

be made publicly available at the location of the advisory committee meeting, and the background material will be posted on FDA's Web site after the meeting. Background material is available at <http://www.fda.gov/AdvisoryCommittees/Calendar/default.htm>. Scroll down to the appropriate advisory committee meeting link.

Procedure: Interested persons may present data, information, or views, orally or in writing, on issues pending before the committee. Written submissions may be made to the contact person on or before August 27, 2014. Oral presentations from the public will be scheduled between approximately 1 p.m. and 2 p.m. Those individuals interested in making formal oral presentations should notify the contact person and submit a brief statement of the general nature of the evidence or arguments they wish to present, the names and addresses of proposed participants, and an indication of the approximate time requested to make their presentation on or before August 19, 2014. Time allotted for each presentation may be limited. If the number of registrants requesting to speak is greater than can be reasonably accommodated during the scheduled open public hearing session, FDA may conduct a lottery to determine the speakers for the scheduled open public hearing session. The contact person will notify interested persons regarding their request to speak by August 20, 2014.

Persons attending FDA's advisory committee meetings are advised that the Agency is not responsible for providing access to electrical outlets.

FDA welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Karen Abraham-Burrell at least 7 days in advance of the meeting.

FDA is committed to the orderly conduct of its advisory committee meetings. Please visit our Web site at <http://www.fda.gov/AdvisoryCommittees/AboutAdvisoryCommittees/ucm111462.htm> for procedures on public conduct during advisory committee meetings.

Notice of this meeting is given under the Federal Advisory Committee Act (5 U.S.C. app. 2).

Dated: July 29, 2014.

Leslie Kux,

Assistant Commissioner for Policy.

BILLING CODE 4164-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Indian Health Service

Tribal Management Grant Program; Correction

AGENCY: Indian Health Service, HHS.

ACTION: Notice; correction.

SUMMARY: The Indian Health Service published a document in the **Federal Register** on July 3, 2014, for the FY 2014 Tribal Management Grant Program Announcement. Key information pertaining to Funding Restrictions was omitted.

FOR FURTHER INFORMATION CONTACT: Ms. Patricia Spotted Horse, Program Analyst, Office of Direct Service and Contracting Tribes, Indian Health Service, 801 Thompson Avenue, Suite 220, Rockville, MD 20852, Telephone (301) 443-1104. (This is not a toll-free number.)

Corrections

In the **Federal Register** of July 3, 2014, in FR Doc. 2014-15595, on page 38043, in the second column, under the heading 5. Funding Restrictions after the fourth bullet, the following language regarding Restrictions should be added:

- The TMG may not be used to support recurring operational programs or to replace existing public and private resources. Funding received under a recurring Public Law 93-638 contract cannot be totally supplanted or totally replaced. Exception is allowed to charge a portion or percentage of salaries of existing staff positions involved in implementing the TMG grant, if applicable. However, this percentage of TMG funding must reflect supplementation of funding for the project not supplantation of existing ISDEAA contract funds. Supplementation is "adding to a program" whereas supplantation is "taking the place of" funds. An entity cannot use the TMG funds to supplant the ISDEAA contract or recurring funding.

- Ineligible Project Activities—The inclusion of the following projects or activities in an application will render the application ineligible.

- Planning and negotiating activities associated with the intent of a Tribe to enter the IHS Self-Governance Project. A

separate grant program is administered by the IHS for this purpose. Prospective applicants interested in this program should contact Mrs. Anna Johnson, Program Analyst, Office of Tribal Self-Governance, Indian Health Service, Reyes Building, 801 Thompson Avenue, Suite 240, Rockville, Maryland 20852, (301) 443-7821, and request information concerning the "Tribal Self-Governance Program Planning Cooperative Agreement Announcement" or the "Negotiation Cooperative Agreement Announcement."

- Projects related to water, sanitation, and waste management.

