted on behalf of others will not be accepted. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Decision Process: After the analysis of all responses and information received during the scoping period, a Draft EIS will be prepared. Subsequently, a Final EIS will be prepared after consideration of all comments received. Thereafter, but not sooner than 30 days after the release of the Final EIS, a Record of

Decision will be prepared. Because this is a delegated EIS, the official responsible for approval of the Mountain Goat Management Plan/Final EIS is the Regional Director, Pacific West Region. Thereafter, the official responsible for implementation of the approved Mountain Goat Management Plan is the Superintendent, Olympic National Park.

Dated: June 16, 2014.

Christine S. Lehnertz,

Regional Director, Pacific West Region.

Notice of Inventory Completion: Hamilton County Department of Parks and Recreation, Hamilton County, IN; Correction

AGENCY: National Park Service, Interior.

ACTION: Notice; correction.

SUMMARY: The Hamilton County Department of Parks and Recreation, a political subdivision of Hamilton County, IN, has corrected an inventory published in a Notice of Inventory Completion in the **Federal Register** on July 30, 2013. This notice corrects the number of associated funerary objects for site 12 H 883. Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these associated funerary objects should submit a written request to the Hamilton County Department of Parks and Recreation. If no additional requestors come forward, transfer of control of the associated funerary objects to the lineal descendants, Indian tribes, or Native Hawaiian organizations stated in this notice may proceed.

DATES: Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of associated funerary object should submit a written request with information in support of the request to the Hamilton County Department of Parks and Recreation at the address in this notice August 20, 2014.

ADDRESSES: Allen W. Patterson, Superintendent, Hamilton County Department of Parks and Recreation, 15513 S. Union St., Carmel, IN 46033,

telephone (314) 770-4400, email allen.patterson@hamiltoncounty.in.gov.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the correction of an inventory under the control of the Hamilton County Department of Parks and Recreation, Carmel, IN. The associated funerary object was removed from Strawtown Koteewi Park, Hamilton County, IN.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American associated funerary objects. The National Park Service is not responsible for the determinations in this notice.

This notice corrects the number of associated funerary objects published in a Notice of Inventory Completion in the **Federal Register** (78 FR 45956-45957, July 30, 2013). This correction is being made to include a pot discovered in association with a Native American grave that was discussed at consultation but was not concluded until after the initial publication of the Notice of Inventory Completion cited above. Transfer of control of the item in this correction notice has not occurred.

Correction:

In the **Federal Register** (78 FR 45956-45957, July 30, 2013), paragraph 9, sentence five is corrected by replacing the number 151 with the number 152.

In the **Federal Register** (78 FR 45956-45957, July 30, 2013), paragraph 10, add the following sentence at the end of the paragraph: One associated funerary object, a shell tempered Taylor Village-style vessel, was removed in 2007 from site 12H883, and was reburied without exposing the burial.

In the **Federal Register** (78 FR 45956-45957, July 30, 2013), paragraph 15 is corrected by replacing the number 151 with the number 152.

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of this associated funerary object should submit a written request with information in support of the request to Allen W. Patterson, Superintendent, Hamilton County Department of Parks and Recreation, telephone 317-770-4401, email: allen.patterson@hamiltoncounty.in.gov, by August 20,

2014. After that date, if no additional requestors have come forward, transfer of control of the associated funerary object to the Delaware Nation, Oklahoma, and the Miami Tribe of Oklahoma may proceed.

The Hamilton County Department of Parks and Recreation is responsible for notifying the Absentee-Shawnee Tribe of Indians of Oklahoma; Delaware Nation, Oklahoma; Eastern Shawnee Tribe of Oklahoma; Miami Tribe of Oklahoma; Pokagon Band of Potawatomi Indians, Michigan and Indiana; and the Shawnee Tribe that this notice has been published.

Dated: June 6, 2014.

Melanie O'Brien,

Acting Manager, National NAGPRA Program.

Notice of Inventory Completion: Indiana University-Purdue University Fort Wayne-Archaeological Survey, Fort Wayne, IN

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The Indiana University-Purdue University Fort Wayne-Archaeological Survey (hereafter IPFW-AS) has completed an inventory of human remains and associated funerary objects in consultation with the appropriate Indian tribes or Native Hawaiian organizations, and has determined that there is no cultural affiliation between the human remains and associated funerary objects and any present-day Indian tribes or Native Hawaiian organizations. Representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request to the IPFW-AS. If no additional requestors come forward, transfer of control of the human remains and associated funerary objects to the Indian tribes or Native Hawaiian organizations stated in this notice may proceed.

DATES: Representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the

request to the IPFW-AS at the address in this notice by August 20, 2014.

ADDRESSES: Craig R. Arnold, IPFW-AS, 2101 East Coliseum Blvd., Kettler Hall Room G11A, Fort Wayne, IN 46805, telephone (260) 481-6194, email arnoldc@ipfw.edu.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains and associated funerary objects under the control of the IPFW-AS, Fort Wayne, IN. The human remains and associated funerary objects were removed from Clark County, IN.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3) and 43 CFR 10.11(d). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains was made by the IPFW-AS professional staff in consultation with representatives of the Eastern Shawnee Tribe of Oklahoma; Kickapoo Tribe of Indians of the Kickapoo Reservation in Kansas; Miami Tribe of Oklahoma; Peoria Tribe of Indians of Oklahoma; Pokagon Band of Potawatomi Indians, Michigan and Indiana; Shawnee Tribe; The Quapaw Tribe of Indians; and the United Keetoowah Band of Cherokee Indians in Oklahoma.

History and Description of the Remains

In 2003 and 2005, human remains representing, at minimum, four individuals were removed from the Prather site (12CL4) in Clark County, IN. The human remains were recovered during excavations administered through the Indiana Department of Natural Resources, Division of Historic Preservation and Archaeology. The human remains and associated funerary objects were recovered from an auger probe (2003 excavations) and from archeological test units (2005 excavations). The artifacts were processed in a laboratory at Indiana University. Upon project completion, the artifacts and project documentation were transferred to the IPFW-AS. IPFW-AS is in possession of all artifacts and most project materials associated with the project. No known individuals were identified.

The 367 associated funerary objects from the 2003 excavation at 12CL4
