

discriminate unfairly between market participants because this will be applied equally to all TPHs, in that all TPHs will not be limited (in terms of bandwidth capacity) in the number of paired order messages that they can send to the Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that not imposing a bandwidth limitation regarding paired order messages will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. In particular, the Exchange does not believe that not imposing a bandwidth limitation regarding paired order messages will place any burden on intramarket competition because this will be applied to equally to all TPHs, in that all TPHs will not be limited (in terms of bandwidth capacity) in the number of paired order messages that they can send to the Exchange. The Exchange notes that any TPH can submit paired orders. The Exchange does not believe that not imposing a bandwidth limitation regarding paired order messages will place any burden on intermarket competition because this only applies to the sending of paired order messages to CBOE. To the extent that not imposing a bandwidth limitation regarding paired order messages makes CBOE a more attractive trading venue to market participants on other exchanges, such market participants may elect to become CBOE market participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- A. Significantly affect the protection of investors or the public interest;
- B. impose any significant burden on competition; and
- C. become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate,

it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6)¹⁰ thereunder. At any time

within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-CBOE-2014-058 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090. All submissions should refer to File Number SR-CBOE-2014-058. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from

submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-CBOE-2014-058 and should be submitted on or before August 19, 2014.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹

Kevin M. O'Neill,
Deputy Secretary.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Buy America Waiver Notification

AGENCY: Federal Highway Administration (FHWA), Department of Transportation (DOT).

ACTION: Notice.

SUMMARY: This notice provides information regarding FHWA’s finding that a Buy America waiver is appropriate for the obligation of Federal-aid funds for 30 State projects involving the purchase or retrofit of vehicles or vehicle components on the condition that they be assembled in the U.S.

DATES: The effective date of the waiver is July 30, 2014.

FOR FURTHER INFORMATION CONTACT: For questions about this notice, please contact Mr. Gerald Yakowenko, FHWA Office of Program Administration, 202-366-1562, or via email at gerald.yakowenko@dot.gov. For legal questions, please contact Mr. Jomar Maldonado, FHWA Office of the Chief Counsel, 202-366-1373, or via email at jomar.maldonado@dot.gov. Office hours for the FHWA are from 8:00 a.m. to 4:30 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access

An electronic copy of this document may be downloaded from the **Federal Register’s** home page at <http://www.archives.gov> and the Government Printing Office’s database at <http://www.access.gpo.gov/nara>.

Background

This notice provides information regarding FHWA’s finding that a Buy America waiver is appropriate for the obligation of Federal-aid funds for 30 State projects involving the purchase or retrofit of vehicles (including sedans, vans, pickups, SUVs, trucks, buses, street sweepers) or vehicle components (such as exhaust controls and auxiliary power units) on the condition that they be assembled in the U.S. The waiver would apply to approximately 340 vehicles. The requests, available at <http://www.fhwa.dot.gov/construction/>

[contracts/cmaq140623.cfm](#), are incorporated by reference into this notice. The purposes of these projects include the improvement of air quality (Congestion Mitigation and Air Quality Improvement Program projects), implementation of the National Bridge and Tunnel Inventory and Inspection Program, and the implementation of the FHWA’s Recreational Trails Program.

Title 23, Code of Federal Regulations, section 635.410 requires that steel or iron materials (including protective coatings) that will be permanently incorporated in a Federal-aid project must be manufactured in the U.S. For FHWA, this means that all the processes that modified the chemical content, physical shape or size, or final finish of the material (from initial melting and mixing, continuing through the bending and coating) occurred in the U.S. The statute and regulations create a process for granting waivers from the Buy America requirements when its application would be inconsistent with the public interest or when satisfactory quality domestic steel and iron products are not sufficiently available. In 1983, the FHWA determined that it was both in the public interest and consistent with the legislative intent to waive Buy America for manufactured products other than steel manufactured products. However, FHWA’s national waiver for manufactured products does not apply to the requests in this notice because they involve predominately steel and iron manufactured products. The FHWA’s Buy America requirements do not have special provisions for applying Buy America to “rolling stock” such as vehicles or vehicle components (see title 49, United States Code, section 5323(j)(2)(C) (49 U.S.C. 5323(j)(2)(C)), 49 CFR 661.11, and 49 U.S.C. 24405(a)(2)(C) for examples of Buy America rolling stock provisions for other DOT agencies).

Based on all the information available to the agency, FHWA concludes that there are no domestic manufacturers that produce the vehicles and vehicle components identified in this notice in such a way that their steel and iron elements are manufactured domestically. The FHWA’s Buy America requirements were tailored to the types of products that are typically used in highway construction, which generally meet the requirement that steel and iron materials be manufactured domestically. Vehicles were not the types of products that were initially envisioned to meet FHWA Buy America requirements. In today’s global industry, vehicles are assembled with iron and steel components that are manufactured all over the world. The FHWA is not aware