- Projects that include direct patient care and/or equipment to provide those medical services to be used to establish or augment or continue direct patient clinical care. Medical equipment that is allowable under the Special Diabetes Grant Program is not allowable under the TMG Program.

- Projects that include recruitment efforts for direct patient care services.

- Projects that include long-term care or provision of any direct services.

- Projects that include tuition, fees, or stipends for certification or training of staff to provide direct services.

- Projects that include pre-planning, design, and planning of construction for facilities, including activities relating to program justification documents.

- Projects that propose more than one project type. Refer to Section II, "Award Information," specifically "Eligible TMG Project Types, Maximum Funding Levels and Project Periods" for more information. An example of a proposal with more than one project type that would be considered ineligible may include the creation of a strategic health plan (defined by TMG as a planning project type) and improving third-party billing structures (defined by TMG as a health management structure project type). Multi-year applications that include in the first year planning, evaluation, or feasibility activities with the remainder of the project years addressing management structure are also deemed ineligible.

- Other Limitations—A current TMG recipient cannot be awarded a new, renewal, or competing continuation grant for any of the following reasons:

- The grantee will be administering

- two TMGs at the same time or have overlapping project/budget periods;

- The current project is not progressing in a satisfactory manner;

- The current project is not in compliance with program and financial reporting requirements; or

- The applicant has an outstanding delinquent Federal debt. No award shall be made until either:

- The delinquent account is paid in full; or
- A negotiated repayment schedule is established and at least one payment is received.

Dated: July 28, 2014.

Yvette Roubideaux,
Acting Director, Indian Health Service.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Submission for OMB Review; 30-Day Comment Request; NCI Cancer Genetics Services Directory Web-Based Application and Update Mailer

SUMMARY: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH), has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the **Federal Register** on May 8, 2014 Vol. 79, page 26438 and allowed 60-days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Cancer Institute (NCI), National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or

after October 1, 1995, unless it displays a currently valid OMB control number.
Direct Comments To OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, *OIRA_submission@omb.eop.gov* or by fax to 202-395-6974, Attention: NIH Desk Officer.

DATES: Comment Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments or request more information on the proposed project contact: Margaret Beckwith, International Cancer Research Databank Branch, Office of Communications and Education, 9609 Medical Center Drive, MSC 9776, Bethesda, MD 20892-9776 or call non-toll-free number 240-376-6593 or Email your request, including your address to: *mbeckwit@mail.nih.gov*. Formal requests for additional plans and instruments must be requested in writing.

Proposed Collection: NCI Cancer Genetics Services Directory Web-Based Application and Update Mailer, Revision, National Cancer Institute (NCI), National Institutes of Health (NIH).

Need and Use of Information Collection: The Office of Communications and Education International Cancer Research Databank Branch has created the NCI Cancer Genetics Services Directory on NCI's

Web site Cancer.gov. This directory is a searchable collection of information about professionals who provide services related to cancer genetics. These services include cancer risk assessment, genetic counseling, and genetic susceptibility testing. The professionals have applied to be in the directory using an online application form and have met basic criteria outlined on the form.

There are currently 587 genetics professionals listed in the directory. Approximately 30-60 new professionals are added to the directory each year. The applicants are nurses, physicians, genetic counselors, and other professionals who provide services related to cancer genetics. The information collected on the application form includes name, professional qualifications, practice locations, and the area of specialization. The information is updated annually using a Web-based update mailer that mirrors the application form.

The NCI Cancer Genetics Services Directory is a unique resource for cancer patients and their families who are looking for information about their family risk of cancer and genetic counseling. Collecting applicant information and verifying it annually by using the NCI Cancer Genetics Services Directory Web-based Application Form and Update Mailer is important for providing this information to the public and for keeping it current.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 180.

ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Type of respondent	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total annual burden hours
Web-based Application Form	Genetics Professional	60	1	30/60	30
Web-based Update Mailer	Genetics Professional	600	1	15/60	150

Dated: July 29, 2014.

Karla Bailey,
NCI Project Clearance Liaison, National Institutes of Health.
