publications and technical documentation, aircraft ferry support, personnel training and training equipment, U.S. Government and contractor logistics and technical support services, and other related elements of logistics and program support.

(iv) *Military Department:* Navy (SCF).

(v) *Prior Related Cases, if any:* None.

(vi) *Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid:* None.

(vii) *Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold:* None.

(viii) *Date Report Delivered to Congress:* 23 July 2014.

Policy Justification

Government of the Philippines—C-130T Aircraft

The Government of the Philippines has requested a possible sale from Department of Defense stock of two (2) C-130T Aircraft, and 10 T56-16 engines (8 installed and 2 spares). Also included are logistical sustainment and support for a period of three years, modification equipment and labor costs, spare and repair parts, support equipment, publications and technical documentation, aircraft ferry support, personnel training and training equipment, U.S. Government and contractor logistics and technical support services, and other related elements of logistics and program support. The estimated cost is \$61 million.

This proposed sale would contribute to U.S. security and foreign policy goals by building the Philippines' maritime domain security capacity and deepening our overall strategic partnership with the Philippines.

The Government of the Philippines desires these additional C-130s to bolster its lift capabilities, which are essential for providing humanitarian assistance and disaster relief. The Philippines will use this increased lift capability to improve the mobility and resupply of its forces and for the provision of humanitarian assistance in the Philippines and the wider region, thereby reducing the potential level of U.S. assistance requested/needed for these purposes. The Philippine Air Force (PAF) already has C-130 aircraft in its inventory and will have no difficulty absorbing these additional aircraft.

The proposed sale of these aircraft and support will not alter the basic military balance in the region.

Contractor requirements are still being researched, and will be fulfilled through open competition. Should USG representatives or contractor support in-country be required in support of the case, length of time in-country will be minimized to the maximum practical extent. There are no known offset agreements proposed in connection with this potential sale.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Office of the Secretary

Department of Defense (DoD) Civilian Physicians and Dentists Clinical Specialties and Tables; Correction

AGENCY: Department of Defense.

ACTION: Notice; correction.

SUMMARY: On Friday, July 25, 2014 (79 FR 43445-43446), the Department of Defense published a notice titled Department of Defense (DoD) Civilian Physicians and Dentists Clinical Specialties and Tables. Subsequent to the publication of the notice, DoD realized that the **DATES** section was missing a sentence informing the public of the 30-day public comment period. The corrected **DATES** section is printed as set forth in this notice.

The first sentence in the **SUPPLEMENTARY INFORMATION** section of the published notice is also corrected to include a reference to a 90-day effective date, rather than a 60-day effective date. This notice corrects this error.

DATES: Effective dates: Revisions are effective on October 23, 2014. Comments will be accepted on or before August 25, 2014.

SUPPLEMENTARY INFORMATION: Under 38 U.S.C. 7431(e)(1)(C), amounts prescribed under paragraph 7431(e) shall be published in the **Federal Register**, and shall not take effect until at least 90 days after date of publication.

Dated: July 25, 2014.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
