

SOCIAL SECURITY ADMINISTRATION**[Docket No. SSA-2014-0038]****Finding Regarding Foreign Social Insurance or Pension System—Slovenia****AGENCY:** Social Security Administration.**ACTION:** Notice of Finding Regarding Foreign Social Insurance or Pension System—Slovenia.

Finding: Section 202(t)(1) of the Social Security Act (42 U.S.C. 402(t)(1)) prohibits payment of monthly benefits to any individual who is not a United States citizen or national for any month after he or she has been outside the United States for 6 consecutive months. This prohibition does not apply to such an individual where one of the exceptions described in section 202(t)(2) through 202(t)(5) of the Social Security Act (42 U.S.C. 402(t)(2) through 402(t)(5)) affects his or her case.

Section 202(t)(2) of the Social Security Act provides that, subject to certain residency requirements of Section 202(t)(11), the prohibition against payment shall not apply to any individual who is a citizen of a country which the Commissioner of Social Security finds has in effect a social insurance or pension system which is of general application in such country and which:

(a) Pays periodic benefits, or the actuarial equivalent thereof, on account of old age, retirement, or death; and

(b) permits individuals who are United States citizens but not citizens of that country and who qualify for such benefits to receive those benefits, or the actuarial equivalent thereof, while outside the foreign country regardless of the duration of the absence.

The Commissioner of Social Security has delegated the authority to make such a finding to the Associate Commissioner of the Office of International Programs. Under that authority, the Associate Commissioner of the Office of International Programs approved a finding that Slovenia, beginning April 1, 1992, has a social insurance system of general application which:

(a) Pays periodic benefits, or the actuarial equivalent thereof, on account of old age, retirement, or death; and

(b) permits United States citizens who are not citizens of Slovenia to receive such benefits, or their actuarial equivalent, at the full rate without qualification or restriction while outside Slovenia.

Accordingly, notice is given that it has been determined and found that

Slovenia has in effect, beginning April 1, 1992, a social insurance system which meets the requirements of section 202(t)(2) of the Social Security Act (42 U.S.C. 402(t)(2)).

This determination is our first finding under section 202(t) of the Social Security Act for Slovenia. On April 1, 1992, the United States recognized Slovenia as an independent nation. Before that time, it was considered to be part of former Yugoslavia which, on March 25, 1959, had been determined to have a system that met section 202(t)(2) of the Social Security Act. The system remained in force in Slovenia until the Law on Pension and Disability Insurance went into effect on April 1, 1992. Thus, prior to that date Slovenian citizens were afforded the social insurance exception to the alien nonpayment provision based on the Yugoslavian system which was then in effect.

BILLING CODE 4710-05-P**DEPARTMENT OF TRANSPORTATION****Connected Vehicle Reference Implementation Architecture Workshop; Notice of Public Meeting**

AGENCY: ITS Joint Program Office, Office of the Assistant Secretary for Research and Technology, U.S. Department of Transportation.

ACTION: Notice.

The U.S. Department of Transportation (USDOT) Intelligent Transportation System Joint Program Office (ITS JPO) will host a free Connected Vehicle Reference Implementation Architecture (CVRIA) public workshop meeting to present and seek input on the emerging results of its Connected Vehicle interfaces and standards analysis. The public meeting will take place August 20, 2014, 8:30 a.m.–5:00 p.m. PDT and August 21, 2014, 8:30 a.m.–4:00 p.m. PDT at the Holiday Inn Golden Gateway Hotel, 1500 Van Ness Ave, San Francisco, California 94109.

To register for the CVRIA Workshop, please visit www.itsa.org/cvriaregistration.

The results of an initial USDOT led analysis will be presented and feedback will be sought during this public workshop. The agenda will focus discussion on:

- Which interfaces have been identified as candidates for standardization;
- The process used for the identification and prioritization of these interfaces and associated information exchanges; and
- Results from the analysis which:
 - Identify how standards that exist today may satisfy interface and exchange needs or may require some level of modification; and
 - Identify standards gaps that exist.

It is expected that results from this analysis will inform USDOT decision making regarding future support of specific standards activities. The project is sponsored and led by the USDOT's ITS JPO as part of the ITS Architecture and Standards Program and Systems Engineering and Test Bed Program efforts.

Updates will be available on the ITS Program Web site at: <http://www.its.dot.gov/> under Press Room: Public Meetings and Events, and on the ITS Standards Web site at: <http://www.standards.its.dot.gov/DevelopmentActivities/CVReference>.

SUPPLEMENTARY INFORMATION: As the results of the CVRIA, interface analysis, and standardization efforts are expected to affect a wide variety of public and private organizations, it is important that the analyses incorporate, as appropriate, the needs and requirements of the CV community. This workshop is an appropriate opportunity for external stakeholders to engage in the standards discussion.

For further information, please contact Carlos Alban, Transportation Program Specialist, Intelligent Transportation Society of America, 1100 New Jersey Ave. SE., Suite 850, Washington, DC 20003, 202-721-4223, calban@itsa.org.

Issued in Washington, DC, on the 17th day of July 2014.

John Augustine,

Managing Director, ITS Joint Program Office.
