

On June 9, 2014, SolarWorld Industries America, Inc., *i.e.*, Petitioner, timely requested alignment of the deadline for the final CVD determination with the deadline for the final determination in the companion AD investigation of certain solar products from the PRC,² in accordance with section 705(a) of the Tariff Act of 1930, as amended (the Act), 19 CFR 351.210(b)(4)(i), and 351.210(i). On June 10, 2014, the Department published the preliminary affirmative CVD determination pertaining to certain solar products from the PRC.³

Because the AD and CVD investigations were initiated simultaneously and involve the same class or kind of merchandise from the same country, we are aligning the deadline for the final CVD determination of certain solar products from the PRC with the deadline for the determination in the companion AD investigation of certain solar products from the PRC, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4)(i). The final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued on or about December 16, 2014.

This notice is issued and published pursuant to section 705(a)(1) of the Act.

Dated: July 24, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XD383

Fisheries of the Exclusive Economic Zone Off Alaska; Bering Sea and Aleutian Islands Crab Rationalization Cost Recovery Program

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of fee percentage.

SUMMARY: NMFS publishes a notification of a 0.65-percent fee for cost recovery under the Bering Sea and Aleutian Islands Crab Rationalization Program. This action is intended to provide holders of crab allocations with the fee percentage for the 2014/2015 crab fishing year so they can calculate the required payment for cost recovery fees that must be submitted by July 31, 2015.

DATES: The Crab Rationalization Program Registered Crab Receiver permit holder is responsible for submitting the fee liability payment to NMFS on or before July 31, 2015.

FOR FURTHER INFORMATION CONTACT: Karen Palmigiano, 907-586-7228.

SUPPLEMENTARY INFORMATION:

Background

NMFS Alaska Region administers the Bering Sea and Aleutian Islands Crab Rationalization Program (Program) in the North Pacific. Fishing under the Program began on August 15, 2005. Regulations implementing the Program can be found at 50 CFR part 680.

The Program is a limited access system authorized by section 313(j) of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). The Program includes a cost recovery provision to collect fees to recover the actual costs directly related to the management, data collection, and enforcement of the Program. NMFS developed the cost recovery provision to conform to statutory requirements and to partially reimburse the agency for the actual costs directly related to the management, data collection, and enforcement of the Program. Section 313(j) of the Magnuson-Stevens Act provided supplementary authority to section 304(d)(2)(A) and additional detail for cost recovery provisions specific to the Program. The cost recovery provision allows collection of 133 percent of the actual management, data collection, and enforcement costs up to 3 percent of the ex-vessel value of crab harvested under the Program. Additionally, section 313(j) requires the harvesting and processing sectors to each pay half the cost recovery fees. Catcher/processor quota share holders are required to pay the full fee percentage for crab processed at sea.

A crab allocation holder generally incurs a cost recovery fee liability for

every pound of crab landed. The crab allocations include Individual Fishing Quota, Crew Individual Fishing Quota, Individual Processing Quota, Community Development Quota, and the Adak community allocation. The Registered Crab Receiver (RCR) permit holder must collect the fee liability from the crab allocation holder who is landing crab. Additionally, the RCR permit holder must collect his or her own fee liability for all crab delivered to the RCR. The RCR permit holder is responsible for submitting this payment to NMFS on or before July 31, in the year following the crab fishing year in which landings of crab were made.

The dollar amount of the fee due is determined by multiplying the fee percentage (not to exceed 3 percent) by the ex-vessel value of crab debited from the allocation. Specific details on the Program's cost recovery provision may be found in the implementing regulations at 50 CFR 680.44.

Fee Percentage

Each year, NMFS calculates and publishes in the **Federal Register** the fee percentage according to the factors and methodology described in Federal regulations at § 680.44(c)(2). The formula for determining the fee percentage is the "direct program costs" divided by "value of the fishery," where "direct program costs" are the direct program costs for the Program for the previous fiscal year, and "value of the fishery" is the ex-vessel value of the catch subject to the crab cost recovery fee liability for the current year. Fee collections for any given year may be less than, or greater than, the actual costs and fishery value for that year, because, by regulation, the fee percentage is established in the first quarter of a crab fishery year based on the fishery value and the costs of the prior year.

Using this fee percentage formula, the estimated percentage of costs to value for the 2013/2014 fishery was 0.65 percent. Therefore, the fee percentage will be 0.65 percent for the 2014/2015 crab fishing year.

Authority: 16 U.S.C. 1862; Pub. L. 109-241; Pub. L. 109-479.

Dated: July 25, 2014.

Emily H. Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
